The Harmonia. The Germans of our city have just organized a Society under this title. Throughout the Union hundreds of German organizations have enjoyment in their own way and custom, and to encourage German immigration. No greater power or incouragement to immigration from the old country has ever been organized than these Societies. This latter will be one of the main objects of the Harmonia, and its influence will soon be felt by an increase of the German population of this county. And as to enjoying themselves, the New Year's Ball demonstrates their ability to get up a lively dance on short notice. Louis Waldter is President. May they harmonize!
