Improvements.—Last week we promised to get a list of the residence improvements begun in our city since our absence of two weeks.

In North Brownville we notice a cottage going up, and on enquiring learn that M. Barroda is the proprietor.

One block south of this S. Seeman is laying the foundation for a neat substantial dwelling on the corner of 2nd and Missouri. Seeman is a single man.

T. C. Hacker commenced by remodeling his residence on Nebraska street, and has succeeded in building a fine new story and a half residence.

Charles McPherson, another single man of comedy built and ample means, is building a neat residence on Nebraska between 2nd and 3rd. It is a delightful situation, too nice for him alone.

A. W Morgan is building a residence on 3rd between Nebraska and Nemaha streets. It is a fine location and the cottage becomes it well.

A new residence is making its appearance on 2nd between Nemaha and Nebraska streets. We are told that T. W. Bedford is proprietor. Though seemingly confirmed in his single blessedness, there is still hope in his case.

John Henderson has erected a cottage away up on the hill beyond Stafford's residence. The site is a romantic one, and John is doubtless open to the conviction that it is not good to live alone. We have a notion to congratulate him, anyhow.

George Berkley's residence on the hill in middle Brownville, we noticed last week.

A residence is going up apparently on Atlantic street near 9th. We have not learned who is its proprietor.

Nate Sedoras, we learn, is building a residence on Atlantic, between 7th and 8th.

R. J. Whitney's two story residence, 40 by 60, on Main between 5th and 6th, is approaching completion, and will be an ornament to that part of town.

Jas. Dye is about erecting a cottage on the hill west of R. V. Hughes, in middle Brownville.

O. B. Hewett's, residence, on 4th street in middle Brownville is approaching completion, and makes a fine appearance.

George Dorsey is building a fine two story cottage residence on Atlantic between 6th and 7th. It makes a fine appearance and an ornament to the city.

Jasper O'Del has just completed a residence on the mill tract, just south of Tim McLaughlin's residence. It is beautifully situated and commands the country for miles around.

George Nealy is building on Water street, on a part of the mill tract.

Samuel Somers is "breaking ground" for a residence on Richards street, between 1st and 2nd.

Mr. Marion has the frame work of a cottage residence erected on Water street near levee.

Joseph O'Pelt has a cottage residence nearly completed on the corner of 2nd and Nemaha streets.

These are all residences begun within this month, and are built because of the great demand for houses. Besides these "ground is broke" for several more at present.

The grandest improvement of 'em all is McPherson's Block, on which the brick work is done to the top of the second story. This will be about as fine a building as Nebraska can boast of. The front of this block—including the county building—will cover the front of half block, the building being 80 feet deep, three stories high. The plan is tasteful, yet substantial, and will show to a fine advantage.

Levee street, between Main and Water is a stench in the nostrils of the public. Is the city having it filled with manure?

Good Tempelars.—We are pleased to see that an effort is being made to organize a Lodge of Good Templars in this city. God speed the work.

Hardware.—Shellenbargar Bro's have coming a complete outfit of Hardware of all kinds on the way from New York, St. Louis and Pittsburg. They buy only from manufacturers.

By special request we re publish the Premium List of the Nemaha Co. Ag. Fair on our first page. Read it and prepare something for exhibition.

W H McCreery has just received an assortment of pure, unadulterated Drugs and Medicines. What he sells you is all right; sure!

For Liquor's at Wholesale or any other manner, go to WORTHING'S, Opposite the New Post Office.

Grain Wanted.—I will pay the highest market price for Wheat, Corn, and Oats. S. SEEMAN.

A W Morgan, is rapidly pushing the Baptist Church building; he has already the bulk of the material on the ground, and informs us that he will be forced, in a few days, to call on the subscribers for funds to go ahead with. All should respond promptly.

We have received asking for an exchange the *Record of the Times*, published at Wilks-Barre, Pa. It is a welcome visator to our sanctum, and thoroughly Republican. Of course we'll exchange.

A fine shower visited this section last Sunday, and we believe was duly appreciated after the long dry spell just passed. The clerk of the weather has our thanks for the same.

Sam'l Merrill has been nominated for Governor, and Col. Scott, for Lieut. Governor, by the Republican Convention of Iowa.

Worthing & Wilcox are paying the highest price in cash for Wheat, Corn and Oats.

