and in which none of the Tuning Pins go through Power, and more perfect quality though the entire seale, and the capacity of Standing Longer in tune and retaining its superior quantity of tone, than any other instrument.

To show the importance which importance whi General Agents for L. D. & H. W. Smith's AMERICAN ORGANS.

The American Organs not only have the wind chest or sound box, but have the large Organ bellows, giving power and great stead dees of tops.

From the Omaka Republican.

Legislative Legerds main. The tact and the ingenuity of the American people are proverbial. And not only has this peculiar faculty been developed in all the various branches and A prominent illustration of the power and efficiency of these wonderful gifts has been recently furnished us by nur special grants and franchises, and creation of monopolies, which have neither bodies to be kicked or soules to he damine exercise of this power. The Const of Nebraska under the influence of ample of other States, in terms requires

general law. This was a wise provision, intended to protect the people from the exacting mands of remorseless bodies, and ning up to fair competition, every the that required "corporate bodies" to the cute. No one clause so much secreted the commendation of our citizens, and would have vouchafed to the people seequate protection. But there were othracions janual, were on the alert, and as feat, unless this constitutional barries was overcome, set right diligently to work, and under their magic influence behold how constitutional prohibitions can be surmounted. Section 75 of the general

law of incorporation reads as follows: Such incorporation shall be authorized and empowered to locate, construct, firm ish maintain, operate and enjoy a Rail road with single or double track, with the places of the termni of the said road. commencing at or within, and extending to or into any town, city or village named as the places of the termni of said road, and construct branches from the main [ line to other towns or places within the limits of the territory.

No monopolies created, no lands donated, and no exclusive rights or privileges granted under this section; but presto change. This section was amended, being approved by our vigilant Governor on the 7th of this month and now

reads as follows: "Sec. 75." Such corporation shall be authorized and empowered, and shall have the sole and exclusive right as hereafter provided, to lay out, locate, construct, furnish, maintain, operate and enjoy a railroad, with single or double offices and depots as shall be necessary bloogs to the whole people. between the places of the terminus of the said road, commencing at or within unle Our legislators voting the people's was purchased prior to the late advance and extending to or into any town, city property into their own pockets, and our in gold, which enables us to offer and or village named as the place of termining over nor, whom we have delighted to rir enducements to those desircus of pu. of said rand, and for a distance of five ionor, is expected to approve, their conchasing.
