The Democrat of last week urges our City Council to "do its duty!" Do your duty and go for that "defaulter!" Maybe he'll *offer* to pay one-fourth now! "Do your duty!"

To Ed. D. Smith for a Political Manual for 1866 and '7, for the Club.

A Fact Worth Knowing.—Is that Wm. T. Den is actually selling Paints, Oils and Glass cheaper than any other house in this city, while his articles are not a whit inferior to any. This is a big item to all persons who are building. Call and see his goods, and you will surely trade with W. T. DEN,
Pioneer Price Dictator.

Shellenberger Bro's have been as great a benefit to this city in drawing trade as any house in the city. Just such a complete stock of every description of Hardware as they have now constantly on hand, was long needed, and for the want of which drove hundreds to do their trading at Nebraska City, who now trade here. May their success be equal to their energy and worth.

McFall & Co., are making as fine Wardrobes, Desks, etc., as we ever saw.

Pick-Pockets, are loudest in the cry of "hands on your pockets" in a crowd when that cry is started; the large posters for the Democratic meeting has "the Peoples Pockets" largely displayed! Pick-pockets prepare to "go for" the pockets in the confusion; Morton speaks Saturday.

Strange but True that Wm. H. Small's splendid lot of Queensware and Glassware is fading away like dew before the morning sun and he has been forced to order a new lot, which will be here in a few days. He intends to build up this trade and keep a full stock, so that he can supply any demand our citizens may make upon him.

The New Bridge at Bennett's Mills, we are informed by C W Wheeler, the contractor, is done and will be ready for crossing so soon as the earth is filled in at the ends. It is a Smith Truss and one of the finest and most substantial structures of the kind in the west. He has also commenced framing the timbers for the bridges at Hallam's Mill and at Fisher's.

A Want that has long been felt in our city, and much deplored, is soon to be supplied. J. S. Hetzell will be here the next ten days or two weeks, with a stock of Clothing and Gent's Goods, as would do credit to a larger city than ours, and such goods as for make, wear and price, will knock in the shade anything that has been offered since the war began.

Escaped and Recaptured.—Last Saturday night Clayton Miller, recently arrested for burglery, escaped from our jail, and made his way toward Nemaha City, where he committed several depredations. Our authorities and David Campbell, who was guard when the prisoner escaped, learning the direction in which he went, started in pursuit, Campbell capturing him Monday. He is now secure until Court.

Later—As we are working off this issue we are shown the Jewelry which Clayton stole in his first raid at Nemaha City, David Campbell, found them in the prisoner's mattrass this morning. This virtually exhonerates those he accused as his confederates.

New Claim Agency,—Ed. D. Smith, who is necessarily in Washington the greater portion of his time, has determined to give his personal attention while there to the collection of all claims against the Government for Bounty, Back-Pay, Pensions, &c., that may be entrusted to him. Now is the time for all who have such business to transact to employ a soldier, whose heart is with his comrades and their widows and orphans, to attend, in person, to the adjustment of their claims. We have no hesitancy in recommending him.

Brownville Steam Ferry Coming—The New Steam Ferry Boat for this place left Muscatine, Iowa, on the 15th, inst., under command of Capt. Jas. A. Emmons. She will come loaded with a fine lot of Pine Flooring Dressed Siding, etc, which will be offered for sale immediately on her arrival. Here will be a splendid opportunity to all who are in need of Pine Lumber to get a No 1 article reasonable. She will probably be here about next Friday or Saturday, the 28th or 29th. Remember, the Lumber will be sold immediately on the arrival of the boat.

Capt. R. F. Barret has returned to this city and reports his boat on the way. Mr. Barret has exhibited indomitable perseverance in this matter, and the public will be well served should he procure the franchise as a permanent thing. When we first urged upon the city to purchase the ferry franchise it was with a view to have every citizen more deeply interested in finding some good man who would put in a good boat and run it right and sell to him the franchise; that time it seems to us has come. Mr Barret has all that is requsite now to give us a prompt, efficient and safe ferry at this point.

The Democrat, of last week, asks "Jonny 'hap,' how about that cow you stole of Fisher." We hardly know; yet Fisher had such an immense herd that he never missed that 'cow and calf,' himself, or he might have readily claimed you, Dr., for the missing calf.

Now, Dr., for a matter in which the general public are interested: how about the pay you willingly received from Government for service as post surgeon at Ft. Halleck, while laboring under 'delicious triangles,' from the effect of Government liquors for sick soldiers? You might have then lightened the public debt instead of the public coffers. How are how Gen. "Lovegood" of the "Busthead brigade?"

"Defaulter" H., of the Democrat, in his last, making a fling at us insinuating that we unfairly appropriated soldier's rations while in the service. We acted as Commissary for Co. E. for five days up near White Rock Hills, in place of Sarg't Burdick, sick at Ft. Pierre; at the end of that time Capt. Hill received a petition, signed by 47 out of about 80 men in the company, requesting our continuance as Commissary, the majority of them urging us to accept and agreeing to pay us 25 cents each per month out of their pay if we accepted. Not wanting the place, we readily assented to Capt. Hill's opinion that "the time of service being so near out the change was not advisable." When arrived here Commissary Burdick, wishing to be at home with his family in Peru, requested us to take charge of the rations and issue them to the men; we did so. The men, being mainly single, did not want their bacon, flour, etc., and most of them gave or sold us cheaply these articles, taking their sugar only, some never came; and we left them in Theo. Hill's cellar until forced to remove them, when we removed them to our office, where we *did burn* some in January 1868, when it was so cold that the sponge froze fast to the type when we wet them. We can substantiate all of the above; and now, Dr., we will give you—yes, to you, a proven defaulter to this people; you, who offer to shave a just judgement against you *one-half*, and when taken up *back seat*; you, who have to get your devil's affidavit to your assertion to make it seem at all creditable; you, the lick-spittle of Morton, the "dog that has turned to his vomit;" the political "weather-cock" of Nemaha county; we will give you $5 for each and every affidavit of a member of Co. "E," 2d Neb. Cav. to the effect that we took an ounce of his rations dishonestly. The proof, Dr., or stand branded with having put forth a deliberate, willful falsehood with malice aforethought.

