ST. LOUIS STAMPING COMP'NY, A new line of TINNED & POLISHED WROUGHT IRON-WARE, suitable alike for HOUSEHOLD

MINERS' OR CAMP USE. And take pleasure in calling the attention of Stove, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care

of utensils that are in every day use, in the most important of all HOUSEHOLD DE-RARTMENTS. We desire and request every housekeeper to see our TEA KETTLES, SAUCE PANS, DIPPERS, DISH PANS, WASH BASINS, POLISHED FRY and STEW WASH BASINS, POLISHED FRY and STEW PANS, as we are sure they have only to be seen to be appreciated.

Many of the articles are made entirely of one piece of wrought from which, during the process of manufacture, receives several contings of block tin; this leaves a surface, when fulshed, perfectly smooth, easily kept clean and entirely protected sgainst rust. The cost is but little more than common tin ware, and every article will do ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tinware, the cost aftransportation is very small. At present our assortment consists in part of Tea Hettles, Camp Hettles, Fry Pans, Ladles, Dippers, &c., &c.

We are now preparing a new Catalogue and Price List, and believe Stove and Hardware Dealers will find it to their interest to send for a copy of seach before purchasing elsewhere. Address
