J. L. Colhapp, Editor. THURSDAY, AUGUST 11, 1870.

Wants to be advertised. The craving for a permanent nature for no position, it has been elevated to a position, it is evidenced in the following from the Democrat of the 5th inst.

"The suppression of all mention of Mr. Callahan's name in the Advertiser's account of the proceedings of the railroad meeting Wednesday night was a piece of exceeding bad conduct, parallel in any written or unwritten history of the history of mean-ness and jealousy."

The "suppression" of a name in "unwritten histories of news," is a crime for which we hope the publishers provide some adequate punishment, for it is awful.

In explanation: The meeting was Wednesday evening after our paper was full and ready for press; and we condensed the proceedings of that account, leaving unmentioned names to which Mr. Callahan alluded as a mere nothing; and we condensed because we do not spread and lead and fill up with sensation heads to make our paper appear full.

If we suggest, when next he is chosen to the lucrative, ambition-satisfying position of a clerk to a town meeting, he should sign.

J. D. CALHOUN, Editor, Pub. & Prop., Brownville Democrat, Organ of Spiritual Cat-Off, Cor. of Atlantic and 1st sts. \$2.00 per Annum, Secretary.

Largest assortment of Blank Books, Memoranda and Butcher's Books, in the city, at the post office.

The Meeting of the Colored Citizens August 11th. The colored people of the city of Brownville and vicinity, on the 11th inst., held a celebration on the evening of said day at or near the former residence of J. Opel.

They gathered in large numbers at the hour designated for the time of assembling, and the meeting was opened by the reading of a paper in which was ever our fortune to witness. After assembling, speeches were made by Richard Johnson, Jack French, and Geo. Washington, full of genuine patriotism and love of country. They were far above the average speeches we hear from Democratic orators.

After the speaking, which was applauded time and again, they adjourned to a private house where they enjoyed the light, festive and it was a gay, patriotic and festive occasion; one long to be remembered among the colored people of Brownville. The Daily Democrat of the 6th of August attempts to ridicule by a reporter, the celebration we have reported. Can it be possible that Democracy has fallen so low down in the grade of despotism, that she has forgotten the rights of American manhood? Rights guaranteed by the constitution and the laws of Congress; by the immutable will of God and the eternal order and fitness of things. Those who sneer at the Democrat fall at the rights of man and manhood—the freedom of a race and the freedom of the soil of a nation. It is the advocate of horrid despotism, the world around, and members of Klu Klux.

If you want a nice Pocket Book, go to the post office. From 50 cts. to \$4 each.

The Grading of Main and Fifth Streets Completed.—Building—Laying of the Corner Stone of the M. E. Church—Etc., Etc.

This enterprising village indicates at present a high degree of prosperity. Last week the grading of Main and Fifth streets was completed. The public have long felt the necessity of this improvement.

In addition to the number of business houses erected this year, an unusual number of dwellings are going up, most of them large and well built.

On Saturday the 30th, the corner stone of the M. E. Church was laid, Elder Stone officiating. After the impressive ceremony, the Elder made a eloquent address, chiefly on the subject of "Methodism, its rise and progress." A liberal collection was taken up in aid of the building, after the exercises.

His structure, when completed, will be very ornamental to the town, and speaks highly in favor of the liberality of the village. The work is under contract, and is being rapidly pushed forward to completion. The cost of the building will be \$3,000.

The French Army at Metz—No Fighting Yesterday.

Rumor that the Empress, Eugenie is Preparing for Flight.

Five thousand French Killed in the Battle of Worth.

An Immediate Attack to be Made on the French Position at Metz.

Italy and Austria each to Send 100,000 to Aid France.

Immense Uprising of the People of France.

Two Million Men Ready to March.

Paris, August 9.

The Paris papers today contain concerning the course of Austria. Austria is keeping her quiet with promises just now.

In the battle of Froeschville, 140,000 of the enemy attacked 33,000 men under McMahon.

The following report was telegraphed from Metz yesterday at 10:16, a. m.: The corps of Gen. Fiaally, which was not engaged in the recent actions, is the rallying point of the army, it has not been disturbed. McMahon has executed the movements prescribed for him. There has been no engagement to-day.

The Emperor, who the Emperor was solicited to return to Paris to-day, by some generals and replied: "I will only return dead or victorious."

The La Liberty says the French Emperor is in the neighborhood of Metz. The corps of General Frossard has united with that of Bazaine, who now has 150,000 men.

The Journals here announce with surprise that the Emperor will send 100,000 armed men to aid France.

NEW YORK, August 9.

The Herald special dispatch from London, to-day, states that troops are being sent to Metz. The corps of General Frossard, the garrison numbers only 7,000 men, although this does not include the national guard of the city, which would increase the garrison largely if called out.

The advance of the Prussians from Saar Luis and Treves has commenced. It is supposed that Prince Frederick Charles is in command, and that an immediate attack will be made upon the French position at Metz.

Times says parties in France will make the Emperor pay the penalty of his ill success. It is said that he is being reorganized in acts by which the agency seek to rally the people. Things arrange themselves as though he was not expected to resume his power, and that he will be disposed with altogether. The only question is who shall first utter the word "Abdication."

The Paris correspondent of the Manchester Examiner telegraphs that Austria and Italy will each send 100,000 men to aid France.

The Empress Eugenie, according to the Mail Gazette, is preparing for flight.

Authentic advices from the French show that Bazaine, the commander-in-chief, has 150,000 men at Metz; McMahon has 33,000 men at Metz; and the Prussians have 150,000 men at Metz. Bazaine's army is in a very bad state. Letters from Paris say that the citizens are defiant of martial law. They continue to assemble in the streets and discuss the military situation.

The Gazette has assurances from private sources, that the Empire is on the verge of a collapse.

The Germans are expected in Paris. Even if they are arrested the Empire is dead.