A CARD TO THE PUBLIC.

To all those in need of New Clothing now, I would respectfully say, wait but a few weeks and I will be prepared to supply your wants from as large and well-assorted a stock as, I believe, was ever opened in Nebraska, and at prices as low, and, perhaps, lower than any you have ever purchased at since the war. I can guarrantee that I will have no 'shoddy' goods, or 'slop-shop' work in my store, as my Clothing have been made up under my own supervision from Goods purchased in the bolt by myself. It shall be my endeavor to give entire satisfaction both in my Goods and Prices, and can safely say to all it will pay you to wait a short time and examine my stock and prices before purchasing.

J. S. HETZEL.

May's Campaign Song

AIR: "O, Susannah."

Every Lady in the land
Surely must confess
May has the best and cheapest goods,
Wherewith to make a dress;
And such a lot of Notions fine
As ne'er was seen before,
He first came into Brownville
The Price Regulator.

New Pants and Coats and Hats and 'sich,'
He has a brim new stock.
So fine and cheap, he's sure to make
Our merchants "walk the chalk."
Then go to May's emporium,
'Tis No. 27,
And dress so fine and nice and gay
You'll think you are in heaven.

Miss St. Clair spent three months of last Winter in the Southern States. She visited every city and scores of the villages, extending her journey through Texas and Florida. Her ideas will interest every thinking man and woman, for she pictures the South in its Manners, Religion, Temper—political and otherwise—with a photographer's skill, repeating the very words of men and women of all classes black and white as she met them. She visited every Convention of Reconstruction and of course can tell all about the carpet baggers, black and tan, etc.

The committee on Streets and Alleys made the following report:

To the Honorable City Council:

The committee on Streets and Alleys has been furnished with the certificate of T. H. Fisher, City Engineer, showing the total work done by J. W. Blackburn on streets to be 3,797⅝ yards. The committee are unable to find a contract between the city and Mr. Blackburn, or what amount or amounts have heretofore been paid, and therefore can make no recommendation at present.

R. W. FURNAS,
J. L. MCGEE, } Committee.

Report adopted.

Also the following report:

To the Honorable City Council:

The committee on Streets and Alleys, pursuant to instructions, has had the work of Mr. Wilson, (from date of last report to present date), measured by James Hacker. The number of yards is found to be 1,708, which, at 40 cents per yard, amounts to $683 20. Deducting one-third, the amount to be retained, ($227 73,) the balance is $455 46.

The committee recommend that an order be drawn in favor of W. F. Wilson on the Bond Fund for $455 46.

R. W. FURNAS,
J. L. MCGEE, } Committee.

which, on motion, was laid on the table for future consideration.

Mr. Carson offered the following:

Resolved, That it is impracticable and impossible for the present council to finally settle any account for grading or otherwise, until the said present city council is furnished by the clerk of our predecessors with a written record or copy of any and all contracts for accounts that may be presented to us for adjustment.

which was adopted.

Moved, that a committee be appointed and empowered to rent, for the use of the city for a Council Chamber, the front room over the United States Land Office, and that the Marshal be, and he is hereby instructed to remove to said room at once, all books, papers and records, belonging to the city of Brownville; and that said committee be further authorized to furnish said room with a desk, chairs, and such other furniture as may be necessary.

Adopted, and Messrs. Carson and Dorsey appointed committee.

The following resolution was adopted:

Resolved, That the Marshal be, and he is hereby instructed and directed to arrest all persons who may hereafter be guilty of any violation of the laws of the State, within the corporate limits of the city, or who has heretofore been guilty of such offence, and who has not been prosecuted therefor; and to take such persons before the Justice of the Peace in said city, who in his opinion will be most likely to make the most efficient conservator of the peace; and that the city Attorney be, and he is hereby instructed, to attend to the prosecution of all such cases before such Justice.

Adjourned.

NEW YORK, Sept. 17, 1867

DR. STILLWELL was in charge of Grace Church Hospital, Alexandria, Va., during the war. I frequently, almost daily, for months, visited this Hospital, and had every means of knowing his reputation for EFFICIENCY and SKILL. It was of the most creditable character, and his success in the treatment of patients was remarkable.

Manhood: How Lost, How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in sealed envelope, only six cents.

The celebrated author, in his admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two stamps. Also Dr. Culverwell's "Marriage Guide;" price 25 cents. Address the Publishers,

Dr. Mott's Conception Preventive

Is used by over three hundred thousand ladies of the Atlantic States alone, and by a large number in the West, who would not be without it for ten times its cost. It is to this Preventive that the mothers of those States owe their immunity from large families. It is absolutely certain, convenient to use and without benefical to health. Abortion is criminal, then use means perfectly moral and proper. Send stamp for pamphlet containing full particulars. Address,

An Address

To the Nervous and Debilitated, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable. If you are suffering or have suffered from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequantly get out of order? Is your urine sometimes thick, milky, or ropey, or is it ropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, to go away from everybody? Does any little thing make you startle? Jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as we.l? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little spirits, and you attribute this to dyspepsia or liver complaint?

Now, reader, self-abuse, venerial diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, vigorant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the organs inflamed by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a diuretic. *HELMBOLD'S FLUID EXTRACT BUCHU* is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon the prompt use of a reliable remedy.
