County Agricultural Society, a meeting was held at the County Clerk's office in Brownville, on Tuesday last, at which See the article from the Republican and were present the President and Treasurthe proceedings of a meeting of the citier of the Society and three members of zens of Washington county, on our first the Board of Managers. There being so slim attendance it was thought advisable to take no definite action in regard to a coming Fair, and therefore the meet. ing adjourned to meet at the same place at 1 o'clock, on Saturday July 6th. It is to be hoped that there will be full attendance of all interested in this enterprise. Local feeling must be banished to secure success. Our interest in the matter is neither local or personal; we have nothing to exhibit, and care not whether the Fair be held in Liverpool or Amsterdam so that the products of Nemaha County are brought into competition and the emulation of our farmers secured for file stock and good crops. It is not a town site exhibition, therefore the dust of your pet town should be shaken from your feet ere entering upon an enterprise like this for the general good. We know that this community feels as we have spoken. Hold the Fair where it is most advantageous to the interests of the Society, let that be where it may. But by all body attend the meeting next Saturday
