The Convention.

Last Saturday was a busy day among politicians. The Nemaha County Convention met. "Log rolling" and "swaping" seemed the order of exercises. It being nothing but a county election, local antipathies superceded good judgement. Some of the nominations will command themselves to the people, ye there is, we are sorry to say, much dissatisfaction, and well grounded. We do not propose to allow our personal prejudice to interfere with right and justice, nor do we believe in covering up the wrong done by a party. Besides the men nominated being periously objection. able, with but a few exceptions, a system of "ballot-box stuffing" was practiced which is a disgrace to the Convention, and receives, as it deserves, the condemnation of the true men of the party. The Convention was originally composed of 67 delegates ; two German delegates -Hessre, Otens and Harmes-withdrew in the early stage of the game, disgusted with the proceedings, leaving no proxy / After this two ballotings contained S7 votos ! and one of the tellers believe another contained 6S votes! In the last formal ballot-after several others had withdrawn-and upon which the County Commissiner was declared the nominace of the Convention, seventytwo-ballets were cast 1 1 1

We are satisfied that another ticket will be placed in the field. It is the only alternative left the people. They will never sit quistly and submit to such an outrage upon their rights. We are sorry yet it will be a just and righteous rebuke to the chicanery and fraud practiced in this Convention.

We believe in the principals of the Republican party so firmly that we will never tarnish its reputation by sustaining such iniquities as were practiced last Saturday. The following is the ticket Government made up of opinions cast
