LOCAL MATTERS.
J. L. Colhapp, Editor.
BROWNVILLE, THURSDAY, JULY 16, 1893.

Our New Dress.
We feel no small degree of pride in presenting to our patrons, this week, "The Nebraska Advertiser" in an entire new dress, in which feeling we hope they will indulge us. As printers, we have always aimed at neatness in the appearance of our paper, knowing that by this not only would our ability be judged, but also the enterprise of the city from which it emanates and the progress and enterprise of this section of the West.

Slow to make haste where it should be observed the way, we have made the increase to eight columns only at the demand of our business, which has never been better; and we stand ready at all times to keep pace with the wants of this community as well in the manner of our paper as the matter it contains.

To our citizens, we would say that there is no way in which you can aid in building up town and county so rapidly as by sending regularly to your eastern friends the ADVERTISER, with its weekly budget of city and county news, showing minutely their property and advantages. Such a weekly messenger cannot go for one year without producing a "western fever" in the neighborhood in which it falls.

To the Republican Party we may safely say that its majority can be greatly increased by making the ADVERTISER a regular visitor to the fireside of every voter in the county. We shall at all times and upon all proper occasions advocate the principles of the Republican party, and claim the favor of the party in making it what the organ of the banner Republican county of Nebraska should be—increased in manner and matter by no paper in Nebraska.

As a general companion in the leisure hours of life we shall ever endeavor to make the ADVERTISER invaluable to every family. **CLIPPING PRICES:** 5 copies \$1.75 each; 10 copies \$3.00 each; 25 copies \$7.50 each. From now till after the election single copy 50 cents; 10 copies \$5.00.

Canvassed Hams at Swan & Bro's.

Fish of all kinds for the harvest trade at Swan & Bro's.
J. J. Cress, Thrashing Machines for sale by F. A. Tiedel & Co.
Capt. Barrett is now on east after a Steam Ferryboat for this city.
A Few Thousand Shingles for sale cheap at the Advertiser office.
John Deere's genuine Moline Plows, 300 for sale by Thad. Hill & Co.
Blain—We had a splendid rain last Saturday night and Sunday morning.
Pekin Draining Plows—20 T. & H. Smith & Co. make, for sale by Thad. Hill & Co.
Backwash Seed, of the finest quality, on hand and for sale cheap at the Red Store.
The Republican Club meeting at McPherson's Hall next Thursday evening. Turn out all!
The Wheat Harvest is nearly through in this county. The yield is large and the grain good.
One Girl Wanted to do Washing and Ironing, highest wages paid. Apply at Star Hotel.
Ordinances—See the new City Ordinances in today's paper. Hogs must be restrained from running at large.
Wm. H. Small, of the Red Store, is bound to keep up with the times. Every boot-hermer fresh goods for the Red Store.
A. D. Marsh, Book and Newsdealer in the Post Office, is constantly in receipt of something new, and keeps everything in his line.
The Aspinwall-Abbott Concert Troupe gave one of the finest Concerts in McPherson's Hall last night, which gave very general satisfaction.
The First Baptist Church, of this City, is now, through the energy of Hon. A. W. Morgan, enclosed, and forms one of the chief ornaments of our city.
Wm. H. Hoover, Conveyancer, will give prompt attention to the making of Deeds, Mortgages, Bonds and all instruments pertaining to real estate.
Go to the Red Store to get your Queensware, Glassware, Willow ware, Rockingham ware and stone ware. Best assortment ever opened in Brownville.
Change—G. W. Garrison has again taken charge of the Pennsylvania House in this city. Michael Flank retiring. From its register we judge the House is doing well.
The Champion Mower No. 3 is unequalled for simplicity, durability and efficiency by any single mower now on hand and for sale.
Improvements—The City Government has had a well-constructed arena Main and one across Water streets. We have government that will do all within its power for the general welfare.
Army Advertisement—See the call for contracts for putting up 300 tons of Hay at Ft. Sanders, D. T. Here is a splendid opportunity for some of our citizens to "put money" in their pockets. Government pays well for its work, and pays promptly.
Very Hot—The weather, for the past few days has been extremely hot, more so than it has been in this locality for many years. One of our citizens, Mike Barreda, was slightly sun-struck last Friday.
Entertaining—We notice that our enterprising townsmen, Mr. Wall, has got a regular Dey running upon our streets. This is not the first day ever run in this city, that honor belongs to Wm. Russell, who, we believe, ran one before the war.
It is Rumored upon our streets that the "Dry Goods and Clothing Regulator," R. May, has rented the commodious store rooms just vacated by James Berry & Co. May has become a permanent fixture to the business of this city which the public would not willingly do without.
A Four Legged Chicken—Phin Jones, of this city, brought to our office during the past week quite a curiosity, a living chicken with four legs. The young rooster is now six weeks old and promises to live to a good long old age. Persons fond of the "curiosities" will doubtless go for this kind of chicken.

SPECIAL CARD.
On and after Monday, July 25th, I will close out my entire stock of Spring and Summer Goods, consisting of Poplins, Lencos, Mousings, Lawns, etc., at absolute cost. In addition to the above, all other goods not enumerated will at all times be sold at 50c, or lower, than other houses in this city. An examination of goods and prices solicited before buying elsewhere.
J. L. COLHAPP, Regulator.

Per Sale Cheap.—Seven fine Brood Mares with foal, good workers; also, five work horses, and three two yearlings Wagons.
A. P. OGDEN, Great Western Station.

F. A. Tiedel & Co., in today's paper, invite the attention of our farmers to his supply of Agricultural Implements. He buys only from manufacturers and receives them by the car load, and sells them as low as they can possibly be bought anywhere. Give him a call!

