Theo. Hill & Co's new store room in McPherson's Row is fast approaching completion, and in appearance would credit to Chicago. Gates & Bousfield have just finished a fine job of plastering in it as we ever saw anywhere. Hill has a stock of Goods to put in it that will do credit to the room and much benefit to his customers.

Livery Stable and Stock for Sale.—One of the partners having engaged in other business, one half the Stock, and the Building now owned and occupied by Ben Rogers & Co., Brownville, is for sale. Everything is in good order and a business location, for condition of which the Books may be seen. Enquire of either of the parties, Ben Rogers or R. W. Furnas.

Rev. Golladay heard from.—We learn that Rev. B. C. Golladay has written to persons here from Keokuk, Iowa. It is here believed that he is insane; if so there is "method in his madness," especially in the change of programme of visiting the "bottom of the Missouri river," his last intention on leaving here. It created so little "sensation" he probably concluded it would not pay. He's mad!

Huge Sweet Potatoe.—We are indebted to Wm. Russell, of this city, for the largest Sweet Potatoe we have seen this season. It weighed 43.4 pounds, measured 23 inches around the long way, and 15 around the middle. It will be sent to the Agricultural Department in the collection now being made up for that purpose.

Returned.—Prof. McKenzie, in charge of the High School in this city during the term just closed, has returned to Peru and takes charge of the State Normal School, the first term of which commenced last Monday. As teachers Mr. and Mrs. McKenzie in their short stay made friends of all, and gave evidence of their complete ability to take charge of and successfully conduct the State Normal School. We wish them success in their new position.

Great Arrival of Heating Stoves.—The latest improved and most economical stoves ever offered for sale. I will here state that I have been selling stoves for 18 years, but have never offered as large and complete stock as I now have on hand, and I will sell them at a small profit as they all have to be sold this winter. JOHN C. DEUSER.

Change in the M. U. Ex. Agency.—T. W. Bedford has resigned the Agency of the Merchants' Union Express Company in this city, and Theo. Hill is again the authorized Agent for that company. Mr. Bedford made many friends by his prompt management of the business of the company, and many will regret his resignation, yet in the new hands it will be attended to in such a manner as to give satisfaction to all who may favor it with their patronage.

Our New Marshall on Duty.—Marion Byrd, our new City Marshall, gave evidence, last Monday, that "ye have a child among ye taken notes" legal tenders too! Having on that day arrested a man for drunkenness and disorderly conduct, jugged him, and, with the consent of the Mayor, relieved him of a \$10 "promise" of Uncle Samuel for the city's benefit.

The New Episcopal Church.—Mr. Mouteth, the contractor for laying the foundation for this edifice, is rapidly pushing forward his portion of the work, and Gates & Bousfield will commence laying the brick next week.

From the design, so far developed, we have no hesitancy in saying that this church, when finished, will be one of the chief ornaments of the city. Occupying one of the most beautiful sites to be found, beautiful in architecture, that denomination, we hope, will find it as "a thing of beauty—a joy forever." In this connection, too much credit cannot be awarded to Rev. G. R. Davis, pastor, for the patient energy and zeal evinced in the pursuit of this object; especially if we consider that one short year has sufficed to buy a lot and parsonage and building, free of debt, the new church building. See notes elsewhere of the laying of the corner stone next Tuesday.

Brownville.—We learn from R. Y. Muir, just returned from a trip East, that on calling in at the office of the Pennsylvania Central Railroad to learn what that road was doing for a Pacific connection, Brownville was pointed out to him on the map as a point on the route. This is good as corroborative of the fact that this great corporation is backing the M & M Air Line road already surveyed to opposite this city. Be of good cheer, the dawn of our prosperity is at hand.

Dorsey & Bro.—This firm have just received their stock of Fall and Winter Clothing, and have them opened for display and sale at their store, formerly occupied by Atkinson & Co. Their stock is truly magnificent, consisting of a full assortment of everything in their line. Their Clothing comprises all grades and styles now worn in the most fashionable cities in the Union, well made and no shoddy. Of Gentlemen's Furnishing Goods their supply is very extensive and of the best. Altogether, one does himself injustice if he clothes the outer-man without first giving them a chance to supply his wants. They are selling at low "Peace Prices" for cash; in fact, so low that "good store clothes" are within the reach of the humblest. See their advertisement in another column.

Gigantic.—Col. Furnas planted in his garden this season one seed of the Castor Bean, (Ricinus Giganteus,) which grew to the height of 15 feet 3 inches, was 17 inches in circumference in the stalk and had 22 laterals in length from 1 to 9 feet. This soil will do to bet on. We were in his garden last Saturday and saw him gather some Brazilian Pop Corn. Some eight years ago he procured the seed of this corn from Mississippi, its great peculiarity being the small size of the ear and grain, an average ear being about two inches long and as thick as your little finger. The ears from this seed this season will average six inches in length and as large around in proportion. Don't this soil push things?

Ferry Boat Sold.—We are really pleased to learn that the Steam Ferry-boat running between this and Scott city, changed hands during the past week, by Mr. Yantis selling out the boat and franchise to Mr. Joseph Ward, recently head Engineer on the packet steamer "St. Joseph." This change ensures a man in charge of the boat who thoroughly understands the business, combined with a determination and accommodation to make this—as the point demands—one of the best crossings on the Missouri river. The benefit of this change cannot well be over-estimated, and we bespeak for the new proprietor all and every assistance that our citizens can render to bring the business up to its proper standard.

The Brownville Distillery and Rectifying Establishment Changed Hands.—The Brownville Distillery and Rectifying Establishment has just been purchased entire by wealthy parties from Miami county, Ohio, who are thoroughly acquainted with the business and have means and energy to make these establishments second to none in the West. This will be good news to the farmers of this county as affording a home demand for the great staple of this section, Corn. This firm will certainly push the business with such vigor as to use up the bulk of surplus corn raised in this section; besides, they will want wood, employ quite a number of hands, fatten a great deal of stock, and in many ways add to the wealth and commerce of the country. Prejudice aside, this is a big thing for Nemaha county and Brownville, and we wish the new proprietors success.

I. O. of G. T. Pursuant to notice a meeting was held in Masonic Hall on Saturday eve. Oct. 12, when the Brownville Lodge of the Independent Order of Good Templars was organized with the following Officers:

Dr. J. H. Jordan, Indianapolis, Ind., says: "I have known Dr. Strickland's Pile Remedy to be thoroughly tested in numerous cases during the past year, and with perfect success in every instance. And so it is with his Remedy for Diarrhoea or Cholera, and his Cough Balsam. They are all genuine and pure."

A Stimulating Tonic—LIFE BITTERS—Good health is a blessing. The way to enjoy such is to take a wine glass full of STRICKLAND'S LIFE BITTER two or three times a day. They create a good appetite, they strengthen the stomach; they cure habitual Consumption, Nervousness, and Headache; they make the old feel young. If you wish long life and good health, use STRICKLAND'S LIFE BITTERS. For sale in bottles by Druggists, and by the drink at all saloons and groceries.

Take up on 11th day of August, 1887, within my memory, two mules South Brownville, in Nemaha County, Nebraska, one white Horse, branded with the letters S. K. on the left hip, ten years old last Spring. DANIEL FERRY.
