BY ALICF CARY.

I sir in my sorrow a-weary, alone;
I have nothing sweet to hope or remember,
For the Spring o' th' year and of life has flown;
"Its the wildest night o' the wild December, And dark in my spirit and dark in my chamber sit and list to the steps in the street,

Going and coming, coming and going, And the winds at my shutter they blow and beat; 'Tis the middle of night and the clouds at A od the winds are bitterly beating and blowing. I list to the steps as they come and go, And list to the winds that are beating and blowin And my heart sinks down so low, so low;

No step is stayed from me by the snowing, Nor stayed by the wind so bitterly blowing. I think of the ships that are out at sea,
Of the wheels in th' cold black waters turning;
Not one of the ships beareth news to me,
And my head is sick, and my heart is yearning.
As I think of the wheels in the black water

of the mother I think, by her sick baby's bed, Away in her cabin as lonesome and dreary, And little and low as the flax-breaker's shed; Of her patience so sweet, and her allend With cries of the hungry wolf hid in the prairie.

I think of all things in the world that are sad: Of children in homesick and comfortless places Of prisons, of dungeons, of men that are mad; of wicked, unwomanly light in the faces
of women that fortune has wronged with

I think of a dear little sun-lighted head, That came where no hand of us all could deliver; And crazed with the cruelest pain went to bed Where the sheets were the foam-fretted waves Poor darling! may God in his mercy forgive her

The footsteps grow faint and more faint in the snow.

I put back the curtain in very despairing;
The masts creak and groan as th' winds come and And the light in the light-house all weirdly But what glory is this, in the gloom of despataring I see at the window just over the street,

A maid in the lamp-light her love-letter reading Her red mouth is smilling, her news is so sweet; And the heart in my bosom is cured of its As I look on the maiden her love-letter reading the has finished the letter, and folding it, kisses. And hides it—a secret too sacred to know; And now in the hearth-light she softly undresses

And now as she stoops to the ribbon that fastens Her slipper, they tumble o'er shoulder and fac And now, as she patters in bare feet, she hastens To gather them up in a fillet of lace; And now she is gone, but in fancy I trace

A vision of grace in the roscate glow, I see her unbinding the braids of her tresses.

The lavendered linen updrawn, the round arm Half sunk in the counterpane's broidered roses, levealing the exquisite outline of form; A willowy wonder of grace that reposes Beneath the white counterpane, fleecy with rose

see the small hand lying over the heart, Where the passionate dreams are so sweet The fair little fingers they tremble and part, As part to th' warm waves the leaves of the lily And they play with her hand like the wave with the lily,

In white fleecy flowers the queen o' the flowers; What to her is the world with its bad, bitte Wide she opens her arms-ah, her world is no And now she has closed them and clasped them What to her is our world, with its clouds and Tucker, A. P. Thompson and Miss

BY AND BY.

By and by! We say it softly, Thinking of a tender hope, Stirring always in our bosoms, Where so many lodgings group. By and by! Oh, love shall greet us. In a time that is to come. And the fears that now defeat us, Then shall be all streken dumb,

By and by! The mouraful sorrows Clouding o'er our sky to-day, Shall be gone in glad to-morrows— Shall be banished quite away.

By and by! We say it gently, Looking on our slient dead, And we do not think of earth-life, But of Heaven's sweet life instead By and by! We look in yearning Toward the harbor of the blest, And we see the beacons burning In the ports of perfect rest.

By and by! Our ships shall anchor, If the tide and wind run fair, Some day in the port of Heaven, Where our lost and loved ones are By and by! 'Oh, say it softly Thinking not of earth and care, But the by and by of Heaven, Waiting for us over there,
