Blank Deeds, Mortgages, Easements, Receipts, Assignments, etc., for sale at this Office.

MR. J. S. WILLIAMS, who is the authorized Agent in St. Louis for this paper, will attend to making collections and purchases in that City. Office at Chestnut Street, N. E. cor. 4th.

BROWNVILLE, THURSDAY, MARCH 8, 1886.

Election Notice.

There will be held in the City of Brownville, Nebraska, on the 22d day of April, A. D. 1886, an Election for the following City Officers: One Mayor; five Aldermen; one Clerk; one Treasurer; one Assessor; one Civil Engineer; one Marshall, and one Street Commissioner.

W. W. HACKNEY, Clerk.

J. W. BLISS AUCTIONEER, Sales made in town or country on the best of terms.

Corn Wanted, by WILCOX & WORTHING.

Marsh & Co., have just received a choice lot of Corn, and Tobacco, call in and take a smoke.

24 2t

In memory of the late Major General James B. McPherson, who fell in battle, near Atlanta, Ga., July 22, 1864, the military post known as Cantonwood, situated on Platte river, Nebraska, between Fort Kearney and Julesburg, has been designated as Fort McPherson.

Pena Seminary and College.

The Corner Stone of this Institution will be laid, with appropriate services, by Rev. B. F. CHASE, D.D., editor of the Central Christian Advocate, on Friday, March 30th, at 11 o'clock, A. M. The public is invited to attend.

H. BURCH, Agent.

Let it be remembered that the opponents to State here, through their champion, declare themselves opposed to Railroads! and declare them a curse to the country!! How d'ye like it, Morton?

We have noticed, during the past week, many strangers in our City, evidently looking for locations. All, with whom we have conversed, seem well pleased with both our city and the surrounding country, and are desirous of settling and making Nebraska their Home. We believe the immigration to Nebraska this year will exceed that of any past year.

New Goods.

Atkinson & Co., have just received and have now open their new stock of goods, which we see they are selling at low prices.

Garden Hoes, of a superior quality and perfect Cutlery, ditto, at Swan & Bro's.

Have you seen those superior Garden and Field Seeds at the Good Samaritan's? If not you'd better call and examine before purchasing elsewhere.

Enough snow fell in this vicinity last night to cover the ground, but this morning's sun will lick it up before noon.

We have received a copy of a German paper, entitled Nebraska Volksblatt, published at Omaha by Conrad Schaffert. It is well supported by every German in Nebraska.

We are pleased to learn and to congratulate our two men, now Territorial Auditor, Hon. John G. Hill, upon his success in drawing a brick bat, and in looking in a lottery recently got up there.

T. J. Bryant, Principal of Bryant's Business College at St. Joe, having entered into an arrangement by which it becomes a link in the great national chain of colleges, after the 1st of April, offers a discount of 25 per cent. on all scholarships issued previous to that date, and 50 per cent. to ladies and ministers' sons.

Alexander Campbell, founder of the Christian Church, died at his residence in Melville, Va., on the 4th, in the 75th year of his age.

Quite a large number of the citizens of Peru and vicinity met in that city, last Friday evening, and were addressed on the question of "State Organization" by Hon. T. W. Tipton, Hon. Wm. A. Pollock, and others. The meeting was ably and enthusiastically set forth by the speakers, and the cause is all right in that section.

Just received and for sale at J. C. Deuser's Tin Shop, Cook Stoves and Iron and Wood Pumps.

Mr. L. H. Paddock, special Agent for the Farmer's and Merchants' Insurance Company, of Quincy, Ill., is in this city, at the Brownville, where he can be found for a week, by all those desiring to insure their property in a sound and reliable company. From the recommendations we have seen of this Company, in our exchanges, we can safely recommend it to the patronage of this community.

Let it be remembered that the opposition to State here, through their champion, declare themselves opposed to Railroads! and declare them a curse to the country!! How d'ye like it, Morton?

