

PRESIDENTIAL PROCLAMATION.

The 27th Inst. Designated as a Day of National Thanksgiving.

AN ADMINISTRATION PANIC.

The Democratic 'press' group, out over the financial upheaval which has agitated the country during the past month, and denominated it as a 'Republican panic.'

Let us see what the difference then between a Democratic and Republican panic. In '57, no sooner did the Ohio Life & Trust company collapse, than it was followed by two-thirds of the banking houses of the country, and panic stalked into nearly every house in the land.

Let us see what the difference then between a Democratic and Republican panic. In '57, no sooner did the Ohio Life & Trust company collapse, than it was followed by two-thirds of the banking houses of the country, and panic stalked into nearly every house in the land.

But our opponents tell us it is a Republican panic because Jay Cooke and Henry Clew were and are the pet and experts of the Administration.

Granted. What does that prove? Had the Administration been Democratic and Cooke and Clew been Democrats, we presume the Administration would have held those bankers up.

The 'panic,' so called, has existed but about thirty days. What effect has it had on the National Government? Why before the panic the Government was issuing nothing but paper money; now it proposes, and is actually resuming specie payment.

A Republican panic, forsooth. We rather like such panics. The one we have just passed through will do us good. It has had the same effect upon the commercial atmosphere that electricity has upon the air we breathe.

Stevenson & Cross would respectfully say to the people of Nemaha and other counties surrounding it, that they keep the best wagon and best and largest stock of stoves lower than anywhere else.

OUR PUBLIC SCHOOLS.

OUR CITY'S PRIDE AND BOAST.

On Friday last we spent a couple of hours in our public school. As we have said in previous articles, our school building, school teachers, and the workings of the system of education evoked in our school, command the pride, respect, and support of our people.

We arrived at the school a little before the hour of opening, and noticed the gentlemanly and lady-like deportment of the scholars as they entered the school and the presence of their teachers.

The class in algebra was then called on, and we were more than pleased to see Miss Mary Adams develop a problem on the blackboard, and discuss, in her own language, the several questions, all of which she answered satisfactorily.

From this room we passed into that of Miss Deane Johnson, where we found the pupils being examined in a lesson relating to the atmosphere, its component parts, compressibility, etc.

Descending to the first story, we entered the room of Mrs. Kate Abernathy, an accomplished teacher, who already commands the respect and esteem of the boys and girls under her control.

From here we pass into Miss Frank Hull's room, and spend a few moments in looking into the faces of the little ones as they eagerly strive to correctly answer the questions propounded them by their teacher.

Miss Cochran's room is next entered. Here we found the children engaged in a spelling lesson; and after correctly spelling the word given, they were required to improvise a sentence embracing such word, thus conveying to the mind of the scholar the use and meaning of the word, as well as the manner of spelling it.

The result of the Ohio election is at length definitely known. The Democrats have the Governor, and the Republicans the balance of the State ticket, while the Democrats have the Legislature, and thus secure the U. S. Senator.

Horatio Seymour, ex-Governor of New York, and Democratic candidate for President in 1868, has been nominated by the democrats of the First District of Oneida county.

Gen. Frank P. Blair has received his commission as State Superintendent of Insurance, in Mo. and will enter upon the duties of his office on the first of November.

John C. Heenan, the prize-fighter, died of consumption, last Saturday, in Utah. He was en route to California for his health, and met, instead, his death.

NEBRASKA AT THE VIENNA EXPOSITION.

We have before us a copy of The Free Press, a paper published in London, England, from which we clip the following article under the heading above set forth:

In the July number of this journal we published an account of the visit of Colonel J. H. McGraw, of Omaha, Superintendent of Immigration for the State of Nebraska, was at that time on his way to attend the Vienna Exhibition, and to see that the interests of the State represented by him, were not neglected or passed over.

The result would seem to indicate that the worthy Colonel has most efficiently discharged the trust confided to him, and that his State has every reason to congratulate herself upon the possession of a most efficient and creditable representative.

We arrived at the school a little before the hour of opening, and noticed the gentlemanly and lady-like deportment of the scholars as they entered the school and the presence of their teachers.

WOMAN SUFFRAGE.

The American Woman Suffrage Association held a very successful Anniversary and Annual Meeting in New York and Brooklyn, Oct. 16 and 17. The Convention was large. The proceedings were spirited and harmonious. Great enthusiasm prevailed.

Col. T. Wentworth Higginson presided and delivered the opening address. Letters endorsing the movement were read from Hon. Geo. Wm. Curtis, Wm. Lloyd Garrison, Lydia Maria Child, Elizabeth Stuart Phelps, Louisa M. Alcott, and others.

Resolved—That the primary aim of the American Woman Suffrage Association is to secure the ballot for women; while it includes, in its general aims, the securing of equal rights of women in all directions.

Resolved—That one half of the adult population of the United States who are legally entitled to hold property are excluded from the franchise, and that this would be greatly promoted by combining the social sympathy and cooperation of women in the primary movements at the polls, and in the halls of legislation.

Resolved—That we advise the friends of Woman Suffrage in every locality to promote the Movement morally and politically, by organizing meetings, lecturing, circulating tracts and newspapers, for holding public meetings and especially for helping to elect the friends of Suffrage and to defeat its enemies.

Resolved—That the Woman Suffrage Movement, like every other reform of the Age, laments the loss and honors the memory of its most powerful advocate, John Stuart Mill.

Resolved—That our present political system is not fairly representative of the people, being largely controlled in the primary matters by rings of trading politicians intent on private gain; that political reform must include a more general interest on the part of the people in the management of public business, and that this would be greatly promoted by combining the social sympathy and cooperation of women in the primary movements at the polls, and in the halls of legislation.

OUT IN NEBRASKA.

The town of Peru is situated on the Missouri river in the northern part of Nemaha county, about two and a half miles south of the Ohio line. The approach from the Missouri river is not prepossessing. The stream, which, at the point, is narrow and rapid, is crossed by a primitive sort of ferry, facilitated by means of ropes stretched from bank to bank.

The town is a very interesting one, and is now, that a change of venue should have been granted; and in his way without regard to the partisan feeling and prejudice which have been charged. The jurisdiction which is lodged with the judge, under our statutes; the charge of packing the jury, the old-fashioned jury, the old-fashioned jury, the old-fashioned jury.
