 The American Organs, are the only real and best

 Which has the same important part to perform as  
 the sounding board has in the Piano-Forte, (to  
 give body and resonance to tone) and without which  
 the Organ becomes merely a Melodion in an Organ  
 case.  
 The American Organs not only have the wind  
 chest or sound box, but have the large Organ bot-  
 tle, giving power and great steadiness of tone.—  
 These with their 25 reed five voices of the reed  
 and perfecting of the tone, make them the  
**Most Perfect Organ Known.**  
 The improvements, with superiority of tone and  
 workmanship, place the American Organs in the  
 front rank as the best, and they command a higher  
 price than any other real instrument in the market.  
 These Organs received the First Premium at the  
 great St. Louis Fair in October.
