We meet 'neath the sounding rafter.

And the walls around are bare,
As they shout to our peals of laughter
It seems that the dead are there.

But stand to your glasses steady,
We drink to our comrades' eyes;
Quaff a cup to the dead already,
And hurrah for the next that dies.

Not here are the goblets glowing; Not here is the vintage sweet;

Tis cold, as our hearts are growing And dark as the doom we meet.

But stand to your glasses steady!
And soon shall your pulses rise,—
A cup to the dead already!

Hurrah! for the next that dies.

As mute as the wine we drink

So strind to your glasses steady!
This this that the respite buys!
One cup to the dead already!
Hurrah! for the next that dies:

Not a sigh for the lot that darkles; Not a tear for the friends that sink; We'll fall midst the wire cip's sparkles,

Time was when we frowned at others!

Who hope to see them again!
No, stand to your glasses steady!
And thoughtless are here the wise!
A cup to the dead already;
Hurrah! for the next that dies.

There's many a hand that's shaking :

There's many a cheek that's sunk

So stand to your glasses steady!
"Tis here the revival lies;

Hurrah! for the next that dies:

There's a mist on the glass congealing,

And thus does the warmth of feeling

Turn ice in the grasp of death;
Ho! stand to your glasses steady!
For a moment the vapor files;
A cup to the dead already;

Hurrah! for the next that dies.

Who dreads to the dust returning ?

Of the soul shall sting no more. No; stand to your glasses steady!

Cut off from the land that bore us: Betrayed by the land we find:

And the duliest remain behind

"Its all we have left to prize:

A cup to the dead already

Stand! stand to your glasses, steady!

And hurrah! for the next that dies.

Where the brightest have gone before us,

The world is a world of lies; A cup to the dead already; Hurrah! for the next that dies!

Who shrinks from the sable shore?

Where the high and haughty yearning

A clip to the dead already;

But soon, the our hearts are breaking.

They'll burn with the wine we've drunk
