

Stewart, of Nevada, has been unanimously renominated in caucus as Senator from Nevada.

Within the past fortnight failures to the amount of \$10,000,000 are said to have occurred in New York.

Carl Schurz has been elected to the U. S. Senate by the Missouri Legislature. By this step Missouri advances a half century in the cause of freedom.

At a meeting of the State Board of Agriculture held at Lincoln, on the 18th, it was decided to hold the next State Fair at Nebraska City, and the time fixed the 28th, 29th and 30th of September, and the 1st of October.

The idea of postal telegraph under the supervision of the P. O. Department, is rapidly growing in favor. It is proposed by this to telegraph letters of fifty words or less nearly as cheap as they can now be sent by mail.

The act approved Dec. 22d, 1890, extends the time for stamping all smoking, fine cut, chewing tobacco and snuff to the 15th of February, at which time all on hand in the hands of wholesale and retail dealers must be put up in packages and stamped.

The resolution introduced into the United States Senate asking for a copy of the amnesty proclamation and by what authority it was issued, is likely to cause a "rattling of the dry bones" in the White House. It should be examined into and if no authority exists it should be censured as a precedential warning.

Sen. Butler introduced a bill into the House of Representatives on the 12th, to abolish National Bank and issue \$3,500,000 legal tender notes after June 30th. Also, to coin fractional currency so alloyed as to be worth fifty per cent. less than the denomination thereof, and provides for the redemption of outstanding currency.

Atholson county, Mo., according to assessors statistics just taken, contains a total population of 5,901. Contains horses 3,275; mules 500; cattle 9,501; sheep 7,811; hogs 23,588. Last year's products: Wheat 32,235 bushels; corn 563,310 bushels; oats 12,525; wool 10,421 pounds; 8,157 tons hay, etc. It is a live county and has proved a good neighbor.

The Trunk Railroad seems just now in a critical condition. The Atchison and Nebraska City Company are negotiating for a construction of their road up the Big Nemaha to Lincoln, and propose to stop at White Cloud until they ascertain whether it is best to go that way or come up the Missouri river. If the citizens along the river desire this road they must be up and doing, although both roads may be built, yet the prestige and backing of the Kansas company will be with only one.

A terrible double tragedy occurred in Fremont county, Iowa, on the 15th and 16th. Two noted ruffians went with the avowed intention of breaking up a dance that was going on at Wm. H. Hallaway's, two miles north of Fremont City. They fired off a revolver in the room, and upon Mr. H. remonstrating with them they both attacked him, stabbing and beating him so that he died on the 15th. Orton was captured, Jackson made his escape, but was retaken at Weeping Water in this State. On account of some informality the Sheriff of Fremont county refused to take charge of the prisoners, when it reading with citizens to tend to their safe keeping, they took the prisoners about a mile from town and hung them.

Senatorial contests are now all the fashion, nearly as much so as Grecian Bends, more so, in fact, last Tuesday. In Indiana the contest is between Cumbach and Hendricks, Cumbach being ahead on the 18th, but not elected.

Delaware elected James A. Bayard to serve until March next, and Thomas Bayard for six years. Massachusetts re-elected Charles Sumner. Maine elected Hannibal Hamlin. Minnesota elected Alexander Ramsey. New York elected Ruben E. Fenton. Missouri elected Gen. Carl Schurz.

Sen. Tipton Re-Elected. By editorial correspondence it will be seen how the caucus resulted Saturday night. From private source we learn that in caucus Monday night Tipton received 27 votes and Marquette 15, with 6 scattering. This settled the business, and by private despatch yesterday morning we learn that Mr. Tipton had been re-elected on six yeas last March 4th.

The choice is one which every lover of freedom can endorse, as a truer and more fearless advocate of Republican principles does not live. His political lifetime has been spent in the work of battling for the principles of equal rights to all irrespective of color or caste.

We congratulate Nebraska; we congratulate Nebraska county; we congratulate Brownville; and, finally, as the position was forced upon him against the wishes of a host of opposing candidates, we congratulate T. W. Tipton upon his glorious victory. Hip! hip! hurrah!!!

From Hays City, Jan. 18: A report from Fort Dodge brings a courier from Major Sheridan, that bands of Indians have lately been seen near that post, and that they drove in the small couriers Saturday. He thinks unusual vigilance should be exercised by residents of ranches and settlements along the border. Spotted Horse, a prominent Cheyenne chief, is one of the band. His sister is a captive at Fort Hays. John Smith, the interpreter, thinks they will endeavor to capture, along the Saline, Solomon and between Fort Harker and Cassell Grove, a number of whites to exchange for the 53 Indian women and children now in our hands.

Editorial Correspondence.

LINCOLN, Jan. 16, 1892. The Committee on Privileges and Elections in the House to whom was referred the case of Parker, who contests the seat held by Brush for the 9th District, composed of Butler, Seward and Saunders counties, have decided that Parker is entitled to the seat, and have so reported.

The testimony elicited in the case proves that Parker has a clear majority of twenty-two votes. The County Clerk of Butler sent the returns of the canvass for that county to Omaha, with the returns for State officers instead of the county seat of Saunders, the oldest organized county in the District, as by law required. And it further appears that there were at the time of the election, two persons in Seward county claiming to act in the capacity of County Clerk. Three precincts in the said county recognized one clerk and the other two recognized the other clerk. The clerk of Saunders recognized the one that controlled the returns, of Saunders county and two precincts in Seward county, and to brush the certificate of election to Brush. The committee show conclusively if the legal votes of these counties were all compared it would give Parker a majority of twenty-two. The report of the majority of the committee was laid on the table until Monday, to give the minority time to report.

Petitions and remonstrances on the subject of a General Herd law numerously signed was presented and referred to the committee on Agriculture. This shows the importance of the subject among farmers. Mr. Steinman will present a remonstrance against a Herd Law for Nebraska county on next Monday. Mr. Polock and Mr. Vandeventer of Nemaha county are officers in the Senate, and their ability, faithfulness and good conduct are alike creditable to the county they represent. They make good officers and are attentive to business.

SATURDAY EVENING.—The caucus resembled this evening and took thirteen ballots. They were all nearly the same. Tipton 15, Marquette 5, Butler 10, McCann 9 and 3 scattering. We have adjourned until Monday evening. A few votes have been cast for Geo. F. Train and as many for E. Cady Stanton.

Richardson, Nemaha and Gage members support Tipton. We are promised a few votes from Otoe, Cass and Douglas when they drop their own candidates. I will send you further particulars by Tuesday morning's mail.

We are informed by one of the route agents on the Council Bluffs and St. Joseph Railroad that a murder was committed on Thursday last at Tremont City, about seventy miles north of St. Joseph. Four men engaged in a game of cards for money had a quarrel when one of the party, a man named Henry, was shot and killed instantly.—St. Joseph, 17th.

Alaska will receive an Organic Act from this session of Congress.

The Commissioners of Gage county have decided that a majority of the votes cast on the court house question were against.

The Pawnee county Court House is the best of its kind in Nebraska. It is built of granite and is one of the largest dry goods houses in the Northwestern States. There are apprehensions that a few other houses may be forced to succumb, but the leading dealers hope by rigid retrenchment to overcome present difficulties.

During the past ten days, says the New York Times, failures to the extent of about four millions of dollars have occurred in that city, among jobbing and commission houses in the dry goods trade. Business in this line has been very dull for nearly two years; it has not peaked. The recent failure of one of the largest dry goods houses was due to heavy losses through customers in the Northwestern States. There are apprehensions that a few other houses may be forced to succumb, but the leading dealers hope by rigid retrenchment to overcome present difficulties.
