PUBLISHERS' ADVERTISER.

**CITY AND COUNTY.**

Wheat is selling in Brownville at 40c, Corn 35c/40c.

Dr. Bruce Arnold, of Omaha, arrived in the city on Monday.

Mr. Polak has been confirmed the Senate to be P. M. at Brownville.

The vocalists of the city are preparing to give another grand entertainment soon.

An article from our county Superintendent of Schools is crowded in this issue but will appear next week.

R. P. — Regular meeting of the Town Board at 8 o'clock sharp. Election of officers. Full attendance expected.

Mr. Rother and lady, of Brownville, were in attendance Friday evening at the temperance festival. They acknowledge a friendly call from Rother.

Bergman & Colhapp are about to change their business relation to each other in the city business. Colhapp takes entire charge of the business.

Henry Con, N. G., requests the attendance of all the members of Nemah County No. 5, I. O. O. F., Tuesday evening next, at the R. G. M. of the State will be present.

Johnny Smith has removed his dental fixtures to the room recently occupied by Carroll's saloon. He is painted inside and out, renovated and pulled it, and now has a most commodious barber shop in it.

The direct across Main street on which we finished this week. Tim Langlin put in some stone work on the wall and will endure a life time, as he has made improvements at all kinds of improvements in the best kind. It is cheaper in his opinion.

The Steamer Utah, made our trip last Monday evening. She was in charge of Stevenson & Cross lumber for Bell's lumber and freight for other parties. She was in charge of the Utah and Peru and St. Joseph, from tips as often as the trade is busy.

On our last issue we were favored with a pleasant call from Philip Howard, in this county. Mr. Howard is a resident of this county for many years—settled on his farm soon after his arrival here and before the Government survey of this county was made, he has many good prospects for wheat, corn, oats and fruit—everything that equals the rest of the year. And thus it is from all this county and State.

The special dispatch which appeared last Saturday's St. Joe Herald, that a "burglary at Brownville," was an error of the general who sent the dispatch. He had telegraphed from this city the house of a Mr. Hunter, of St. Joe, Iowa, had been burglarized Thursday night last, that some and a silver watch were taken, but the robbery was supposed to be committed by some men who made a skiff at Nebraska City and committed burglaries there.

Last Saturday night Dr. Wm. H. D. Smith, met with a painful accident in the following manner: He had gone into the story of his house to lie down on the cool breeze, as the weather was warm, and finally went to bed. When he awoke it was some time after midnight, and he was getting up with intention of going to his bedroom, but being sufficiently aroused to know what he was doing, instead of going to the door that led to other side of his residence, he went to the front which had been left open with intention of having a veranda built under it but which had not been done, and stepped on a stone pavement beneath about ten feet. Fortunately he was on his feet on one foot and which undoubtedly prevented him from falling. He was broken but the foot was not hurt, and he was otherwise, and it is feared that he will have some serious internal injuries. Dr. Bruce Arnold, who resides in Omaha, has been called, and it is hoped his injuries will be serious as to prevent his recovery.

—New potatoes appeared in our market last week—50 per lb.

— Falls City is going to enjoy the sensation of a plug horse race on the Fourth. That will be quite a relief to the usual monotony of that inland burg.

— We are requested to say to the members of Brownville Lodge No. 5 I. O. O. F. that the election of officers for the Lodge will take place on next Tuesday evening, and that every good Odd Fellow is expected to be present at that time.

— Mr. Tidrow, of Aspinwall, was in the city on Wednesday. He reports business better in Aspinwall since Congress has settled the currency question, and that they have a good working lodge of G. T.'s in that town numbering six members.

— We were favored with a call from Hon. D. C. Cole, of Peru, Hon. H. S. Kaley, of Red Cloud, Hon. Mr. Palmer, editor of Nebraska Teacher, Hon. G. W. Frost of Omaha, Republican and Hon. Mr. England, a prominent attorney of Lincoln, on Wednesday of this week.

— We devote most of our first editorial page this week to giving a full report of the Commencement Exercises of the State Normal School, and our next issue we devote to our usual business. Local matters with us must have precedence over all others, but the Normal School, while it is local with us, is at the same time of State interest.

— J. S. Church, Esq., who has for several weeks been traveling extensively through the eastern, northern and middle States, and from whom our readers have frequently heard through our columns, arrived at home last Thursday. His healthful appearance indicates that "going to see his uncle" was very agreeable to him.

