PERSONAL.

Evan Worthing dropped down upon us from Lowell, last week, and returned on Monday last.

Judge Wheeler returned from his visit to Ohio, on last Friday. He reports crops in this State as better than in the Miami Valley, or other sections through which he passed.

Charley Keisewetter, better known as "Charley Butcher," has concluded to change his base, and open a butcher shop in Tecumseh. We trust he will do well.

J. Welch, of the pork packing firm of Murphy & Co., is in the city, hobnobbing with his many friends here.

Dr. Converse was in the city this week. He says the iron for the B. Ft. K. & P. R. will be here by the 1st of Sept., and will be laid to Tecumseh at the rate of half a mile a day thereafter.

We made the acquaintance of Mr. Fitzgerald, the contractor on the B. Ft. K. & P. R. His appearance endorses his reputation as a man of pluck and indomitable energy.

J. S. Hetsel returned home from the Westsick, but is recuperating.

We are pleased to see Sidney French again on our streets, recovering from his late nervous prostration.

James M. Hacker, has been sick the past two weeks. We learn that he is improving.

Judge Kinney of Nebraska City, was in town yesterday.

STATE HORTICULTURAL MEETING.

The Nebraska State Horticultural Society meets at Nebraska City Aug. 6th. There will be the grandest gathering of Fruits and Pomologists ever convened in this State.

I cheerfully concede that one fact has been stated by "Fact," and it is this; that the Association has not paid one dollar this Spring to keep the track in repair.

Now Mr. F. as you seem to be an adept in propounding questions I ask your majesty's permission to propound thusly: why should the Association keep the track in repair for the training of your horses, or any other man's horses; what benefit can it be to the Association? do you see the point? Touching your invitation to "call upon W. H. Hoover and see how much money has been misapplied" no sane man can say that I made the least insinuation that a dollar had been "misapplied." Why "flutter" thusly? if you was hit the blow was not intended. Now, sir, I have no doubt you are a warm friend to, and co-worker in, the success of the Nebraska Driving Park Association. It is to be hoped that you will cease your unwarranted attacks on persons who differ with you, not quite so snappish if you please, and devote a share of your fertile brain and master pen to the getting up of a grand horse exhibition at an early day, and should there be "extraordinary" rains, be assured, I will not hold the Park Association responsible. I do believe that if the effort is not made there will be additional lingering suspicion in the minds of many that there are good grounds for asserting that the "big fish" do intend to "gobble up the little ones," play the game of freeze out, &c. Your desire for a "good time this Fall" meets with my hearty concurrence. I am glad that you have so expressed yourself after reading my suggestion for the same. Now, I know you are not only honest but candid, and must admit that you would not have thought of the "good time this Fall" had it not been mentioned by myself or some one else. I do not doubt your sincerity, however, in thus giving vent to your desires. I am with you, and join you in wishing for its success and the full enjoyment of "evening drives on our own paid for property."

Allow me, in conclusion, to respectfully offer another suggestion, by doing which, I hope you will not conclude that I am mad, or dishonest, viz: let the President call the Board of Directors together, at once, for the purpose of considering the feasibility of having a county stock exhibition, trial of speed, this Fall, &c., and also, to attend to any other business which may be deemed essential to the successful carrying out of an enterprise so enthusiastically inaugurated.

If my communications stimulate and arouse the Board of Directors to life and action, my object will have been fully accomplished, "Fact's" strictures to the contrary notwithstanding. No reasonable man will demand nor expect impossibilities from the Board. Let a meeting be had, and after mature consultation if it is determined to have no exhibition for fear of "extraordinary wet," or any other apprehended interposition, undoubtedly, all stock-holders will cheerfully acquiesce. But, should the conclusion be otherwise, I confidently believe, "Fact," as well as all, who may participate, will enjoy a "good time," and witness one of the most splendid collections of stock ever brought together in Nebraska County, or the State of Nebraska. If a medium of the interest, taken in the scheme last Fall be manifested this season, there cannot be a doubt as to its complete success. And, right here, I again venture to say that if the Association does not attempt to carry out the object for which it was organized, the grounds, including the track, had better be devoted henceforth and forever to the cultivation of oats, corn, and wheat! If such an expression be regarded by "Fact" or any other man, as impertinent, or as a high crime, I plead guilty to the soft impeachment. Will the Board meet?

PLAY FAIR.

"PATRONIZE HOME INDUSTRY."—Should be the watchword with every man who thinks anything of the land in which he lives. Every Colhapp Bro's, chewing and smoking tobacco is as good as any other (and they ask patronage upon no other condition) chew and smoke it, and leave the manufacturer's profit at home.

PERU ITEMS.

—Mr. Claypool is building a fine residence on his property purchased of Mr. Wm. Gate's.

—Dr. Williams has his new residence completed, which makes a fine appearance.

—Mr. Sam'l Leach is putting the finishing touches on his new brick residence near Normal School building.

—Dr. Brazleton spent a few days with his family the past week. The Doctor looks as if life in Omaha agreed with him.

—Green corn, sweet and toothsome, is quite plenty in this market. Apples are also making their appearance in small quantities.

—We notice quantities of fine looking new hay being delivered in town. This is said to be the best time of year to put up hay for winter use.

—The basement of the new Normal School building is nearly completed, and the contractor is getting the brick on the ground ready for the upper walls.

—We notice several new comers looking for improved farms. Parties having good farms to sell had best let somebody know first.

