CHEAP READING.—Bliss & Co. are constantly making additions of New Books to their Circulating Library.

Work on the Court House building is progressing favorably. The building has been extended twenty feet in length.—this will give ample room for the present.

Convalescent.—We notice that Jas. Berry, who had his arm broken some time since is able to be around; and so is Alexander, whose leg was broken by a fall through the bridge on 2nd street and pulling a horse on top of him.

Dr. Harley.—Attention is called to the Card of Dr. M. P. Harley, in to-days paper. He comes among us a thorough graduate of what he professes, and we doubt not, will give satisfaction in his style of practice. We commend him to the afflicted.

M'Pherson's New Block is going ahead rapidly. The first story is nearly up; Gates & Co. bricklayers are doing a splendid job of work on it, and are determined to put the work through this season. This will be one of the finest buildings in Nebraska.

Nota Bene.—We have heard of but one "grade growler" who professes to know what he is talking about; and he would damage himself to the extent of hundreds of dollars could he do what he wants to, besides putting the city to the expense of another culvert across Main street.

Soldier's Bounty.—Just as we go to press we were shown a letter from Hon. John Taffe, M. C. to Lieut. Wm. A. Polock. He makes the following remark of warning to our "boys in blue": "There are ninety thousand cases now pending; and about ten thousand per month are disposed of. At this rate, our boys in blue should not put out "short paper" with the expectation of meeting it from this source."

Episcopal Visitation.—The Rt. Rev. Robert H. Clarkson, D. D., Episcopal Bishop of Nebraska, will administer the Apostolic Rite of Confirmation in McPherson's Hall, on Sunday eve., Aug. 4th. The Rev. Dr. Littlejohn and the Rev. Dr. Twing, of N. Y. City, will also be present.

Indians.—Last Saturday our city was refreshed by the entrance of quite a lot of Indians of the Winnebago tribe, under the leadership of Young Prophet, a chief, and their interpreter Marshall St. Cyr. They strolled round town through the day, in the evening favored our citizens with "heep" Indian concert and dancing. Their performances were first rate for Indians, and the energy and sweat evaporated immense. They were generally cleanly looking, yet shirring must have been scant with them, for they forcibly illustrate the complot: "Lo! the poor Indian whose untutored mind, Clothes him before and leaves him bare behind."

The Ladies Friend.—For August is on hand, full of choice reading and as fine a lot of Fashion Plates and Engravings as ever graced a Magazine. Its fashions are as late and correct as can be found; its reading matter from the best authors, and in its appearance, manner and matter it is second to no Ladies Magazine in the land. Price \$2.50 per annum or 1 copy of the "Friend" and 1 copy of the Advertiser each one year \$3.50. For the "Friend" address Deacon & Peterson, 319 Walnut street, Phila., Pa.

Larceny.—A couple of young men giving their names as Wm. Higgins and John Smith were arrested on last Monday for a larceny committed at Peru and lodged in our jail.

The articles stolen were two coats, one pair of pants, vest, hat, etc., from Prof. M'Kenzie, and a pair of pants a hat, and a pair of boots from, Ray, H. Burch. The theft was committed from the Seminary at Peru, last Sunday, while the inmates were at Sabbath School.

These facts were elicited at a preliminary examination held before Justice Hughes of this city, and the prisoners bound over to our next term of court, and in default of bail are now in the Lock-up.

Prof. Baker.—Is non est, non comatus, in swampo, i. e., he skeddaddled as one void of a good conscience, not daring to ship himself from this point. He disappeared last week, leaving behind him a reputation and a record more luminous for chicanery than could have been made by an ordinary man in double the time of his stay here. He came here recommended as an upright moral man, he went away the most despicable specimen of that kind we ever saw. He came sober, or, at least, so it was presumed; he got tight financially and otherwise soon after his arrival and left several of our merchants in the first named situation for small sums. He brought with him two excellent Lady Teachers, made a bargain with them to assist him, and collected all the salary and left them "victims of misplaced confidence" and minus their pay. He collected tuition fees from his outside scholars, then acted so that their parents withdrew them from his school. That he is a rascal he has demonstrated to the satisfaction of this community, and we hope no other will ever be sold by him.