Dr. M. P. Harley.—Homœopathic Physician and Surgeon, Office at the residence of S. P. Tuttle, Esq., South East coaner of 6th, and Main Streets. 44 tf.

All persons indebted to the firm of Atkinson & Co., either by note or account, will please call and pay the same at once.

All notes or accounts unpaid by the 15th of September will positively be left with an Attorney for collection. ATKINSON & Co.

Grade growlers are numerous, "as critics all are ready made." Would it not be well to "dry up" about matters you cannot better. Give Councilmen a little peace, their salaries are not sufficient to pay them for being made "general jackasses" of for everyone to bore at. The contracts are let and the work will go on.

News and Book Depot No. 1.—A. D. Marsh, the old and reliable News and Book Dealer of this city is still prepared to fill all orders for Books at the Post Office. Newspapers from all parts of the habitable Globe. Sanders and McGuffy's School Books on hand, and all others soon as they can be brought here.

Teare & Co., are still on hand with as choice a stock of Goods as can be found west of the Missouri, and are constantly receiving more to keep their stock full. Their goods and prices are such that they are drawing to this point a greater trade than it has ever had before.

McFall & Co., dealers in Furniture, Upholstry, etc., are meeting with that success which their energy and accommodation deserve. They have had to renew their large stock five times within the past four months. They keep all kinds of goods, plain and fancy, with full sets at reasonable rates.

Tensorial.—We are pleased to call attention to the Card of T. W. Smith, Barber and Hairdresser, in to-day's paper. He is a thorough workman in every department of his business, and is eminently worthy of the patronage of the public. Give him a call.

Farmers look to your interest.—Lumber at City Mills for $2,00 per hundred feet, Shingles $2,50 per thousand, Flour at 4,50 per hundred. Highest market price paid for Wheat and Corn in Cash. McPHERSON, LEACH BRO. & CO.

Register in Bankruptcy.—We are pleased to learn that Hon. S. M. Rich, of this city, has been appointed Register in Bankruptcy for the District comprising all of Nebraska South of the Platte river. Mr. Rich is eminently qualified for the position and the appointment is a good one.

Soldier's Meeting!—There will be a meeting of Soldiers at the office of R. V. Hughes, Esq., on Friday evening the 30th inst., to take into consideration the propriety of organizing a post of the G. A. R.

The above notice was handed to us by Lieut. Wm. A. Polock, a friend of the soldier, than whom no one knows better the true position a soldier should occupy in civil life. We are pleased to see him take the lead in this worthy enterprise.

Osage Orange Plants.—As the authorized Agent of W. H. Mann, of Normal, Ill., I will take orders for Fall or Spring delivery of these Plants in Nebraska. W H M'CREERY.

B. B. B. C.

A meeting of the B. B. B. Club will be held on Friday evening next at 8 o'clock at the office of Wm. H. Hoover. A full attendance is desired as business of importance will be brought before the meeting.

C. G. DORSEY, President.

Tinware.—We have been at some pains to examine the large and complete stock of Tinware kept for sale at Shellebargar Bro's shop in this, and must say it is as complete and as good ware as we ever saw. They buy only the best Tin in the market, and have a No. 1 mechanic, just from Philadelphia, to make it up. Their stock comprehends everything, and they are prepared to do all kinds of Spouting, Guttering and custom work, on short notice and reasonable terms.

Ornamental Shells.—J. V. D. Patch has a beautiful collection of most rare and beautiful Sea Shells, on exhibition and for sale at the Cincinnatti Branch Clothing Store in this city. This collection compises the most beautiful and rarest specimens from the coasts of China, India and the Mediterarnean and Black Seas. Mr. Patch is determined to close out his stock by Friday evening, and is really selling them below eastern prices. A chance like this was never offered here before, and we know our people will avail themselves of it in time.

Throw it to the Dogs.—If every housewife will throw her cheap, worthless kinds of Saleratus and Soda to the dogs, and use only the *Best Chemical Saleratus*, there will not be so much yellow, heavy bread and buiscuit to be seen, and consequently not so many dyspeptic, ailing persons. Get a paper and if it does not suit, your money will be refunded.

John C. Deuser has in store the largest, most complete and latest improved stock of Cook Stoves, ever brought to this market. For sale cheaper than the cheapest, for cash only. Also a late improved horse power Corn Mill, to crush the corn, cob and all. The Victory Sorghum Cain Mill, Cook's Evaporator. All sises of Sheet Iron for sugar boilers, large Cast Iron Kettles from ten to forty gallons. Post Augers, Fence Wire, &c. All Cheap for Cash.

