> home to-day For the Advertiser 233 READING-HISTORY OR NOVELS-WHICH?

> > read enough, and what they do read, is too much one side of a question only. It is rare to find a library where the books are not almost exclusively of the owner's faith or profession. There are exceptions, and always in favor of those of the best order of minds and morals, and of the highest culture. They are the practical men and women, who know how to instruct the people. They have a more exalted view of human nature. They have a broader charity, and a more universal benevolence. Reading all sides of disputed questions makes people less oppressive, intelerant, dog-

full of books, good and bad. Let the people then take heed how they read.

New Use for Cats. The late heavy rains this spring have gave us the promise of dance of strawberries. To keep off the birds how simple, how certain, small chain sliding on a wire, up and down the whole length of the strawberry beds. A knot at each endof the wire readily prevents the eat from twisting round the post which supports the wire, and a small kennel slace in the middle of the walk affords her a shelter and a home for her kittens. In large gardens a second their frequent visits to each other greatly assists in scaring away the birds. I have for more than thirty years used and seen used with perfect success, this easy method of protecting fruit, and the very same plan is equally as good in keeping hares and rabits off flower beds. After the first few days cats in no way dislike this partial restraint, and when set quite
