Railroad Meetings West.

From J. S. Hetzel, who returne from Tecumseh Tuesday we learn that the meeting at that place to meet the officers of the Q. &M.'and B. Ft. K. & P. Railroads, and talk ove railroad matters, was large and enthusiastic. Speeches were made by Messrs. Lett, King, and Furnas, and several of the citizens of that place; the enthusiasm of the people showing plainly that they know just where their interests are, and they were determined to avail themselves of the present opportunity of aiding to the best of their ability, the road which would do them the most good, i. e. the Q. & M. and B. Ft. K. & P. R. R.

A motion was put to the meeting and carried that they request the Commissioners of Johnson county to call an election to vote upon the donation of $100,000 to the above named road, and the meeting agreed to raise $1000 for the survey of the road through Johnson county.

State Board of Immigration.

We have been permitted to peruse letters of date May 21st, 22d and 23d, from C. N. KARSTENS, Commissioner of Foreign Immigration for the State of Nebraska, located, for the present, in New York. He is laboring with great zeal and earnestness in the discharge of his duties. He greatly needs statistics and details from different portions of our State, particularly as to agricultural matters. We have undertaken to furnish him with such as we have and can obtain, and will be glad to receive information from any and all parts of the State. Character of water power, supplies of stone, timber, &c., seems to be the character of information most desired.

Mr Karstenes has already been instrumental in sending quite a number of families to Nebraska. For the benefit of those North of the Platte, who are disposed to complain, somewhat, we will state that, thus far, all have been sent North of the Platte.

Statement of the Financial Condition of Nemaha County.

In our last issue we completed the publication of the statement of the financial condition of this county. To prepare this statement has required a vast amount of unremitting labor and research. The people of the county are under many obligations to our efficient County Clerk, JAMES M. HACKER, for the promptness and accuracy with which he has complied with the order of the County Commissioners in this respect. There is, probably, nothing else in which the people feel a greater interest than in their financial matters. They want to "see the books," and it is right they should. In no other way can they all be accommodated than by publication. Such publication should be made annually in every county, and every paper in the State. The people will pay no item of expense with more pleasure.

The State Sabbath School Convention.

Of the M. E. Church for Nebraska, met at Peru in this county, yesterday afternoon, and will remain in session three days. We are led to believe that the attendance will be good, and the proceedings full of interest to the good cause. The friends of the cause from everywhere are invited.

Excursions on the U. P. R. R. are now the order of the day. A party of three hundred school marms arrived in Omaha one day last week. They were from California, and on a visit east, to their former home. Seven sleeping and three hotel cars were provided for their accommodations.

Some recent sub-marine discoveries made near the mouth of the Arkansas river by John Couden, a noted diving bell operator, warrants the conclusion that he has discovered the remains of De Soto, the discoveror of the Mississippi.

Our State Resources.

From the books of the auditor of State, we have the following statement of the valuation of property in the counties having the largest population:

Total amouut of property assessed in Nebraska for the year 1870 is about $53,000,000, an increase over last year of about $11,000,000.

The following are the counties that have the highest assessment:

	1869.	1870.	1869.	1870.
County.	*Total Valuation.*		*Value of Land.*	
Cass	2,136,835	3,099,856	1,033,250	1,457,834
Douglass	9,811,488	13,541,707	2,145,630	2,995,185
Dodge	1,729,063	2,910,953	857,600	1,249,642
Lancaster	973,309	1,529,099	507,979	734,189
Lincoln	1,084,941	2,061,569	.....	.....
Nemaha	2,637,904	2,738,398	1,498,667	1,532,648
Otoe	4,291,184	4,831,387	2,298,614	2,694,415
Richards'n	2,195,125	2,552,308	1,420,298	1,525,217
Sarpy	1,445,095	1,443,909	906,752	885,202
Wash'gt'n	1,833,568	1,691,837	1,007,141	1,019,909

The following is the average valuation of lands per acre and of town lots and the valuation of railroad property in the same counties in the order above given:

1869.	1870.	1869.	1870.	1869.	1870.
Average value per acre.		*Value Town Lots.*		*Railroad Property.*	
4.73	6.67	331,485	465,926	.....	180,000
12.13	16.90	4,487,880	7,131,895	492,000	604,799
7.51	8.25	281,750	394,900	308,000	729,170
7.40	7.35	197,955	448,260	.....	.....
.....	.....	30,000	.....	3,936,000	1,819,781
6.62	6.88	385,025	409,330	.....	.....
7.50	8.84	1,116,905	1,194,303	.....	.....
5.16	5.38	141,861	168,601	.....	.....
7.22	7.01	92,575	87,704	222,000	.....
7.43	6.75	240,011	208,986	240,000	.....

It will be noticed that the increase has been greater in Dodge county than any other in proportion to the amount. The reason is that the road bed, iron, &c., of the U. P. R. R. has been assessed this year for the first time.—*Statesman.*

Over thirty thousand immigrants from Germany have landed in New York since the 1st of January, nearly all of whom have come West.