"Everything Nice"—We call the attention of our readers to the advertisement, in another column of this issue, headed "Everything Nice." This is the title of a new weekly by F. A. Tiedel & Co., New York City. See terms of subscription and premiums offered and send for sample number.

The Red Store will receive this week 50,000 feet of Pine Lumber, 50,000 Pine Lath, 100,000 feet Cottonwood Lumber, 50,000 Cottonwood Shingles, Doors, Sash, Blinds, Nails, Putty and Glass.
W. H. SMALL.

Numbering Business Houses.—By our Business Directory of set pages will show that we have numbered each house. This we have done upon the city permanent plan that could be adopted, that is, commencing from the river and numbering west, allowing two numbers to each lot, vacant or occupied. We hope this will meet the favor of our patrons, and that each building may be numbered.

Episcopal Visitation.—The Rt. Rev. Robert H. Clarkson, D.D., Bishop of Nebraska, will (D.V.) consecrate Christ's Church, Brownville, to the worship of Almighty God, on Sunday, July 23rd, and at the same time administer the Apostolic Rite of Confirmation. A collection will be taken up, to be applied to the building fund of the parish.
Geo. R. DAVIS, Rector.

Our Thanks are due Uncle Samuel Snider for a liberal donation of Honey brought in during the past week. He is one of the whole-some farmers of Nebraska county, and has the printers' best wishes for prosperity in this world and eternal bliss in the next.
Ed. Smith, Messenger of the U. S. Senate, has our thanks for valuable late Washington and New York papers.

J. H. Madison, of Glenwood, Iowa, District Agent of the North Western Life Insurance Company, is in town taking applications for policies in that company.
1000 policies were issued in March for \$123,121. 1998 " " April " \$114,977. 1999 " " May " \$116,213. This company is one of the best Life Insurance Companies in the United States. It stands at the head of the list. Take a policy and secure your family against want at your death.

CLUB ROOM, ADVERTISER OFFICE, JULY 14, 1893.
Club met pursuant to adjournment.
President Carson in the Chair.
Minutes of last meeting read and approved.
On motion O. B. Hewitt was added to the committee to assist in organizing Clubs.
Chairman of committee on Finance reported \$100 subscribed.
On motion the Club re-rented the editorial room of the Nebraska Advertiser for the balance of the season for the use of Club meetings and a 500 pound reading room, for the sum of \$10 per month.
First L. Carson then introduced the following, which was unanimously adopted:
WHEREAS, The Democratic Convention, this day in session in New York City, have nominated Horatio Seymour and Frank P. Blair to oppose Gen. Grant and Schuyler Colfax for President and Vice President.
Resolved, By the Republican Club of Brownville, that the nomination of Seymour and Blair is approved.
Resolved, That the nominations aforesaid are eminently proper for a defeat, and a further assistance of an easy victory to the Great National Republican Party at the ensuing November election.
O. B. Hewitt being called upon addressed the Club.
On motion the regular meetings of the Club was changed to every Thursday evening. On motion adjourned to meet Tuesday evening, July 18th.

STAMPEN WARE
WE ARE NOW MANUFACTURING, IN CONNECTION WITH THE
ST. LOUIS STAMPING CO'Y,
A NEW LINE OF
TINNED & POLISHED WROUGHT IRONWARE,
SUITABLE FOR
HOUSEHOLD
MINERS' OR CAMP USE.
And take pleasure in calling the attention of Store, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care of the household and in every day use, in the most important of all HOUSEHOLD DEPARTMENTS. We desire and request every homestead to see our TEA KETTLES, SAUCE PANS, DIPPERS, DISH PANS, WASH BASINS, PULVERIZED POT AND STEW PANS, as we are sure they have only to be seen to be appreciated.
Many of the articles are made entirely of one piece of wrought iron which, during the process of manufacture, receives several coatings of black oil that leaves a surface, when finished, perfectly smooth, easily kept clean and entirely protected against rust. The cost is but little more than common tin ware, and every article will last ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tin ware, the cost of transportation is very small. At present our assortment consists in part of
Tea Kettles, Camp Kettles, Dish Pans, Sauce Pans, Dippers, etc., etc.
We are now preparing a Catalogue and Price List, and believe Store and Hardware Dealers will find it to their interest to send for a copy of each before purchasing elsewhere. Address

THE BRINKERHOFF CornSheller
Separator and Cleaner!
Patented February 28th, 1890.
Manufactured and sold by
J. G. GARSIDE, ATCHISON, KANSAS.
The trial of this machine at various County and State Fairs, and the judgment of every one who sees and uses it, unite in pronouncing Brinkerhoff's Corn Sheller the best ever invented. With his corn sheller, a farmer can shelling his corn at his leisure without an assistant. The sheller saves in a short time more than the cost of a sheller.
This Corn Sheller has taken the first premium for three years past at the New York State Fair, when it partially perfected. It has since been improved, and is now a perfect machine, which makes it complete.
The following is the report of the Judges on this machine, at the great trial of Agricultural Implements held at Atchison, N.Y., in July, 1888, under the auspices of the New York Agricultural Society.
Atchison, N.Y., July 28th, 1888.
We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it the BEST CORN SHELLER that can be used on any scale of operation, and with great rapidity and ease, and the same operating on a small scale from the cob, at the same time, and delivering the corn ready for market; and it requires but the labor of one man to operate it. The whole affair is simple in construction, and is a great improvement on the old style of sheller.

We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it the BEST CORN SHELLER that can be used on any scale of operation, and with great rapidity and ease, and the same operating on a small scale from the cob, at the same time, and delivering the corn ready for market; and it requires but the labor of one man to operate it. The whole affair is simple in construction, and is a great improvement on the old style of sheller.