We learn, from the St. Joseph Herald of the 8th, that Judge Dundy, was robbed of his trunk in that city on the 7th. The trunk was taken from his wagon while he was in Fish's Livery Stable, the thief taking it into an alley, broke it open and carried off its contents.

Great excitement is reported in Canada, and great preparations are being made to resist a Fenian invasion.

The Fenian excitement in this country is constantly on the increase. Several meetings have been held in the larger cities within the past week at which subscriptions to the cause reach one half million dollars. No news of an outbreak in Ireland.

We notice that Chris. Deuser has nearly finished the new addition to his Tin Shop on Main street.

Judge Whitney has already his lumber on the ground, seasoning, and will soon build a dwelling.

Work has been resumed on McPherson in store rooms on Main street, and they will soon be finished.

Brick are being hauled to the site of the Brownville High School, and we are assured that the work will be pushed ahead to the extent of the means on hand. No citizen of this District, be he rich or poor, should withhold assistance from this noble work.

Married, At the Parsonage, Feb. 20th, 1886, by Rev. D. Hart, JOHN W. ANBRIGHT and RHODA CLOVER, all of this county.

On the 9th by the same, at the residence of Mr. Hinton, BYRON GRANT and CATHERINE PLANTERS, all of this county.

On the 8th of March, 1886, by the Rev. Williams, Mr. HELLAS JONES, of St. Detroit, Nebraska county, and Miss MARY BOON JOY, of Richardson county.

"May hope such the star for the fair young bride, And picture life's scene as of golden tide, May hope dry up the tear and cheer her heart As the tears from parents and home to depart, May it picture the future as a sweet distant clime, And glad the long hours of the bright coming time."

Liberty and St. Joseph papers please copy.

The splendid steamer Denver, of the Hannibal & St. Joseph R. R. Packet Line, reached our levee last Monday morning, being the first boat this season. The Colorado, of the same line, passed this city Tuesday evening. These boats and all of the H. & St. Jo. R. R. Packets have been repaired and refitted during the winter, and are the most commodious, safest and best equipped boats on the river. Running, as they do, in connection with the H. & St. Jo. and N. M. R.R., this is the speediest route to reach all points east.

The H. & St. Jo. R.R., is undergoing thorough repair, \$1,000,000 having been placed by the Company at the disposal of its Directors for that purpose, which will make it the best road in the west.

Through tickets, to any point east can be had of Theo. Hill, Agent, in this city.

The St. Joseph Herald of the 7th, says: "We noticed yesterday that a family of our City, at whose door a little wail had been left, had adopted the same and intended to raise and educate it. Yesterday, upon examination, one of our worthy physicians pronounced the little one an octonot and it has been turned over to the county authorities."

"And the colored troops fought nobly."

JANUARY 17th 1886

Messrs. Morgan & Hewett: Dear Sirs: Yours of the 30th D. C. duly received and contents noted.

I am pleased to hear that you have commenced work on your plows and I hope you will be able to supply the spring demand.

In reference to the price of the Plows in Illinois it is the same as I stated at the outset, they run as follows: For the Gang Plows alone, \$75.00 at the Shop; for Trench Plows, \$75.00 at the Shop; for the Subsoil Plow \$75.00 at the Shop.

For Gang and Trench combined, \$105 for Gang, Trench and Subsoil, combined \$118.00. These are the prices at all places where our Plows are made. The purchasers paying the freight.

Now for the Trench Plows, I said they were fully used for breaking the prairie which is true to the letter, and it has been a complete success in Nebraska, during the past season. Mr. Yager, living near Nebraska City broke prairie last spring with one of our Trench Plows, took Brown's corn planter and planted it which was all he done, and gathered this fall 75 bushels of corn to the acre.

I could give you hundreds of such instances of good breaking in Illinois, if it was necessary, but you can get plenty of evidence on the subject nearer home.

