I concluded to place myself under the charge of Dr Bort, who cured my eyes in six weeks. MR. ABRAHAM GOODMAN, ALTON, ILLS Adgust 11th 1965. DR. BORT-Dear Sir: I have taken your remedie-

I have been suffering from a Catarrhal & flectin of the I ungs for two years, so much so I was bed fast for Third toree muchths. Hid constant cough, and expectors ting a thick, yell wish matter I had previous to applying to Dr. Bort, endeavored to 'obtain' relief from ing Swan & Bro's. Goods and prices every known source, and all to no avail until I took t reatment from Dr. Bort who cured me in six weeks treatment. C. P. COLLAW. No 161 Pourteenth street, St'Louis.

I cheerfully make the following statement of fact ncerning my own autonishing cure, which to me was life to the dead; About three years ago I took a severe cold walch seemed to locate on my chest and longs, and since that time my condition has been truly alarming, especial y for eighteen months. My phylcians, myself and triends had abandoned at hopes of my recovery. > 0 languago can describe my bufferings, which should me both day and dight. No effort on my part to obtain a core had been omitted, for I employed from the commencement of my sickness, the most eminent medical men of the rank y told me that I had Inberculous Consumpti and could not be cared. Previou to the autouped' ment of my physicious, I had seen Br Bort's card in the Press, and had been advised by my friends to em ploy him; But I was very much discours ed in rega d fo my affiction. A short time provious to ap-plying to him I obseved several testimonials from persons who I knew had been in delicate health, and some of Which excited my mind to call on him for ad vice, which I did. About two months since I told the Doctor I had no money to throw away, and did not wish to be treated nulses he was confident of success. He trankly told me that he did not wish to treat me unless becured me, and said he would delive that fact in a few tho ment, and proceeded to examine me and in less than fitteen minutes he said he would cure me. Now, I can truly say with pleasure, for the benefit of those suffering from the same dimentices, that I have only been under Dr Bort's treatment'some two months, and am a new man. I had anticipated that I should receive about the same foutine of drugging as I had received from other physicians; but on the court rry he gave me no nauseous inedecines or mineral polisons. The whole treatment from the beatining was very pleasant and agreeable. I have heard a great many reasons speak of the treatment who have been cured; and of one second speak of the agreeable made of treatment. There a ems no confusion or gives work about Dr. Bort's treatment or diagonesis of discuss. He proceeds upon fixed and well established principals, and according to laws well understood by himself and ther in gro evidence of their infallibility from the fact that he is most generally useful, and can, with perfect sately cure those thronic diseases of years standing, which