A formidable revolution is threatening Italy. The movement has commenced from the east and west simultaneously. A republic is the object.

The corner-stone of the State Capitol of Nevada, at Carson, will be laid with Masonic ceremonies, June 19.

We refer the reader to the article on the first page "cracking the party lash."

STATE ITEMS.

W. D. Jenkins has sold the *Little Blue* to A. J. Worrell.

A Burt county correspondent of the *Blair Register*, under date of the 31st ult., says a Mr. Munson was murdered in Wayne county, this State, by Indians.

Miss Ellen Bigford, daughter of Samuel Bigford, living near Blair in this State, drowned herself while in a state of temporary insanity, in a fish pond near that place, May 31st.

The Nebraska City *Press* of the 4th says:—"Green peas were peddled around the streets this morning at 12½ cents per quart; new potatoes 25 cents per pint, and strawberries are worth 35 to 40 cts. per quart.' We'll take ours in strawberries, which have been selling in this market for 70 cents a gallon for some time past, and green peas for 40 cents per gallon. New potatoes are most old, with us.

The *Beatrice Express* of the 4th says of that town: "Within the last week arrangements have been made to open five additional business houses in Beatrice; in two weeks more we will have the approaches of our magnificent bridge completed; in a month the Methdist Church will be completed, and work commenced on the Presbyterian, both ornaments to any town in the State. Then comes the five thousand dollar school house and the completion of the court house."

The *Covington News*, Decotah Co., Neb., says business at the Land Office in Dakota City is increasing at a very rapid rate, as witness the following figures for the month of May, current year: 53 homesteads, embracing 5,416 acres; 69 declaratory statements or preemption, 10,760 acres; warrant entries, 3,200; 3 final homesteads, 334 acres; entered with cash, 56,928 acres; total amount of cash received during the month, $72,139 63. On one day the receipts amounted to nearly $52,000. Northern Nebraska is truly filling up fast. We doubt if any Land Office in the United States can show a larger amount of business for the same time.

Educational.

Editor Advertiser:—We find, by visiting some of our schools, that improved methods of Teaching are yet unknown, pupils will read four times per day, each member reading a verse apiece, parot-like, not knowing the subject of the piece. We find young tyros climbing up and down the A B C ladder, with many a tumble as of old. We find questions asked and answered verbatim, and no explanations given aside from the text-books used. We find slates and pencils in the hands of the older pupils, but only used for ciphering. Maps, charts, and Globes are entire strangers. Now and then we find a set of school tablets. In short the school is "*let to the lowest bidder.*"

But we find everywhere the interest increasing on the part of the patrons of the schools, and we fully believe that if teachers would come up to the work, and do their duty, there would be no trouble in getting the hearty co-operation of the parents. We find some teachers that are, in our candid opinion, not doing their duty; and we wish to call their attention to a few facts. We want them to do one of two things: Either to reform and endeavor to govern and teach, or withdraw from the work; for we should dislike to publish the present condition of their schools.

We shall make mention of a few of these items for correction: First of all, a lack of government generally; second, too much whispering, and not enough work or study; third, too much formality, and not enough life or annimation; too much contradicting both in class and to the teacher. This is bad, "I'll do so-and-so," and do it not, is too frequently used. This will cause pupils to lose confidence in your word.

Now, those who know themselves guilty of any of the above named criticisms, will do me a favor by an immediate correction, as I shall make my report in July, and I should not like to report a failure on the part of any. I want your hearty co-operation in raising the standard of teachers' qualifications. We have been requested by a number of school officers to select them a No. 1 teacher for the fall term, and we are now taking observations in that direction. Good teachers are at a premium, and improved methods of teaching are welcomed. After all the world is moving, the light is spreading, and progression is trampling over her foes. We have some good teachers in our county, and have the material to make more. All they want is experience and the work. So let us work together for the general good of our young State.

I trust these corrections will be made and all will labor to improve our common school system.

The New Funding Bill---Its Provision.

NEW YORK, June 4.—All the Washington specials this morning seem to agree in asserting that the new fuuding bill, as matured by the ways and means committee, is eminently distasteful to Secretary Boutwell; and that the members generally express the opinion that there will be no legislation on finances at this session.

Although the committee has been very reticent concerning its provisions, it has been learned that the first loan is for one thousand millions of consolidated stock. Second, bonds are plain four per cent. thirty year obligation, free from all national State or municipal taxation, except as imposed on income. Third, deposits of gold in the Treasury at three per cent. interest are authorized—the proceeds of such deposits to be used in the redemption of the 5-20s, beginning with the earliest issues—those of 1862.

This is the length and breadth of the scheme.

The proposition of Boutwell for foreign agencies is left out, and there is not a word about it.

