

THE ADVERTISER.

BROWNVILLE, NEB., THURSDAY MORNING, NOV. 18, 1874.

A Thanksgiving Proclamation.

WASHINGTON, Oct. 28. The process of the seasons has again enabled the husbandman to garner fruit, and the fields to yield their harvest...

The Republicans have three-fourths of the new House of Representatives in New York.

Field Marshal Benedek, commander of the vanquished Austrian army at Sadova, is dead.

Harmony has been restored in the ranks of the Republican party in New York, and a heavy majority for Grant in 1875 is now a foregone event.

The Democrats of New Jersey secured the election of their candidate for Governor, but the Republicans carried the Legislature, thus securing a Republican U. S. Senator.

(The 16th inst.) tracklaying is to commence on the Burlington and Ft. Kearney Railroad. Iron is on the ground for the first ten miles.

"Brownville & Ft. Kearney R. R." if you please, Mr. Herald.

The only crumb of comfort afforded by the Democracy in the late elections was the successful run made by the "boss thief" of the nation, William M. Tweed.

There are seven hundred and seventy-five persons and corporations in St. Louis paying over one thousand dollars taxes annually. James H. Lucas is the heaviest tax payer.

The Brownville Advertiser says that an Omaha company which has been for some time boring for coal at St. Deroin, in Nebraska county, has struck a twenty seven inch vein of coal.

Official returns of the late election are not in, but it is shown that Governor Austin will have a majority of 13,000. The Legislature stands on joint ballot, 101 Republicans to 46 Democrats.

On the first of January last the debt of the State of Tennessee was \$38,945,842. Governor Brown now tells the Legislature that the debt will be \$41,863,460 by the first of January, 1875.

Twenty-five car loads of iron had arrived at Phelps for this road on Monday noon, and eight or nine car loads will arrive daily.

A steamer has been chartered to freight ties, and has commenced its work of freighting them from above Sonora, and landing them at the switch.

The New York Observer, now one of the most widely circulated papers in the country, will soon enter upon its 50th year.

SPIRIT OF THE AGE.

There has always been, and there ever will be, grumblers, constitutionally sore-heads, who enjoy good health in exact proportion to the supply of matter provided them to grumble over or at.

Get into conversation with one of these old fogies upon politics, if you please, and he will tell you that there are two such minds now extant as those which scintillated in the Senate Chamber and House of Representatives in the early days of the Republic.

As in politics so in religion. Creepers will tell you that the "fear of God" is not so prevalent now as in days of yore.

PLATTSBURGH, N.Y., Nov. 14th, 1874. Col. R. W. Furness, Brownville, Neb. MY DEAR SIR—Your letter of the 9th came to hand this morning and its contents are noted.

So as relates to Internal Improvements. Fogies stand like huge rocks in the current of a stream, impeding progress and damaging trade and commerce.

MINNESOTA. Official returns of the late election are not in, but it is shown that Governor Austin will have a majority of 13,000.

As straws indicate the drift of the wind, so does the result of the late elections foreshadow in what direction the popular current of public sentiment is setting in.

Mr. Braden's article, published in your issue of October 26th, and here by certify that I was present at Peter Fraker's residence, in St. Deroin, Monday morning, September 25th, 1874.

THE TRUNK ROAD.

After the result of the vote in Otoe county last month, on the question of adding to the Trunk R. R. we supposed that enterprise for the present at least, laid on the shelf.

THE JOURNAL OF CHICAGO.

Editor Nebraska Advertiser. Being one of the defeated candidates of the Republican party at the late election, and having been informed that during the canvass numerous false stories in relation to myself were circulated all over the country...

Chicago is burned, and great losses and terrible suffering have fallen upon the people. But why was Chicago burned? The ready answer is: "It was the work of incendiaries."
