> GENTLEMEN,—I feel it a duty and pleasure to give you the benefit of my experience in the use of Coe's Cough Balsam. From taking a heavy cold, I was taken down with the composition of the lungs, and continued to fall, under the best care until 'I was given up by the most competant medical authority to die. There seemed nothing but strangulation and death before me. I was told that further medical attendance and medicine was useless, and I was resigned to death, when a friend, who had been greatly benefitted by using the Balsom, brought me a bottle. This was after I had done with the doctor and medicine, and I continued to improve, until my cough stopped, and my lungs healed, and got well. I used ten bottles. I remain, gents, with great respect.
