DAVID BUTLER, candidate for Gov ernor, is universally known throughout the State. He served Pawnee county in both branches of the Legislature, to the entire satisfaction of his constituency. At the first State convention he was nominated as candidate for Governor; making a successful and honorable campaign, was elected. At the next State Convention he was re-nominated for re-election, and re-elected by a largely increased majority. At the recent Con vention his name was again presented by his friends. He was re-nominated for the third term, and is again before the people.

During the term of service of Gov. Butler, he has been the principal and active member of the Board of Commissioners for the erection of public buildings at the capital. It is not strange, that in that capacity and sernot be held respe vice, he has made many unflinching friends as well as deadly enemies. He goes before the party and people of the State, as do all other candidates, upon his personal merit and official qualifications.