New Church Edifices.—The Baptist denomination are already at work at their new church on the corner of Atlantic and 4th. The lumber is on the ground, the old brick are being cleaned up, and everything shows a determination to complete the building yet this fall.

The Episcopal denomination of this city have determined to build a new church, and according to their usual plan, will not do things by halves, but intend building a church second to but few in the State. Their site is on the corner of second and Atlantic. We will speak more of this building hereafter.

Culverts.—The late rain has damaged considerably the culvert on second between Main and Water. We do not believe that anything less solid than stone will answer on the branch which this spans.

The boxing for a new wooden culvert is now in position on 3rd between Main and Water, and the work of placing the dirt on it will soon be commenced if the weather remains cool, ensuring another good street connection with middle Brownville.

The late rain washed out considerable dirt from around the culvert on Atlantic between 3rd and 4th. This can alone be remedied by filling in the pavement, finishing the grading and conducting the water on the north side of Atlantic to 5th.

Ætna.—This has become a word signifying "safety from ruin by fire," and has been made so by the promptness, reliability and integrity of the *Ætna Insurance Company, of Hartford, Conn.*, a Statement of the financial condition of which will be found in our advertising columns to day. Though we generally favor the building up of western institutions yet in this case, where absolute safety against ruin by fire is the main object, we must recommend the Ætna as unequalled in the West and unsurpassed in the East. Our citizens will but consult their true interest by patronizing it, as its rates are really nothing compared to the assurance received. Charles G. Dorsey, Agent.

DIED.—August 21st 1867, ARTHUR EUGENE COURTNEY, infant Son of H. W. and M. T. Pedicord aged, ten months and eight days.

TO GENIE.

Oh river Jordon---dark, cold river,
Will never again, look dark to me,
A shining path of little footsteps---
From shore to shore, toward Gethsemane,
Footsteps of my darling Genie--
Across the river all the way;
Brighter than Golconda's diamonds,
In refulgent beauty, are they.

Oh! my darling,--could I call you,
Back one moment; back again to me;
Could I press thee to my bosom.
Wildly throbing---Oh: what bliss would be,
To feel thy lovely presence near me,
Cover it o'er with warm caressing,
Oh! what joy,---what life 'twould give me,
Oh my Genie! Oh, my blessing!

But alas! that cold dark river,
Between us, its turbid waters lay,
I cannot now, cross over to you,
Nor you, come back again this way;
But thy shining little footsteps,
They, will always darling be to me,
As a beacon light, to guide me,
How to find my way dear one to thee.

Darling Genie! blessed Seraph;
Bright Angel 'mid that Hear only Choir.
Wait, the Anthems thou art singing,
And come back to me once more,
With thy golden wings out spreading,
In thy raiment pure and snowy white,
Let me see thee, in the spirit,
Little darling Genie, every night

Brownville, Aug 22, 1867.

That's So.—"People long ago must have had an inconvenient time of it.—Just think, no railroads, no steamers, no gas, no friction matches, no telegraph, no express, no sewing machines, no Charter Oak Stoves. How on earth did they get along? Over one hundred thousand of the celebrated Charter Oak Stoves are now in daily use throughout the West and South; and no economical housewife, with the least reflection, will think of using any other.

A STIMULATING TONIC—LIFE BITTERS.—Good health is a blessing. The way to enjoy such is to take a wine glass full of STRICKLAND'S LIFE BITTER two or three times a day. They create a good appetite: they strengthen the stomach; they cure habitual Consumption, Nervousness, and Headache; they make the old feel young. If you wish long life and good health, use STRICKLAND'S LIFE BITTERS. For sale in bottles by Druggists, and by the drink at all saloons and groceries. tf

DR. STRICKLAND: Having used your Anti-Cholera Mixture during the cholera epidemic last summer, and induced others to do the same, in case that had all the cholera symptoms, in every case it promptly checked the disease. I believe it's the best remedy known for cholera and diarrhoea of every form, and advise those afflicted to try it.—W. BARBER, of the firm of Barber, Choate & Naber, Cincinnati.