— We owe the editor of the Advertiser, Brownville, one, and will pay when opportunity presents. Meanwhile the Berkeley picture adorns our sanctum walls, making them look more home-like. But the express charges—there's the cussing came in.—Lincoln Blade.

Don't pitch into us alone, for Dick Hughes did the carpenter work, and Dory was a prominent investigator and very guilty as an accessory before the fact.

— Henry Brand and wife, old residents on Spring Creek, in Johnson county, were killed by a stroke of lightning while riding in their wagon last Sunday. A son of the deceased was sitting on a seat in front of his parents driving the team, but was only stunned by the lightning. They had lived together many years, being about sixty years old, and then in the twinkling of an eye departed at the same instant to the spirit world together.

— On last Saturday evening several of Mr. Toole's cattle herders were in town and were taking some beer at McCullum's saloon, when an altercation arose between one of the herders named Curling and Billy Thompson. Curling had his money out handling it rather carelessly and finally said he had lost a five dollar bill and accused Thompson of taking it. Thompson denied it, then Curling collared him and Thompson smashed a beer mug over Curling's head, cutting his cranial body. The combatants were then separated, and Curling, hearing that the Marshal was coming, jumped on his pony and escaped. Thompson was arrested, caulked, and on Monday morning was taken before Judge McComas, who fined him \$15 for assault and battery.

— We have a city ordinance, recently enacted, requiring everybody to clean up and purify, as well as possible, their alleys, out-houses, &c. We do not know to what extent the order has been obeyed, but we remind those who neglect it that prompt attention to the purification of their premises may prevent disease, death and expense from visiting themselves and neighbors. Hot weather is upon us, and everything calculated to breed malarial air tainted by manure piles, dead animals, decayed vegetables, damp, mouldy, dirty, poorly ventilated cellars—should be removed forthwith. And it is not absolutely necessary for any one to await special orders from the Marshal before applying the remedies; but he will see that all who do not perform this important duty willingly will be compelled to perform it.

Our excellent and good-looking county clerk wants bids from competent carpenters to do work on the house to be erected on the county poor farm. See "ad."

— Henry Hart, who has been absent some six or eight weeks in Ohio, visiting friends, returned yesterday, and immediately paid his respects to the ADVERTISER. He gives a good report of himself.

— We are indebted to Mr. W. M. Brewer, correspondent and traveling agent of the St. Joseph Herald, for our reports of the Commencement exercises of the Normal School. We think all will give us a credit for doing justly in that important matter.

— The county commissioners met last Saturday to receive bids for the building of the "Eugene" bridge," but there being no bids in but Judge Wheeler's, and a misunderstanding having arisen between the Judge and the Commissioners, as to a former proposition made by the Judge, the matter was continued and left open for bids until the 7th of July.

— A number of the singers of this city met at the Presbyterian church on last Monday evening and organized the "Choral Union" by electing the following officers: Mrs. A. W. Nickell, Pres't; Mr. E. M. Lippert, Vice Pres't; Mr. F. R. Sykes, Secretary; Mrs. J. C. McNaughton, Treasurer; Prof. J. R. Dye, Musical Director and Conductor; Mr. D. T. Smith, Pianist.

— Mr. C. M. Kauffman's new three story brick house on his nursery farm just beyond the southern suburbs of the city, was destroyed by fire on last Sunday night. The origin of the fire is a mystery as the house was not quite finished, was unoccupied and no fire in any shape was necessarily about it. The fire occurred about eleven o'clock at night. It is generally believed to be the work of an incendiary, but we can scarcely think that anybody would be so fiendishly malicious. But we can account for it in no other way unless, perhaps, some stranger wandered into the house with his pipe to spend the night.

— Hon. S. P. Majors, of Peru, spent a day or two in the city last week. Mr. M. indicated his good will for the ADVERTISER by ordering another copy of it to be sent weekly to a friend east. We will take occasion here to say that we think it would be a benefit to the city and county if all our leading citizens and business men would each subscribe for one or more copies of the ADVERTISER to be sent to friends who are strangers to this county and the various advantages it affords over many localities in other States. Printers ink, when judiciously handled, has as much efficiency in prospering a town or county or State as any use it can be put to. A good paper is a good advertisement for the town and county in which it is printed.

