our City Election

Comes off next Monday, and it behooves every voter to be in earnest in discharge their duties, willing to do so and honestly determined to further the Office. hest interests of the City. It is not worth while here to call attention to the management of our City affairs; all know that our elections have been so conducted as to leave no individual responsibility resting on any officer-"po one to molest or make them alraid" of censure or political contempt for either negligence or recklessness. To do away with this the Radical party of the City have naminated a City ticket, and by so doing have "thrown down the gauntlet" to the unterrified, willing to accept the issue, whatever it may be, and bear the full responsibility of its acts.

Elsewhere in to-day's paper will be found the proceedings of the nominating Convention, and we will briefly refer to its candidates and how they were chosen.

All the candidates are staunch Republicans, men of principle, firmness and fitness financially and of the best standing in society. They were chosen with an especial view to combining fitness with an imperial representation of all sections of our City. Thus; J. H. Morrison, for Water street; Dr. Stewart, for the West end, and Dr. McPherson, for the East end of Main street; C. W. Wheeler for Atlantic street; and T. C. Hacker, for the North of 1st street. No better selection can be made; they are all "new hands at the bellows" save J H. Morrison, who has, for the past two years, been the "saving salt" of the old

Jarvis C. Church is the candidate on the above named ticket for Mayor. Few but know him well for the time he has a reputation as an able lawyer, thorough at the lower end of Sonora Island. gentleman, an honest, capable and fearless advocate of "the rights of man."-

The belance of the ticket is "all right" and will work well with the above.

We are "master's of the situation" both in the strength of the ticket and in numbers; and all that is necessary to bring the Radicals up in "solid column" is to remember the gibes and sneers of the Conservatives at Republicans who were tweedled into ignoring politics. thereby electing a Conservative outfit. And as to their cry 'let's not mix politics in our city affairs," it only proves their weakness, for they are drawing party lines wherever they are sure of their game, as, for instance in Rulo, Richardson county, Belfevue, Sarpy county, over which victories the Conservative Rooster croweth lustily, showing great joy over small things.
