BROWNVILLE THURSDAY, OCT. 19 186

The Election of last week, resulted in a glorious victory for the Union Party of Nemaha County.

In some of the Precincts the canvass on Election day was of the most exciting character. In this City every thing that could be done by the opposition, and every possible scheme known to party politics was freely resorted to.

They worked from Monday morning up to the time of closing the Polls on Tuesday evening, worked their whole effective force, and without a moments cessation. Early on Tuesday morning they rallyed to the contest in solid phalanks. Every man knew his place, and at his post he stood during the day and worked with a will. Some of them boasted that Brownville precinct would give to their strongest Candidate, a majority of two hundred votes, they were full of hope, and already flushed with the anticipations of a coming triumph!

But on the morning of the election they were met by men as capable, and determined as they, men who had the cause of the great Union party at heart, and who never for a moment thought of flinching from the contest-They found themselves brought in conflict with such men as Henry Atkinson, C. G. Dorsey, John L. Carson and a multitude of others. Strong, good, and true to the last. We do not desire to make distinctions between Union men, but all must admire the energy and force with which Atkinson toiled for the cause. The prompt, judicious, and effective work of Dorsey, and the strong practical common sense displayed by Capt. Carson in electioneering, and the force and vigor with which he delt them blow after blow. Nemaha done splendid, and all honor and praise is due to the gallant Union boys, who fought and won so spicudid a victory, the Union par- In Union alone isthere strength and secuty of Nemaha County, will not soon forget the services rendered by the Union men of Nemaha precinct.

Every fault and failing of the Candidates upon the Union ticket, and the unpopularity attaching in certain localities to a portion of those Candidates, was freely and widely made use of in order to distract, disorganize, and defeat the Union party, in addition a number of Union men united themselves with the Democratic party under the general name of opposition, and freely learwhatever aid and influence they could to the defeat of the ticket, put in nomina-

Their ticket which a few of the leaders had carefully and cunningly selected, was crowded with Union soldiers, and its popularity thus greatly enhanced by its character and composition, in addition a considerable portion of our ticket had been incorporated into theirs, while a number of their other Candidates were Union men of strength and ability.

Yet notwithstanding their wisely laid place, their deep-woven and intricate chemes, and the important advantage they gained in the commencement of the convass; notwithstanding the division they caused in the Union party, and its, momentary disorganization thereby; yet have they signally and entirely failed; though the battle by them was fought under more favorable circumstances, than days in the Land Office at this place, they can ever again hope or expect, yet 7,520 acres were entered in the two days. they have been defeated in every pre- Of which 5,600 with warrants and 1,920 cinct in the County, except one.
