Births.—As the putting on of this "mortal coil" is usually regarded as happy an event as doubling it, and eminently more so than shuffling it off, we invite our friends in this city and county to give us, for publication, notice of the advent of "responsibilities," thus: "At — on — to the wife of — a son, or daughter." Assist us to keep up a record of the times.

We just received a short call from Rev J. S. Hoag this morning. This is the third visit he has made to this portion of Nebraska. He comes accompanied with parties from Illinois, who are seeking homes in the West: We print on another page one of his letters to the Rochelle *Register* of Illinois. The letters he has written have served to press him into the agency business much against his natural inclination. He is favorably known throughout the Eastern States and Canada West, and many of his old acquaintances insist that he shall serve them in this capacity, which he has consented to do. His knowledge of Nebraska is valuable, and without doubt his employers save much time and money and obtain better selections of land through his assistance than if they were without him.

Theo. Hill & Co., have opened up in McPherson's Block. Their room has been fitted up expressly for their use and is not excelled in finish or neatness of arrangement in Nebraska. Their stock is in every way equal to the room.

The right hand side of the first floor is devoted to the retail Dry Goods department, where will befound large stacks of Prints, of every shade from every factory, foreign and domestic. Shelves filled with the latest styles and patterns of Ladies' Dress Goods. Hundreds of boxes and drawers filled with Silks, Laces, Trimmings, Notions, etc. Piles of Muslins, Sheetings, Flannels, Cloths, Blankets, etc., of every description and variety.

The left side is set apart for the retail Grocery, Queensware and Hardware trade. Here will be found a full stock of Groceries, Queensware, Hardware, Glassware, Cutlery, etc. Anything desired in the above line can here be found

Up stairs will be found the Boot and Shoe department, in which line they just received fifty boxes of every variety, size and style. Carpets are displayed in this room, which, as soon as finished, will constitute the wholesale Dry Goods department.

The lower room, or cellar, with a front to the south, is their wholesale room for Groceries, Hardware, Woodenware, etc., and is fitted up in tip top style for this department.

Altogether their three departments, containing $150 000 worth of Goods, offer to both wholesale and retail purchasers inducemenss that cannot be excelled anywhere, and coupled with their fair dealing, are bound to increase their already large trade to immense proportions.

D B. De Land & Co., authorize those who sell their goods, to tell purchasers to use one half of a paper of their Best Chemical Saleratus, and then if they are not entirely satisfied with its superiority over Soda or any other brand of Saleratus, to return the balance and get the money for the whole refunded This Saleratus is perfect, therefore they are willing to let it stand or fall upon its own merits.

HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to introduce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