—The Missouri river is falling slowly. Some of our bottom friends that built flat boats ready for a big rise, will be somewhat disappointed. There will be no fish caught in the cornfields this year.

—The steamer Mountaineer arrived at our wharf last Sunday morning, and landed a large amount of pine lumber for the Normal School building, besides freight for most of our merchants.

—We hope our citizens won't forget about the district school election on the 26th inst. Turn out and let there be a full house. Admission ten cents, to be donated to the purchase of some necessary school furniture.

—Our enterprising citizens on 6th street are still improving at their own expense, regardless of the town board, and who, we understand, even refuse to establish the grade so that parties can perform their work understandingly.

—Mr. Horace Chapman, of Grand Island, Nebraska, has been spending a short time with his father, Jno. Chapman. Mr. C. reports business in Grand Island good and still getting better.

—Mr. Myers, from Michigan, a brother-in-law of Mr. Jno. Welch, has been spending a few days with friends in Peru. He is a No. 1 musician, and makes quite an addition to our band, and seems to take to the boys like a duck to water.

—Mr. George Howard has gone to Chicago with his tool chest, where he intends to spend the season helping to build up that small town. His family remain in Peru. Mr. H. is a good mechanic, and we are sorry he did not receive sufficient encouragement to remain here.

—Rufe Leach was in town last Saturday exhibiting some kind of a one-horse Greeley washing machine. Rufe has a large crowd of men and boys round him all day, but whether the machine or Rufe himself was the chief attraction, we are unable to say.

—We are authorized to inform the editor of Notes from Glen Rock, that he need have no fears of his friends being put to any trouble, when the lost horses are found in the cornfield. But there are things lost in that locality sometimes that would hardly be looked for in a cornfield.

—A couple of our young men, Riley Nedley and Wallace Cerne, took to themselves better-halves last Sunday. They have not furnished me with the names of their said better-halves, so we are unable to state only that they resistors by the name of Laughlin. We wish our young friends an abundance of happiness in their new relations.

—Some of our City Fathers have been heard from. They must be badly demoralized. We hear of them all the way from Omaha to St. Joe, following their various avocations, from toting a brass horn in St. Joe to clerking in the U. S. Marshall's office at Omaha. If there is not sufficient harmony in this body to accomplish any good for the town, they should at least have the decency to resign.

—As a slight indication of the way fruit grows in Nebraska, we state that Mr. Aaron Dye, living one mile south-east of town, presented us last Monday morning with a branch cut from an apple tree on his place of the Early White variety, measuring 44 inches, and having thirteen 38 well formed apples about half grown.

—Persons that pretend to think this is not a good country for fruit, will please make a note of it. Mr. Austin, who lives on the place, informs us that they will have apples for their own use, and also for sale. This market has been partially supplied from this orchard for several years.

—We are sorry to see that our religious friends, One Present alias — has still got his 4th of July mad on. He uses the columns of the Brownville Democrat to vent his spleen upon Mr. Brown and the writer of the Peru Items. We presume Mr. Brown is amply able to defend himself, but as he (One Present) has charged in his card in the Democrat, that that ink-slinging, under-strapper has lied, we propose to show where this high-toned christian gentleman, this follower of the meek and lowly has departed from the truth in his statement. He says we made an unjust fling at christian observances and practices. This is falsehood No. 1, unless Mr. — alias (One Present) claims that getting mad and abusing people is a christian observance.

Next he says the Peru Postmaster took his swing out to the picnic last year and put it up "as near the speaking stand as possible." That is falsehood No. 2, and what takes it worse, "One Present" knew it was falsehood when he penned it. Next he says the said Postmaster appeared again the

year and put up his swing "right at the stand." That is falsehood No. 3, and the said "One Present" knew it was falsehood when he wrote it. There are several other christian truth-strengtheners in his article, but the above is sufficient to show what a truthful man this One Present alias — is. We trust that when our friend — gets sufficiently cooled off, he will ask God to forgive him for telling such stories in the columns of so truthful a journal as the Brownville Democrat.

SHERIDAN ITEMS.

—The new blacksmith shop was struck with lightning during the storm Sunday night. It is damaged some but not very bad.

—Married, at the residence of the bride's father in Sheridan, Mr. Wm. Mahank of Parkersburg Iowa, and Miss Carrie Burdick of Sheridan.

—Work has commenced in earnest on the Railroad and times are rather lively about Sheridan. We reckon the B. Ft. K. & P. do not intend to ask any further extension of time.

—We have had some fine rains the few days past. It makes corn and potatoes look fine. Small grain is nearly all harvested and is the best crop we have had for years.

Keep Gophers from your Fruit Trees. Colhapp Bro's have a few hundred pounds of Tobacco stems for sale; a few pounds around a fruit tree will keep off insects or rabbits above ground, and gophers below. They are extensively used in fruit growing countries, 25 cents per pound.

If you have a discharge from the nose, offensive or otherwise, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull and stupid or debilitated, pain or pressure in the head, taste cold easily, you may rest assured that you have the Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in consumption and end in the grave. No disease is so common, more deceptive, or less understood by physicians. Dr. Sage's Catarrh remedy is a perfect Specific for Catarrh or Cold in the Head. Sold by Druggists.

The defunct concern over the way is now advertising for "an active and respectable newspaper man" to take hold of it. It has long needed such a fixture.
