Choice Flour at the Chicago Store.

See the Card of G. M. Henderson in another column.

Pocket Cutlery—a superior article—just received by McLaughlin & Swan.

If you want the choicest Dry Goods or Groceries go to the Chicago Store.

McLaughlin & Swan have just received a fine lot of Smith & Wesson's and Colt's Revolvers.

Pickforks, Spades, Rakes, Shovels, and an immense stock of other desirable articles just received by McLaughlin & Swan.

Several loads of good stone coal have been brought into this city from the west during the past week.

District Court is in Session in this City this week. The "notables" are so numerous that personal mention is impossible.

The Brownville Band gave our City a splendid concert last Saturday. The music was good, although the present members have been practicing for a few weeks.

J. W. Bliss, Authorized Auctioneer, attends to selling Stock or Merchandise, and makes Administrator's Sales, in the City of country. Terms reasonable. If

A large lot of Fine Hosiery, Ladies' Baskets, Calicoes, and other Ladies' Dress Goods and Choice Groceries just received and for sale low at Hackney's.

Wilcox's is selling off his McCormick Reapers and Two-Wheeled Mowers like "hot cakes." He defies and challenges trial with any other machine.

Dried and Canned Fruit, Carpenter's Tools, Tubs, Hoes, Tobacco, Fine Linen, Dry and Fancy Goods, Shoes and Muslins, cheap at the Star Store.

John C. Dwyer has the Agency of Sugar Cane Mills from St. Louis and Mansfield, Ohio, Manufacturers, and is able to supply the market on reasonable terms. Satisfaction guaranteed. Call and examine for yourself.

Theo. Hill is Agent for the John H. Manny Self-Raising combined Reaper and Mower; also, the Manny Light Weight Iron Mower. He has a lot on hand, and challenges trial or competition with any other machine.

The American Museum, which exhibited in this city last week, contains truly a wonderful collection. It was richly worth any one's money to see Prof. Penzinger, the man without feeling, and the Iowa Giantess, weighing 683 pounds—without feeling.

Are we going to have a 4th of July Celebration in this City? The day has been celebrated in commemoration of the establishment of our Independence, but now it should be double celebrated in commemoration of the brave struggle just ended in favor of Liberty, and which has proven that our Independence can be sustained against all odds.

Why was the Ferry Boat at this place sent to Mr. Cogswell for \$20 a month while an equally responsible man was offering \$30? This is a question in which every taxpayer in the city is interested. That Ferry cleared \$100 a month the last two months that Mr. Muir ran it—Who pays the Revenue and Local taxes? We ask that the above questions be answered, and hope that what now seems like favoritism may be cleared up all right.

A good Nursery has long been needed in this County to save our people from foreign importation. This, we are pleased to say, we will have this fall. E. H. Barches, well known in this community, has bought the Haywood Farm, and will move his Nursery stock into it this fall. Those who may desire anything in his line will do well to leave their orders, as he will be here before time for fall planting, and his Nursery will be a permanent institution in this county.

A feeling of over-fullness after eating, troubled with a sinking sensation at the pit of the stomach between meals; depressed spirits; difficulty in calculating, arranging ideas; indigestion in the stomach and bowels; rising in the morning unrefreshed; after performing a small amount of labor feeling languid, faint and dizzy; swimming of the head and sudden dimness of sight after having been reading or writing; these are some of the results of indigestion.

To overcome all the above do not use powerful cathartics that will prostrate you, nor a fiery stimulant that will give you relief for the moment, but are followed by a collapse; nor a violent astringent

that first irritates, and, in the end, partially paralyzes the digestive organs; but use the mild, cordial, "Red Jacket Bitters," which will gently assist instead of attacking the functions of nature.

"Dan's Store," of Weolance, Wis., says of McCormick's Combined Self-Raking Reaper and Mower: "It is truly a labor and money saving machine, and richly deserves the patronage of the farmers. My two horses worked it with ease, while my wife did the driving the principal part of the harvest."

The Hubbard Two-Wheeled Mower with McCormick's Improvements is also a splendid machine, doing its work with neatness and dispatch. Eli H. Wilcox, Brownville, is Agent for both of these Machines.

John H. Manny's  
SELF-RISING  
REAPER AND MOWER

WITH GREAT IMPROVEMENTS.

The First, most Complete and most Successful  
Combination of Reaper  
and Mower in the  
World.

Over 60,000  
Have been made and  
successfully used. Hundreds  
upon hundreds of Premiums have been  
awarded it in competition with  
other Machines, re-  
ceiving in  
Europe  
during 1883,  
the Grand Medal of  
the World's International Ex-  
hibition in London, being the highest  
award for anything in the Exhibition.

The Improvements are Extraordinary.

See them in Sample Machines  
with different Agents  
throughout the  
State.

It is the Light-  
est Running Machine  
in the World that will do its  
Work. Don't fail to see a sample of the  
great Improvements before you  
buy or order any other  
Machines. A  
penny saved is  
saved is better than two earned.

THE MANNY LIGHT WEIGHT, IRON  
MOWER.

I shall build a few  
hundred Yroutg  
Iron Manny  
Mowers,  
and claim for  
them, that they are  
the highest, strongest  
most compact, least leable  
to get out of order, and cheapest  
good working Mower ever built.

The arrangement of the Driver's seat,  
drive wheel and cutter bar, is such  
as to balance the wheel mostly  
upon the drive wheel, thus  
giving giving great  
power and light  
draft. This  
Machine is  
new, and  
placed in the  
Farmer's hands ex-  
clusively upon its own merit.

I will warrant it to do better  
work than any Mower ever made  
with proportionate cost, and to do as gen-  
eral good work in mowing as any-  
thing ever drawn by horses.
