THE FOURTH OF JULY.

Will be around, as usual, this year, and the

nuestion now is: Will we celebrate? The

spirit of '76 is still in the hearts of the sons,

and the thoughts of the deeds of valor done

by the sires for liberty, still rouses an enthu-

siasm as of old; but the question is, shall we

celebrate? If so, how? Ninety-four years

ago the place we now occupy knew nothing

but savage barbarians, intent upon crush-

ing out the germ of civil liberty; shall we

celebrate its want of success? By an ocean

of Patriotic blood was it made our heritage;

shall we celebrate? In short, shall the fath-

ers of the present generation teach it to

henor the memory of the patriotism which

secured our land from barbarism and ty-

rany, to be forever free? That's the question.