— Brownville has had a sensation. A fellow in Iowa sloped with another man's wife, and settled down with her in Brownville. The injured husband followed, raised a breeze, had the fellow arrested, and then failed to prosecute. The woman returned to Iowa with her husband, with the understanding that a divorce should be given, thus enabling her to join in wedlock with the new found lover. The ADVERTISER says, the fellow was not a seducer, but was the seduced, and was not related to the fellow Joseph, that history tells of. Why, Wash, don't you know that Joseph was a eunuch? Joseph did, but Mrs. Potipher didn't. Saaed as well as profane history agree upon this point.—Lincoln Blade.

— We are much obliged to you, Major, for posting us on that historical point which caused us to be slightly infidel on that interesting story of holy writ; but now it is explained—we know what was the matter with Joseph.

**FARMERS' AND LABORERS' INDEPENDENT PARTY.**

Proceedings of the Executive Committee.

Committee met at London June 20th. All the precincts represented except Island and St. Deroin.

Church Howe was elected Chairman, and Wm. Bridge, Secretary.

On motion the apportionment of delegates to the several precincts of the county was referred to a committee consisting of the following members: N. P. Meader, W. W. Smith and A. J. Wright.

On motion a committee of three was appointed by the chair to prepare an address to the people of the county, consisting of J. Gilbert, E. D. Rodgers and B. Bally.

Committee on address made a report which was adopted, and the address was signed by every member of the committee present.

Report of committee on apportionment received and amended, allowing one delegate for each thirty votes or fractional part thereof cast at the election of 1873, which entitles the several precincts to the following number of delegates: Island, 1; Peru, 7; Glen Rook, 4; Lafayette, 5; Washington, 3; Douglas, 3; London, 5; Brownville, 12; Nemaha City, 4; Aspinwall, 4; St. Deroin, 2; Bedford, 2; Benton, 3.

Moved that a committee of five be elected to determine the time and manner of electing delegates and also of holding the County Convention.

The following members were then elected such committee: W. W. Smith, N. P. Meader, W. Stokes, Julius Gilbert and W. H. Harris.

On motion it was agreed that when the convention is called it be called to meet at Grand Prairie.

On motion the Secretary was requested to furnish a synopsis of the proceedings to the county papers.

**AMOUNT OF TREES PLANTED.**

The State Horticultural Society is making an effort to collect statistics in reference to the amount of trees of all kinds planted on the past spring, with the view of showing to those at a distance what is being done here in the way of destroying the monotony of our prairie country, and in the production of fruits.

I am requested by Jas. T. Allan, President of the Society, to assist in collecting such facts in this respect as refer to this county, and I desire to request the Secretaries of Granges, nurserymen and all others who can, to furnish me all the reliable information they can on the subject, and I will condense it for the county and forward as requested. Remember that those who are making inquiries in regard to this portion of the country scrutinize these things closely.

Yours truly,  
H. O. MICKEL,  
Pres't Co. A. & M. Ass'n.

**ONE OF THE BEST THINGS.**

**Hair Mattresses and Feather Beds Renovated by Steam.**

We took occasion this week to visit the shop where this work is going on, and examined the machinery and specimens of work done, and become fully satisfied that W. Hutchison & Co., the operators, do all they claim in renovating, cleaning and purifying old feather beds, and hair or moss mattresses. We saw specimens of feathers taken from a bed which has been in use over twenty years. Before they were put through this new process they were dirty, greasy looking, but afterwards appeared to have the freshness and elasticity of new feathers. The hot air or steam to which the feathers, moss or hair is subjected removes all dirt and impurities and destroys all moths or other insects which long use may have bred. Thus it will be understood that this cleansing process inevitably makes the beds much less liable to engender disease. Since these gentlemen have been operating here, which has been but a few days, they have done several hundred dollars worth of work, and in every instance have given entire satisfaction. They have renovated beds and mattresses for W. H. Hoover, Carson, Wilcox, Dr. Blake, Gilmore, Hoadley, Dr. Holladay, Dr. Crane, McNaughton, and many others, to whom reference is made to verify that their work is all they claim for it. Prices are so reasonable that everybody can have the benefit of having their feather beds made new again. Take your beds at once to their shop, which is the old office at Kilbourn's lumber yard, on corner 4th and Main streets, as W. Hutchison & Co., will remain here but a few days longer. Satisfaction given or no charge made.

