THURSDAY MORNING, JULY 23, 1874.

REPUBLICANS' ATTENTION.

There will be a meeting of the County Republican Central Committee on Saturday the 25th day of July.

J. STEVENSON, Member of Committee.

County Association Patrons of Husbandry.

There will be a meeting at Grand Prairie on Saturday, August 15th at 10 o'clock A. M.

The harvest season being over all Patrons of the county are earnestly invited to meet with us on that day.

Seven persons lost their lives by the recent Chicago fire.

Prince Leopold, of England, attained his majority on the 7th of April last.

Judge E. Sampson, of Keokuk, Iowa, has been nominated for Congress by the Republicans.

Gerritt Smith recently sent a draft for \$1,000 to Gov. Davis, of Minnesota, to assist in the relief of the grass-hopper sufferers of that State.

Daniel Matheny was recently shot in his own store at Harrodsburg, Ky., by James Slaughter.

Ex-Senator R. M. T. Hunter and General Fitz Hugh Lee are the most prominent candidates for the democratic nomination for congress in the First Virginia district.

Six hundred Mennonites landed in New York last Friday and immediately started west.

Goldsmith Maid, at East Saginaw, Michigan, on the 16th inst., made the best time on record.

One day last week a son of A. McGeonahan, living a few miles from Lancaster, Wisconsin, while building a fence, was bitten through the index finger of his left hand by a rattlesnake.

A banquet was given in the City of Mexico on the 4th in honor of American Independence.

Protestantism is gaining ground in Mexico. It is said that now, within her borders, there are nearly one hundred protestant churches of different denominations.

After the serious war demonstrations of the Indians in the Indian Territory, John D. Miles, an Agent, and a Quaker, by the way, recommended in pretty strong terms that the Indians be whipped into submission.

In the three Southwestern agencies, chiefly owing to the intrusion of white men, who kill buffalo, trade in whiskey, and steal horses, some of the chiefs and young men of a few of the tribes have resolved upon retaliation.

Small war parties have attacked one train, a few ranches, and the buffalo hunters in the Pan Handle of Texas.

And they should have added they also murdered inoffensive women and children, and settlers, and put the whole country on a state of siege for the eastern settlements for protection.

Because some white men have intruded, killed buffalo, traded in whiskey and stolen some horses, the Indians are to be excused and petted for taking revenge, not only on those who have given offense, but for attacking government trains; and murdering, scalping and burning those in charge of such trains; and for burning the ranches of the white man and killing the ranchmen, and murdering all the inhabitants, women, children, the innocent as well as the guilty.

This is Quaker policy, and a damnable policy it is. Gen. Sheridan's kind of policy indicated by the following dispatch suits us better:

Gen. Sheridan forwarded, through Gen. Sherman, a request to be allowed to use the Sixth Cavalry for offensive operations against the Indians, and advocating generally an offensive policy, as more effective and more economical than a defensive one.

THE REPUBLICAN PARTY.

Every genuine Republican will heartily endorse the Toledo Blade's defense of the Republican party. It is well, says the Blade, for those who may feel disposed to censure the Republican party on account of the corruption of some of its members, to stop and consider before going too far.

Prof. Williams' supreme egotism leads him to misconstrue and misrepresent his contemporaries. So far as we are concerned we have not at any time endeavored to "make much progress towards discrediting us with the people of this part of the State."

It will be difficult to tell how the Democrats of Nebraska will vote this fall. Should the Independents put forth a conservative platform, and nominate the right kind of men, we believe the majority will vote that way.

THE NEWSPAPERS.

The Omaha Bee, in giving the complexion of the State press, says: "There are eleven daily papers published in Nebraska, and only two of them—the Omaha Herald and Fremont Herald—are out-spoken advocates for the Democratic creed."

The old Democratic papers that now stand Independent are more numerous than the Bee supposes. We may name the Brownville Democrat, (now called Granger,) Falls City Times, Salem Review, Tecumseh Herald, Grand Island Times, Seward Atlas, Ashland Times, Nebraska City News, Plattsmouth Watchman, and several others, the names and location of which we are not certain about.

There is not the least doubt that every one of the papers named in the News list will favor, or pretend to favor, the farmers' movement, but it will be upon the conditions suggested by the Omaha Herald and Nebraska Granger, viz: the adoption of a platform that the Democracy can approve by reason of its antagonism to Republican doctrines.

Hon. H. O. Pratt has been nominated by the Republicans of the fourth Iowa Congressional District for re-election to Congress.

Gen. M. C. Hunter has been nominated by the Republicans of the Terre Haute district of Ind., for re-election to Congress.

GENERAL NEWS.

A DESPERATE PRIZE FIGHT.

A prize fight, recently arranged between Turner and Jack McKinley, was fought last Sunday at Sandy Point, Long Island.

Judging from the tone of the articles in the western papers on the subject, and from what we hear personally, the Brownville Advertiser and the Beatrice Express are not making much progress towards discrediting us with the people of this part of the State.

Prof. Williams' supreme egotism leads him to misconstrue and misrepresent his contemporaries. So far as we are concerned we have not at any time endeavored to "make much progress towards discrediting us with the people of this part of the State."

"Unlike the Democratic party, it lays no claim to political infallibility. But it does claim that it has shown itself both ready and competent to resist every form of wrong and oppression—to restrain injustice, to remove the public evils which are known to exist, to condemn the conduct of faithless and dishonest public agents, and to detect and expose abuses in the administration of the Government, even when practiced by its professed supporters."

