CHEAP READING—Bliss & Co. are constantly making additions of New Books to their Circulating Library.

Attention, Farmers!—The highest market price paid for Wheat, Corn, Oats, Barley, Wool and Bacon, by WORTHING & WILCOX.

It has been suggested by some of our citizens that Main street might be improved by clearing off the rubbish, etc. The suggestion is sound but small, for we cannot remember any year when it was cleaner at the present season, yet it is open to slight improvement now.

At Cost is the rule at Bedford & Co's. They are determined to close out their large stock of Dry Goods, Groceries, Hardware, Queensware, Boots and Shoes, etc, on short notice, and will do so to the advantage of all who favor them with their custom.

Episcopal Visitation.—The Rt. Rev. Robert H. Clarkson, D. D., Episcopal Bishop of Nebraska, will administer the Apostolic Rite of Confirmation in McPherson's Hall, on Sunday eve., Aug 4th. The Rev. Dr. Littlejohn and the Rev. Dr. Twing, of N. Y. City, will also be present.

R. Teare & CO., In the Old Brownville House, have as fine an assortment of New Goods as can be found, comprising Ladies' Dress Goods of every variety and style, with a full stock of Trimmings, Ribbons, &c., to match. A full and complete stock of Ladies', Misses', Children's and Gent's Boots and Shoes. In Groceries, Queensware, Hardware, etc., their stock is full and of the best. They will be undersold by no house in the west, and cordially invite an inspection by the public of their goods and prices, confident of their ability to please in both respects.

As a few of our citizens are finding fault about the grading being done, and "as they say" "the money will be spent without fixing Main street at the west end to amount to anything," we have ascertained that contracts now let cover but about one-half the bonds, that nearly half of this is applied to Main street, and that the contract on Atlantic street will open that from the river to 6th. The grade on Main street will be continuous and easy from the river to the west end. Next week we shall publish a statement from our City Engineer showing the number of contracts, amounts and where let.

We have just learned that R. J Whitney proposes erecting three new cottage residences just so soon as the lumber can be got on the ground.

J. W. Bliss is building a residence just north of the old Christian Church on 4th street.

Dr. Mathews has the lumber on the ground for a residence on 4th sreet west of the High School.

A new residence is just being finshed on Atlantic between 4th and 5th street. In fact new buildings are going up all around; and many of the old ones are being repaired and beautified. Thus do we thrive.

The High School Festival, given on the evening of the 4th, was the most pleasant affair of the kind ever held in this city. There was absolutely nothing to mar the pleasures and festivities of the occasion. Everything was managed with a completeness and fitness that did great credit to the Lady managers, and earned them the gratitude and esteem of all present.

The tables fairly groaned beneath the choice of the land and all that the taste and ability of the ladies could devise, making it a festive board fit for the gods; and, graced, as it was at one time, by the angelic beauties of this section, one might easily have imagined it so.

The number present was upwards of one thousand, all determined to please and enjoy themselves, and all did so.

The sum netted, we learn is between $300 and $400, and will procure a suitable Bell for the High School Building.

We are glad to learn that George P. Beldon, of this city, received yesterday an appointment as second lieutenant in the 2d Regiment of Cavalry of the Regular Army. We congratulate George on his appointment. He has served in the army, and had the reputation of being an unusually intelligent and active officer. George goes to Washington about the 15th instant for examination and then will join his regiment at Fort Laramie.—*Omaha Republican.*

Professors Hayden and Meek, who are now conducting the Geological Survey in this State, arrived in this vicinity last Friday evening. From a short conversation with Prof. Hayden, we get the impression that he deems this the most interesting county he had examined. We believe this is the fact. The two southern tier of counties are the richest in minerals and coal of any portion of Nebraska. In several portions of this county coal may be seen cropping out of the banks of the river, especially is this the case near the mouth of the Little Nemaha, near Aspinwall, back of which a short distance a shaft has been sunk the miners agreeing to find a 22 inch vein of coal or no pay. They have worked a mine in Page county, Iowa, where the strata of rocks, etc., are exactly similar.

The Professors are thorough men, and will do the utmost that the limited time and the small appropriation will admit of.

We learn that they predicted that coal could be found here but at a considerable depth.

They will be back again this Summer or Fall when we hope to give something more definite from their researches. In the mean time let all read Prof. Hayden's letter, in to-day's paper, and govern themselves accordingly.

Extraordinary.

We are informed that recently, a young white Bear was discoverd in Brownville, Nebraska, in the very midst of the town. Upon farther search, the old he one was discovered, taking refuge over a livery stable, close to the telegraph office. The young cub is safely secured, and the captors are going to endevor to raise it. It is proposed to call it Jake. This is undoubtedly one of the resuls of the Russian American annexation.—*White Cloud Chief.*

Tragedy at Nebraska City.