**SABBATH SCHOOL CONVENTION.**

The friends of the Sabbath School cause in Nemaha county are requested to meet at the Presbyterian church in Brownville on Saturday June 27th, at 2 o'clock p. m. to consult together in reference to holding a County Sabbath School Convention. Will not all who desire to unite in an earnest effort to extend the influence of the S. S. among our young people come together and see what we can devise for the Master's cause.

**THE HARVEST IS AT HAND.**

The Dorsey Reaper and Mower combined, manufactured at Dayton, Ohio, where it is known and has been used, is considered the best in use, and has run all other kinds out of the field. The Dorsey does the cleanest work, runs the easiest, is the most durable and gets out of repair less frequently than any other combined reaper and mower. Mr. Joseph Curtis has this machine for sale in Brownville at Berry's old store room. Call and see him.

For fair dealing and the lowest figures go to Stevenson & Cross.

**MARSH HARVESTER.**

**MR. W. D. COMBS**

Will canvass Nemaha County this season for the purpose of taking orders for the off and reliable Marsh Harvester. This machine has been greatly improved for the harvest of 1874, and to-day is the finest and best built machine ever offered to the public. The machines will be delivered at Brownville or Nebraska City, as best suits the purchaser. Send for circular and terms of sale. See the Marsh Harvester, buy it, use it, and by so doing you will live long and happy. Address WHEELER & TUCKER, Nebraska City, Neb.

Repairs for the Harvester will be kept as heretofore by Tisdell & Richards, of Brownville.

Toilet soaps at Swan & Bro's.

Grand prize given to McCormick's new light draft reaper and mower at the World's Fair over all other machines. Sold by Stevenson & Cross.

Wood's reaper, the well known old reliable self-raking reaper, is now for sale by Tisdell & Richards.

A choice selection of plain and fancy ribbon at Louis Lowman's.

If you want a No. 1 stove for the least stamps, call and buy of Tisdell & Richards.

Another car load of McCormick's new light draft reapers coming for Stevenson & Cross.

Received, a full stock of Ladies' Linen and Percalé suits, at L. Lowman's.

**THE "ESTERLY" REAPER.**

James W. Dye is selling the Esterly Reaper. This reaper is acknowledged by all to be the lightest draft and most durable machine now in use. Farmers will do well to send for circulars or call on me at Brownville, and examine the machine for themselves.

48w5 JAMES W. DYE.

**CLOCKS: CLOCKS!**

The undersigned has just received a large lot of clocks of various styles and prices. If you want a clock give him a call—he can suit you. His prices are right down to suit the times.

**THE COUNTY.**

**SHERIDAN SCRAPS.**

— Harvesting will, we think, commence this week.

— Mill. Long is preparing to burn lime for the county court house.

— Mrs. Angie West, of Tecumseh, is visiting old schoolmates in Sheridan.

— We were in Tecumseh last Saturday, and were out in one of the heaviest storms of the season.

— Mr. Reed has the lumber on the ground ready to build him a house. He has bought lots south of the hotel.

— Our old friend Mike Kittridge has returned from Massachusetts. He went east last fall to get him a housekeeper, and met with the best of luck.

— We understand the contract to build our school house was awarded to Messrs. Perry & Berger, of Brownville. So we are to have a school house here.

— We dropped in a few minutes at the mass temperance meeting in Tecumseh last Saturday. On account of the heavy rain the meeting was not largely attended.

— Some people are complaining of the County Commissioners for allowing the ferry boat to run at Long's bridge. He reasonable about it; you can trade if you choose, and save your quarter; no one will object.

— Mr. Church Howe—the man who "was merely quibbled" at the Grand Prairie school house while some Liberal and one Democrat engineered the organization of the "new party"—very cordially invited us to go along and help in the reform. Well, perhaps we will, but as yet we "can't see Howe."

— We regret not being able to "help the helpless" and "give to the needy." Would like to have added to the presents of Miss Nellie one oyster can to keep soft soap in, so that every Friday she should have her week's washing, her thoughts would run across the water, and she would think of the generous donor in Nebraska.

— People signing or refusing to sign the petitions now being circulated asking for an election on the county seat question, should read the law as it is now present, and not sign petitions that can be of no possible use under the present law. The laws of Wisconsin, or "where I came from," don't always apply to Nebraska.