Accident.—A sad accident occurred last Saturday on Atlantic street to one of the grading party working on the east side of the hill. One of the workmen was caught beneath a bank of dirt while caving it off, and completely buried. He was dug out in haste, with considerable life still in him, badly bruised yet no bones were broken.

Improvements.—Col. Furnas is making considerable improvement to his residence on the corner of 4th and Main, by building extensive additions to and otherwise beautifying the same.—He has one of the finest pieces of property in the city.

We would invite attention of the public to Messrs. Rea & Bovingdon's Grand Distribution of Real and Personal Property, to take place at Urbana, Cham. paign Co. Ills, on Sept. 21, 1887. The favorable notice, incorporated in the advertisement taken from the UNION AND GAZETTE, a paper published at Urbana, shows how the Distribution is viewed at home, and all those desiring further particulars will please address Rea & Bovingdon, for an illustrated circular.

Peru Local.—Peru Neb., July 15th 1887. Mr. Editor:—I will give you a few items, for publication in your paper, which may be of interest to the county and also to mankind in general. Mess. Cole & Horn, dealers in Dry Goods and Groceries, corner of 5th and Main street have just received a large stock of goods, they are also building a new brick store 30 by 60 three stories high which they will occupy by the first of August.

Mess. Rainey & Lewis' branch store under the management of "Bob," is sure to succeed. By the way "Bob" don't get as many 4 1-2 shoes as he did. R. B. Smith & Bro. and Jno. B. Payne Blacksmiths are doing a good business in their line.

W. D. Swan, Grocer is prepared to sell goods in his line cheap for cash. Mess. Neal and Hart Druggists beg leave to inform the public that their stock of Pills is full and sell rapidly; warranted to do good execution.

Chas. Gadsby, esq., has opened a new Livery, keeps fast horses and fancy carriages constantly on hand at a moments notice, is also building a large addition to his Stable.

John Patterson esq., dealer in Groceries and Notions of all kinds informs the public that he sells 10 per cent cheaper than the cheapest.

S. S. Tomlinson, has just opened an Ice Cream saloon and Restaurant where the young folks can enjoy an hour very pleasantly. Under the charge of Mrs. Tomlinson things looks inviting.

W. F. Wright Notary Public informs the public, that he is prepared to do anything in his line, Surveying done promptly and correctly at short notice.

D. W. Tingley M. D. will attend to all calls promptly.

Thomas M. Green Esq., is building a brick engine room to his mill and is putting in new machinery, it will be running by the 1st of September.

The steamer that sunk three miles above here last Sunday is a total loss the Maue and one other man reported drowned has not been found.

The new road building to connect with Nebraska City road will be completed the coming week when the coach will run through here prepared to convey Passengers to all points above and below.

Residences.—J. W. Bliss has finished his new residence on 4th street, and Dr. Mathews residence is nearly finished. Jas. Dye has been building on 6th street, and we learn of three or four residences projected up that way.

The Snow Flake.—The Poets and writers of romance often refer to the snow flake as an emblem of purity. When we see the snow falling gently to the ground, we think of D. B. DeLand & Co's, Best Chemical Saleratus, which we think is quite as pure and produces almost nearly as light.—It is full weight and you therefore get more Saleratus for the same money.

It is stated that the North Missouri Railroad Company have sold enough of their Bonds to complete their road to Atlanta, beyond Marion City; and the West Branch Road to Brunswick.—St. Joe Herald.

Ague Chills, or Intermittent Fever Cured, or the money refunded. Dr. Witt's Ague Pills are entirely a new medicine, and having been tried in over 1200 of the very worst and obstinate cases of Chills and Fever, and not failed even in one case to effect a speedy cure, the proprietor guarantees them to cure every case, even after all other medicines fail. Those suffering should immediately give them a trial. They are warranted to cure. For sale by Drug-gists, or sent by mail on receipt of price, \$1. Address Dr. Witt, Box 611, Cincinnati, Ohio. [26 1y]

The People's Verdict.—No one suffers with the Pills. W. W. Bebee, farmer, near Kalamazoo, Mich., says "after suffering intensely with the Pills for thirty years, one bottle of Dr. Sprickland's Pile Remedy cured me. C. L. Glass, Janesville, Wis., says one bottle cured him and his brother. A. H. Rose, Postmaster, Peru, Ohio, says it cured him in a few days. 39-1f
