A VOICE FROM GLEN ROCK. GLEN ROCK, Nov. 22nd, 1871. The people of Glen Rock are getting greatly aroused about our friend Robinson. If he is dead, we as a people would like to be informed of it, but if he merely sleepeth we think it SMOKING TOBACCO to suit the about time that he was awakened to a sense of his duty as a contractor to carry the United States mails. For the past five or six weeks our mails have been shamefully neglected and instead of getting them Wednesdays and Fridays, as we look for and demand as a right, they dwindle along all through the week, and sometimes we don't get our Fridays mail until Sunday. Last week the mail came out on Wednesday and it took all the rest of the week to get back to Brownville, owing to the scarcity of corn I suppose. It is a disgrace to any man or to any community to suffer such piles of bones to drag over the roads when horses are so plenty and corn but fifteen or twenty cents County last week. per bushel. We hope in the future to see our mail come a little more regular and save further trouble.,
