COMPARATIVE BUILDING IMPROVEMENTS -Last year, at this time, workmen had hardly yet none had become tangible realities. Then we Apply at the Furnas Farm near Brownwille, or by gave, as the prospect, seventeen new buildings; this we did upon good authority. Our invulnerable reputation was accalled from many points, and A Treatise on Deafness, Catarrh, Consumption and our prediction for the sonson laughed at. We had seneer; their causes, means of speedy relief and ulti-J. E. CHAFFE, proprietor of the Brownville almost determined to quit photographing the shad. Paris. Sent to any address for 10 cents. was a fact, which we hope will not transpire again, but be obviated by an increase in the number of resident mechanics. Well, last season saw erected in this city near 100 new residences, adding over \$150,000 to the taxable property of the city, and

This season opens up fairer than the last. That lack of confidence, which is felt in t e future of every young city, is fast disappearing before the FOURTH STREET is being rapidly brought march of inspiring events. Backed by a county, with as bright railroad prospects as almost any western city, the "new life" will be manifested the present season in more permanent buildings, in a united effort for our legitimate trade, and in a genral pr sperity, which will not leave a vestage of doubt as to our destiny to become one of the lead-

ing cities in the great Missouri valley. In the limits of reality we state that five new residences are already under way on Nemahastroots ner of 1st and Nemaha, Messre, Ebright and Baroda, on Nemaha, botween 2d and 3d, and Messrs. dozen, among which are two blocks, which, if built as now contemplated, must cost at least \$15,000 Our greatest lack is brick. Never has there been

NEW CARDS .- By reference to our new Cards | enough brick burned in any one season to leave a pearing, while good brick clay is superabundant and, with the new inventions for making brick, must eventually and should now ontirely supercede cottonwood as a building material. Another item which will stimulate building is the fact that but a few weeks will clapse before the St. Joseph and Council Bluffs rathread will be finished to opposite this place, when the cost of all kinds of finishing Carrison & Roberts, with their companionable lumber will be considerably lessened. The quantity of stone already quarried and in this city will far exceed that of any former season at this time.

Manufactured and Sold by J. GARIDE & CO., ATCHISON, KANSAS.

THE trial of this machine at various County and State Fairs, and the judgement of every one who ces and uses it, unite in pronouncing Brin kerhooff's Corn Sheller the best ever invented. With it a man can shell his crop of corn at his lelsure without an assistant, and thereby save in a short time more than the This Corn Sheller has taken the first premium for hree years past at the New York State Fair, when partially perfected. It has since been brought to a degree of perfection, which makes it complete. The following is the report of the Judges on this machine, 8 be great trial of Agricultural Implements held at America, N. Y.' in July, 1866, under the auspices of the New York State Agriculturel Society : Among the machines on exhibition was a Hand Corn Sheller, Separator and Cleanet, exhibited by J. Brinkerhoff, Auburn, N. Y. We have carefully examined and thoroughly tested this machine, and have no heaf tation in pronouncing it the BEST CORN SHELLER the Bladder, Kidneys, Gravel, Dropsy, Organic Weak. WE EVER SAW. It readily adapts itself to ears of any size or shape, shells clean, and with great rapidity isesses of the Urinary Organs, whether existing in and case, and the same operation separates the corn fale or Semale, from whatever cause originating and from the cob, and the chaff from the corn, and delivers the corn ready for market; and it requires but the labor of but one person to operate it. The whole affair J. S. GOULD, Pres N. Y. State Ag. So.

S. ROBISON, Ag. Ed. N. Y. Tribune, S. E. TODD, " Report of Agricultural Fair Committees, and opin on of Agribultural and other Journals, might be cited at great length, but we content ourselves with the ful-Copy of Letter from U. S. Agent for Paris Universal Exposition)