Let me give you a few references in your own Territory:

Mr. Yager, Nebraska City,
Mr. S. Higgins, "
Mr. C. Hickok, "

Mr. Harvey J. Jfers,
Mr. Thomas McPherson Sonora, Mo.
Mr. Louis B. Elper, Rockport, Mo.

All of whom will testify to the utility of the Trench Plows as a great improvement over all other plow for breaking prairie.

The great beauty in using them is the certainty of a good Crop, the first season and that without any work but the breaking and planting. I am not surprised at the farmers opposing the Trench Plow useless, but if you will let them see the use they are in raw land next spring, you will get orders faster than you can make them in 1887.

I am most Respectfully Yours,
R. V. BLACK.

ONE OF THE LARGEST STOCKS OF

CLOTHING HOUSE!

AT THE

AMERICAN TRADING CO.

ONE OF THE LARGEST STOCKS OF

Clothing, overcoats of all descriptions, Fine Dress Suits, Hats, Caps, Boots, Shoes, Gents Furnishing Goods, Consisting of Drawers, Shirts, Hosiery, &c., &c.

AMERICAN TRADING CO.,
Brownville, N. E. Feb. 12th, 1886. 21 3d St.

THE GANG, TRENCH, AND SUBSOIL PLOWS.

Have been Designed Especially to Meet the Wants of Farmers.

Do not man and four horses can do more Work, and do it better, with this plow, than two men with two disconnected plows.

The following are some of the advantages these Plows have over others:

1st. They are so arranged that they can be raised out of the ground when striking a sod or hard place, insuring thorough work.

2nd. They are the lightest draft of any Plow, either single or double, according to the report of the Committee of Trial of Implements, at Decatur, Ill., September, 1885.

3rd. They are more easily managed; any stout boy ten years old can manage them.

4th. They are more compact and simple, therefore not liable to get out of order.

These Plows have taken Five First Premiums at the Illinois State Fair, and Four at Iowa State Fair.

The Trench Plows are used for breaking prairie and sod, and a Sub Plow in front, cutting the sod in a thin slice, and turning it down into a deep furrow, and the rear plow raising the sub-soil to the surface, covers the soil completely, so that it is out of the way of frost action.

They will promptly fill all orders for the above named plows at this place.

We are also prepared to do Custom Work in Wood and Iron, at anything pertaining to the

WHEELWRIGHTS, OR Blacksmith's Business.

Repairing Wagons, Machinery, Shoeing, &c.

Prompt attention given to Customers in this line at the Shops fronting

COG WELLS LIVERY STABLE, 2-15 ON THE LEVEE.

BROWNVILLE Plow Factory

MORGAN & HEWETT.

Respectfully announce to the public that they are manufacturing the

LEAPER & KIDDER RIDING PLOW

OR

CORN CULTIVATOR.

BLACKS GANG

AND

TRENCH PLOWS.

We have the exclusive right to the manufacture and sale of these plows in this Territory and adjoining counties of Missouri, and intend to supply all customers so far as possible.

It is conceded by all who have tested the Leaper & Kidder Cultivator, that it is superior to all others in the following respects:

1st. The plowman can ride easier and plow with less labor.

2nd. Any person who can drive a team can manage it.

3rd. Crooked rows of corn are plowed as easily and thoroughly as straight ones, the plowman sitting so as to observe the corn, and see it the work is well done.

4th. It is guided by a perfectly natural and easy foot motion, and does not tramp or tire the plowman.

5th. The plow, while in motion, is moved with perfect ease.

6th. The shares may be adjusted to any depth, and any desired space between them is easily obtained.

7th. It has adjustable shields to prevent young corn from being covered.

8th. It is admirably adapted to plowing in small grain.

Every cultivator is well made, of good material, and warranted to do good work.

We refer to the following named persons, who last year bought and used the cultivator manufactured by Morgan & Hewett, in Atchison county, Missouri, to wit:

A. J. Richardson, Nebraska county, Nebraska.