CONSTANTINOPLE, June 6.—Yesterday, about one o'clock P. M., a fire broke out, which spread with alarming rapidity through the richest quarters of the city. Flames were discovered in an old building in the Pero, on the north side of the golden horn. A strong wind was blowing at the time. The fire quickly communicated with the adjoining buildiugs. The efforts of firemen and citizens to stop the progress of the flames were futile, and in a few hours the residences of the English, American and Portuguese ambassadors, consulates, the Naorni theatre, many churches and mosques, thousands of houses and the richest stores and shops in the city were reduced to ashes. The losses of life by falling walls was fearful. It is estimated that at least thirty people were killed or injured by this cause alone. The loss is incalculable. The fire at this hour (noon) is still burning fiercely. The excitement of the people beggars description.

NEW YORK, June 4.—A cable dispatch from Rome states that the Ecumenical Council yesterday decided that the dogma of infallibility be proclaimed on the 39th inst., in honor of the first of St. Peter.

Extensive preparations are being made to celebrate the occasion, and it is said that the display of pomp and pageantry will surpass any demonstration of the kind ever witnessed in Europe.

Immediately after the promulgation of the dogma of infallibility, on the 25th of June, the Ecumenical Council will take a recess until the 15th of October.

A religious man of Boston, who has been to Europe, and wants every body to know it, commences his public prayers thus: "O, Lord, thou knowest that when I was in Europe," &c.

An Ohio widow, alluding doubtless to the death of her husband, said that "there was nobody to take care of herself and children but God, and he was killed by the Marietta railroad."

The *Herald* says: "Greeley works like a beaver; but even as a beaver can work only one dam at a time," Greeley on the contrary, can work a variety of "damns" at any time.

A cruel man out West, speaking of the singing of the village choir, says it "is like drift-wood in a stream; it drags on the bars, yet don't amount to a dam."

SCHOOL LAND SALE.

NOTICE IS HEREBY GIVEN, That by virte of an order made by the Board of County Commissioners of Nemaha County, Nebraska, and in pursuance of the Statute of said State, entitled "An Act to amend An Act to Provide for the Registry of of School Lands, for the control and disposition thereof, and for the safe keeping of the funds derived from the sale and lease of said land," approved February 15th, 1869; I, JAMES M. HACKER, County Clerk of the County of Nemaha, will

ON THE TWENTY-NINTH DAY OF JUNE 1870,

at 10 o'clock in the forenoon, and continue until 12 o'clock, noon, of that day, offer for sale at my office, in the Court House in Brownville, in said county, in the order advertised, at public auction, and sell to the highest bidder, but at NOT LESS THAN THE APPRAISED VALUE, nor, in any case, for less than the minimum price of SEVEN DOLLARS PER ACRE, in addition to the appraised value of the improvements on the land, the following described pieces, or parcels of land, situated in the County of Nemaha, and State of Nebraska, known as "Common School Lands," belonging to the said State of Nebraska, in parcels of not exceeding Forty Acres of Prairie or Ten Acres of Timber Lands, for the use and benefit of the "School Funds" of said State of Nebraska; and that such sales will be continued from day to day, from the hours of ten o'clock in the forenoon to twelve o'clock noon, (sundays excepted,) until all of such lands shall have been offered, to-wit:

TERMS OF SALE.

For Prairie Lands, one tenth of the price cash in hand; and for other lands one half cash in hand—or cash down for either, at the option of the purchaser—with a promisory note for the remainder, to mature ten years after date, bearing interest payable annually in advance, at ten per cent. per annum, the first payment of interest being computed to the first day of January next after the date of the note; and in case of non-payment of interest or principal, the land shall be surrendered, with the improvements thereon, to the State: *Provided,* That when said note is given for the purchase of of Timber Lands, it shall be further secured by the endorsement of two free-holders of the county, to be approved by the County Treasurer

TITLE.

The purchaser paying the full amount of the purchase money for the lands purchased at such sale, the Treasurer of said county will deliver a receipt and a duplicate receipt, containing a description of the land sold, and an acknowledgement of the payment of the purchase money, and on presentation of either of which to the Governor at any time after fifteen days from date of such receipts, he shall execute the purchaser a title to said land, in fee simple from the said State, and the delivery of a deed, on the surrender to such Governor of the other receipt. And to purchasers, purchasing on credit, the said Treasurer will execute in duplicate, one of which shall be retained for the use of the State, after being signed by the purchaser, a contract of sale for the land purchased, conditioned that upon the payment of the unpaid purchase money, and the interest thereon according to the conditions of such note, the purchaser shall be entitled to duplicate receipts of payment and purchase for such land; that no waste shall be committed upon the land therein described, that no timber shall be cut thereon, except necessary firewood of the occupant of such land, and for improvements thereon; and in case default shall be made in the payment of the interest or principal, or any part thereof, or if any such conditions shall be broken; that then the lands therein described shall be surrendered by the purchaser, his heirs or assigns, with the improvements thereon, to the State, and said contract shall be void and of no effect.