Last evening about nine o'clock an altercation occured between John Mc Farland and John O'Bryan at Buess's Grocery Store which resulted in Mc'Farland's stabbing and killing O'Bryan. There are various reports in circulation, in relation to the matter, but as all will come up for Judicial investigation in its proper time we think it better not to publish them. The altercation seems, however to have originated in a personal dispute in which the deceased called McFarland a thief liar, etc.—*Press*, 2d.

Ague Chills, or Intermitent Fever Cured, or the money refunded. Dr Witt's Ague Pills are entirely a new medicine, and having been tried in over 1200 of the very worst and obstinate cases of Chills and Fever, and not failed even in in one case to effect a speedy cure, the proprietor guarantees them to cure every case, even after all other medicines fail. Those suffering should immediately give them a trial. They are warranted to cure. For sale by Druggists, or sent by mail on receipt of price, $1. Address DR. WITT, Box 611, Cincinnati, Ohio. [26 1y]

The People's Verdict.—No one suffer with the Piles. W.W.Bebee, farmer, near Kalamazoo, Mich., says "after suffering intensely with the Piles for thirty years, one bottle of Dr. Strickland's Pile Remedy cured me. C. L Glass, Janesville, Wis., says one bottle cured him and his brother. A. H.Rose, Postmaster, Peru, Ohio, says it cured him in a few days. 39-tf

The popular notion that people suffering from dyspepsia or predisposed to that disease, should not eat buscuit, has grown out of the fact that the common Saleratus has been used in making such buscuit. And it was right; the article is mischievous. But light and healthy biscuit, such as dyspeptic people may eat with impunity and with positive benefit, are made from D. B. De Land & Co.'s Best Chemical Saleratus. Physicirns admit this.

The scourge of the race, the most aggravating of all disaeses known, and the hardest to cure yields immediately to the influence of Cox's DYSPEPTIC CURE. It is certainly the most wonderful remedy ever discovered for indigestion, and any disorder of the Stomach or Bowels.

☞ A Young Lady returning to her country home, after a sojourn of a few months in the City, was hardly recognised by her friends. In place of a coarse, flushed face, she had a soft ruby complexion of almost marble smoothness and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. C. AULTMAN & Co's "SWEEPSTAKES."

THE ONLY GENUINE "SWEEPSTAKES" THRESHING MACHINE.

C. AULTMAN, Manufacturer, Canton, Ohio. | HENRY H. TAYLOR, Gen'l Western Ag't, Chicago, Ill.

TWO STYLES OF HORSE POWERS.

The Improved "Carey" Power, (Both eight and ten horse.)

THE "COMPENSATING" POWER, (Both eight and ten horse.)

A laudable ambition exists among threshers to "own the best machine in the neighborhood." Nothing is more disagreeable to them than to have farmers complain that their work is not properly done, or to lose valuable time by reason of breakages, and they cannot be too careful in selecting a machine.

The Sweepstakes is the accredited head of the Threshing Machine family, and its superior strength, durability, simplicity, ease of draft, style of finish, and capacity for threshing and cleaning grain faster and better than any other in the world, are acknowledged.

The great reputation achieved by this favorite machine has led several unscrupulous manufacturers, and numerous agents, to attach the name "SWEEPSTAKES," in one way and another, to their machines and advertisements to mislead and deceive.

This is the essence of meanness—downright piracy, and selling under false colors. To avoid the counterfeit, see that every machine has the card, "C. AULTMAN & CO., MANUFACTURERS, Canton, Ohio," in gilt letters, conspicuously on both sides of the Separator.

The Genuine Sweepstakes enables the thresher to pick his customers, seldom stops for repairs, lasts much longer than others, saves much grumbling and vexation, does the same amount of work with less labor, and enables him to secure the best and most profitable jobs.

The farmers give it a preference, and often an extra price per bushel, because it threshes clean from the heads, separates perfectly from the straw, cleans fit for market without waste, saves all the grain, does its work with the utmost speed, safety and economy, and does not keep a gang of men and teams about them on expenses.

The elegant "Patent Pivot Side Gear" is to be found only on the SWEEPSTAKES.

Our "Patent Cleaning Apparatus" enables the operator to control the direction of the blast, and position of the sieves, and clean either heavy or light grain, without waste, as fast as it can be threshed,—the chaff and dirt being separated from the grain *before it strikes the sieves at all.*

Separators, Horse Powers, Straw Stackers, Gears or Jacks, sold separately, when desired. A written warranty delivered with every machine. The "SWEEPSTAKES" is usually a very scarce article after harvest, and parties should order early.

Call or send and get a pamphlet circular, giving a full description and particulars, together with numerous certificates, and the names and residence of over three thousand persons who have bought and used the SWEEPSTAKES in Illinois, Iowa, Minnesota, Wisconsin, and Kansas, alone.
