The Editor has been absent for a week past, returning just as the paper goes to press. This will serve as an apology for the non-appearance of the usual amount of editorial matter, and also for non-attention to many communications to him, editorial and otherwise.

## Extra Session of the Legislature.

The proclamation convening the Legislature of Nebraska in extra Sesslon has been issued by the Governor, but has not reached us in official form as we go to press. The Legislature will meet on the 17th day of this month. Of the exact provisions of the proclamation, we are not posted. The Governor informed us however, that they would be as few as possible, and the Legislature not held together a minute longer than was actually necessary to meet emergencies.

## New Railroads in Nebraska.

During the past week Gov. Butlet and suit have been extensively engaged in making excursions over and examining new Railroads in Nebraska. The Omaha and North-western, Omaha and South-western, the Burlington and Missouri road, from Plattsmouth, and Midland Pacific from Nebraska City. Judging from the press of these points, the roads have given entire satisfaction; in fact, have passed muster. They will undoubtedly be inside the land bill and receive the just reward for the energy of their constructors. Omaha, Plattsmouth and Nebraska City have labored faithfully and persistently, early and late, and will this season receive their reward in the prosperity and thrift that is a sure follower in the wake of railroad improvements.

We learn that the Donation Party to Rev. L. F. Britt, of the M. E. very pleasant affair, and one to be long remembered by all who participated. A good supper was set out in the school house, loaded with the best the generous churchmen of that section could provide; after enjoying which, the assemblage adjourned to the church. Mrs. A. H. Lillan then came forward, and with a short address-coined from the eloquence of a good heart filled with love to all-donated a splendid quilt; Mrs. L. F. Britt responded. Elias Randall then came forward and presented an overcoat to the Pastor with a few remarks, to which the receiver responded. After which a purse containing \$176 was placed in the hands of Rev. L. F. Britt-a substantial and merited token of the love of the flock for their able and eloquent shepherd. Rev. Mr. Britt is certainly endearing himself to the good people of London and vicinity; and from the above and other good works it has been our pleasure to record of him, of late, is doing a master's work in the vineyard of the Lord.

The attention of Hardware Dealers, Car and House Builders and owners is respectfully invited to the Patent Never-Failing, Self-Locking WINDOW FAST. This is decidedly the most important invention f modern times. Its simplicity and wonderful deptation both for HOUSE and CAR WINDOWS is perfectly astonishing; accomplishing everything that can possibly be desired, and yet being CHEAFER than any other window fast. For house windows it dispenses with weights and pulleys, operating educily well on top and bottom sashes, allowing either to be raised or lowered as much or little as wished to secure ventilation, and yet be securely locked at every point, from the intruder or burglar, and will never get out of order. It has the peculiar element of locking liself in whatever position you leave it. For steam or borsd car windows they are finished in a variety of styles, masing an elegant things for the car windows and the only arrangement ever introduced that can never fail.
