Diarrhoea Dysentery and Cholera Morbus are serious diseases, but treated by Humphrey's Homoeopathic Specifics, they yield like magic. A case of these specifics in the hand of any intelligent person, is sufficient to cure even the most formidable of these summer scourges, and to vindicate the high character and curative power of those efficient remedies. Address Humphrey's Homoeopathic Medicine Co., 567 Broadway, N. Y.

Since our return we have noticed that many of our citizens labor under a great misapprehension in regard to the reason for the suspension of labor on our streets; many of them think that the contractors had thrown up their contracts. This is a mistake. Only four have suspended work, and these only because the weather is too hot to work hands to advantage. As the matter stands the contractors cannot afford to lose the amount they would forfeit by throwing up, and thus far about one-third the contract price has been retained to assure the completion of the work. The work on Main Street is being pushed ahead as rapidly as possible, and we have little doubt that this street will be finished to the western limits before cold weather sets in.

Demorest's Monthly.—The September number of this favorite parlor periodical is fully equal to any of those which have preceded it. The illustrations are varied, and brilliant as ever, and there is a tone of freshness and originality about the entire contents which contrast remarkably with other parlor publications. We do not wonder the ladies prize it; to them it is full of useful and interesting reading and information; besides containing many valuable specialties, in the way of patterns, etc., which can be got from no other source. Three dollars per annum, with a premium. Address, W. JENNINGS DEMOREST, 473 Broadway, New York.

Yankee Robinson's Menageries and Circuses.—Everywhere throughout the land the press are universal in pronouncing this the best exhibition of the kind that has ever visited us. So look out for it, and let every man, woman, and child attend. Read their advertisement in another column.

This grand combination of nine different circuses and menageries, which has astonished the citizens of the East, West, North, and South, by its extensive trains, superb chariots, beautiful horses, unequalled collection of wild animals, curious specimens of art and nature, and by the unparalleled magnificence of its equipment and paraphernalia, will be in Brownville Thursday, September 5th.

The arrival of a circus is always hailed with joy by the citizens of our city, but the entire of this great moral menagerie and circus will be signalled with such a display of pomp and pageantry, that it will be sure to create unusual excitement. The procession of the chariots, wagons, ponies, bears, goats, dogs, &c., headed by the forty-horse band car will, in itself, be a sight worth a visit of many miles to see. So don't forget to make your arrangements so that you will be able to witness the imposing display.

We have been assured by the gentlemanly and popular agent, Mr. Dingess, that these facts are strictly true. Yankee, himself, also, assured us that his "skeleton" will do to bet on, and from all that we hear he speaks truly. Wherever the "Great Moral Exhibition" has been, the people are loud in its praise, and we cordially recommend Robinson and his "feller" showmen to a weak, yet deserving public.

The Lady's Friend, for September, 1887.—The "Lady's Friend," an expressive picture, is the title of the Steel Engraving in the September number of this popular magazine. A beautiful Steel Fashion Plate, with numerous other Engravings of the Fashions, follow, and the usual piece of popular music, worth of itself the price of the number. Among the literary matter we have an article on "Skeleton Leaves, or the Phantom Bouquet," a fine story by

Louise Chandler Moulton, "How a Woman Had Her Way," "Orville College," "Dora Castel," "How to Make Wax Flowers," &c. We would suggest to our lady readers who desire to get a WHOLESALE & RETAIL'S Sewing Machine, that the "Lady's Friend" offers one of these machines as a Premium, for Clubs of Thirty names, and that it is not a moment too soon to commence making up their list for next year. A beautiful Steel Engraving will also be sent gratis to every single (\$2.50) subscriber, and to every person sending the usual plate. Specimen numbers of the magazine will be sent for twenty cents.

Price (with engraving) \$2.50 a year; Four copies (with one engraving) \$6.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving), \$4.00. Address Deacon & Peterson, 319 Walnut Street, Philadelphia.

Dr. STRICKLAND: Having used your Anti-Cholera Mixture during the cholera epidemic last summer, and induced others to do the same, in case that had all the cholera symptoms, in every case it promptly checked the disease. INDIAN FIGHT NEAR FORT PHIL KEARNEY.

The Omaha Republican has received information of another Indian fight near Fort Phil. Kearney, through Contractor Porter.

On August 2d, an extra train of 30 wagons, accompanied by about 50 citizens and an escort of 50 soldiers, under command of Maj. Powell and Lieut. James, had gone about five miles from the Fort for the purpose of gathering fuel, and were engaged in this way when a very large band of Indians came up and attacked them. Lieut. James and five men of his command were killed and two others wounded. The Indians proceeded in stealing the mules of the train when a coral was made of the wagon boxes and oxen, and the party took their position inside, where they fought the savages for three hours, killing many and wounding more. The killed and wounded among the Indians were immediately carried from the field. The fight was continued with unabated vigor until the arrival of Maj. Smith with two companies of soldiers and a howitzer, who came from the Fort to the rescue. Upon the arrival of Maj. Smith the Indians instantly retreated, leaving five bodies on the field and taking a north-easterly direction. Maj. Powell reports that the total loss of the Indians is killed was about sixty, and the wounded will probably greatly exceed this number.—Press.