A Good Thing.—We have just learned of a new plan adopted by H. C. Lett, of this city, to induce immigration into this Land District, by which persons desiring to settle here may become possessed of choice lands and clear titles at Government price. To many of our eastern readers this may seem impossible, considering the rapacity of western Land Agents generally, yet Mr. Lett is not of that class. He tells us he can furnish lands at the above price, and from numerous correspondence and transfers already made by him, we can vouch for the truth of the statement and the fact that many have already enjoyed the benefits of the system. Mr. Lett has taken great pains to make himself thoroughly acquainted with the lands in this District and those he offers have been carefully selected and are choice lands. We can vouch for his honesty and business integrity in any transaction he may have.

"Beyond the Mississippi;" A Complete History of the New States and Territories, from the Great River to the Great Ocean, by Albert D. Richardson. This is a most entertaining and valuable book, and its popularity is attested by the sale of over 20,000 copies in a single month. The Author's long and varied experience in the little known and interesting regions of the Far West, furnishes the valuable material for its contents.

Mr. Richardson is widley known as one of our most brilliant journalists and writers No other Author has traveled over so much of our vast western domains, and we know of no one who can so well describe what he has seen. He is always interesting, generally amusing and better still, inveriably *truthful*.

The volume before us is accompanied by an accurate and minute map of the entire region beyond the Mississippi, and is elegantly printed and profusely illustrated with over two hundred engravings from original photographs and sketches from the pencils of Bierstadt, Nast. Hennessy, Darley, Fenn, Stephens, Forbes and other eminent artists, which are *really beautiful* and worthy of examination as specimens of art.

It is a credit to American authorship, and not only the most valuable work from Mr. Richardson's pen, but by far the best and most complete history of the great West ever issued. Those who wish for authentic information of the resources, condition and prospects of the Western and greater half of the continent, within a few years to be sown thick with civilized States, rich in all the elements of greatness, should consult this most valuable work. The writer has a charming style, a fund of humor, and his expediences are of thrilling interest.—We predict for this book an unprecedented sale. "All Young America" expect to go West and seek their fortunes when the Pacific Railroad is built, if not before and will read with avidity "Beyond the Mississippi."

This work, we understand, is sold only by subscription, and is just such a one as persons seeking to act as agents should add to their list. It is published by the National Publishing Co., Davenport, Iowa.

Yankee Robinson's Circuses and Grand Caravan.—Great preparations are being made by our citizens to give Yankee the biggest reception he has had for a long time. The eventful day is September 5th, 1867, and then our citizens will have an opportunity of seeing the unrivalled forty-horse wagon, bears, goats, animals, baby elephants, mammoth muskrats, talking coons, "livin wild snaix, and speakin' wax figgers." As a show per se it is said to be "way-a-head" of anything and everything that has ever exhibited on the tented field. We have seen the redoubtable Yankee himself, and although he is much like other men in his choice of "vitals" and the way he wears his boots, yet in the gowing lineaments of his classical mug, we detected traces of that inimitable twistification of feature that made his name a household word in the West.

Act. U.S. Commissioner C.H. Brown has been several days engaged in the examination of the case of the U. S., vs. The Brownville Distillery and the owners thereof. After a thorough investigation of the fraud alleged to have been committed the parties were discharged; there being no proof sufficient to sustain the charges in information. The individual who made the information as the testimony showed was actuated by a spirit of malice and a desire for revenge upon the men who are clearly innocent.

The prosecution was conducted by United States District Attorney Strickland, who evinced a determination to thoroughly investigate the case, and protect the interests of the Government.

James Haxby, Esq., appeared for the defense, and exhibited marked ability as a lawyer, and his management of this case will add materially to his reputation as a first class Attorney. His argument in behalf of the defense was clear and forcible, and was an able vindication of the innocence of the defendant, both in law and fact.

The testimony for the defense was overwhelming in its vindication of the parties charged, and we understand that several witnesses in their behalf, were not examined, as it was not considered necessary.

This case has created no little interest owing to the well known reputation and integrity of the parties accused and we consider it an outrage that such men should be subject to the expense and vexation of a tedious trial in order to gratify personal malice rather than farther the interest of the government.

His honor Charles Brown, before whom the case was tried, evinced decided ability as a jurist in deciding the various points raised by both the prosecution and defence which were involved in the charges instituted. His decision in discharging the parties was certainly justified by both the law and the testimony in the case.—*Omaha Republican*, 20.