Why should we attempt to "discredit" Mr. Williams with anybody? If we estimated him, or thought he was estimated by the people generally, at one-quarter of what he estimates himself, we might care to undertake to counteract his baneful influences, but we do not care to do so.

The trustees of Plymouth Baptist Church, of New York City, state that an attempt has been made to assassinate their pastor, Rev. Henry Miller, owing to a sermon delivered by him favoring the reading of the Bible in the public schools.

INDIAN NEWS.

News received from Ft. Steele, Wyoming, that railroad hands had been driven by the Indians into Rawlins, and that during a skirmish, one Indian had been killed and two wounded.

ATTEMPT TO ASSASSINATE A MINISTER.

The trustees of Plymouth Baptist Church, of New York City, state that an attempt has been made to assassinate their pastor, Rev. Henry Miller, owing to a sermon delivered by him favoring the reading of the Bible in the public schools.

There is also trouble with the Indians in Texas. The Galveston News of the 18th says that on the 10th, near Sherman, Texas, the Indians in large force met the Wise county rangers, and after a few hours hard fighting night closed, leaving the Indians holding the field, and having the rangers entirely surrounded.

Well, Dr., this is rather plain sailing, and if the Republicans among our farmers are going to let themselves be hood-winked by the mere name of "Independent," as a garb to cover over the old cloak of Democracy, then we confess we cannot appreciate the intelligence of the yeomanry of our land, for we do not think, and in fact know, that they can see through some of the movements to swallow up and control the Grange vote, even after the oft expressed sentiment that the Grange was not a political organization.

It is a fact which has been very apparent to us from the beginning of the new party and grange movement in this country, and which we have insisted on and demonstrated from time to time, that the sole aim and object of the democracy is to manipulate the farmers' movement that it will redound to the glory of democracy and bring defeat to "their old enemies, the Republicans."

Nebraska's vacancy in the United States Senate is now in the State, temporarily, at Brownville—planning with the Democrats an expedition for the overthrow of the Republican party. Tipton claims that the old party, which made him, and to which he is indebted for all he is, or ever will be, now for support in his political career.

At present Tweed performs the duties of orderly in the hospital, administering medicine, assisting doctors in cases that require an orderly's attendance, and turning out at night with other orderlies when he is required. He feeds on prison fare, except that he is permitted occasionally to purchase better food—always within the prison regulation.

CALL FOR A MEDICAL CONVENTION.

A convention of the medical practitioners of Nebraska county will be held at Brownville Saturday, August 1st, at 2 o'clock P. M., for the purpose of organizing a County Medical Association.

Two men named respectively Bur- and Rossin, in Prairie county, Arkansas, recently got into a difficulty when the former was stabbed and killed by the latter.

John Kaler, a shoemaker in Franklin, Ohio, ended a four weeks drunken spree by shooting his wife, instantly killing her, then putting the pistol to his own head, fired two shots, dying instantly.

At Jeffersonville, Ind., on the 15th Joseph Boyer was beaten to death with bricks and beer bottles, by Sam Gordon and Edward Corbin. The murderers were arrested.

At Little Rock, Arkansas, deputy Sheriff Kline recently officiated at the execution of a desperado named Sid Wallace. The friends of Wallace made threats of vengeance against all engaged in meting out the law to him.

John Bruner, 12 years old, hanged himself at his father's house, in Hardin county, Kentucky, on the 14th inst. His father had refused to buy him a new saddle.

At Bern, Kentucky, on the 13th, a youth named James Walkup shot and fatally wounded Miss Margaret Pointer. Cause for murder not known.

At Crab Orchard, Kentucky, recently, a boy named Goberly cut a man on the wrist with a pocket knife, from which he died next day. It seems the boy was selling apples and the man playfully grabbed at him with the knife and an artery was severed.

James Harrington was recently arrested at Columbus, Ohio, for the murder of Thomas Willard at Cleveland two years ago.

W. J. Cannifax, the man who killed Col. Lindenbaur, in Springfield, Mo., over three years ago, and subsequently broke jail and escaped to some isolated part of Texas, where he has managed to conceal himself since, recently attempted to visit his friends clandestinely in the vicinity of the scene of the murder, an inkling of which reached the sheriff on the evening of the 18th inst., who repaired about dusk to the place where it was supposed he was, and succeeded in capturing him after a lively skirmish, in which some fifteen shots were exchanged.

J. O. Majors who recently shot and killed a colored boy at Weston, Mo., was arrested for the crime in St. Louis on the 18th.

On the morning of the 20th, in Memphis, two negro butchers, named Frank Warner and Sam Smith, fighting with cleavers and butcher knives in their shop in Chelsea, inflicted mortal wounds on each other. Warner was disemboweled, and Smith was cut with a cleaver, the wound extending from his shoulder to his groin.

Oliver P. Frakes, a notorious character, was hung by the vigilants near Nevada City, Vernon county, Mo., Saturday night.

Near Shreveport, on the 18th inst., George Simpson, a planter 70 years old, was murdered by a negro. Simpson was alone and asleep, when the negro stepped into the house, and seizing Simpson's gun, shot him dead. The negro was pursued and captured, and when within six miles of the city was taken from his captors and killed.

A young man named Fred Olds was recently tried in the district court of Shawnee county, Kansas, for the murder of D. W. Ferris last March, and found guilty of murder in the first degree. After his sentence he made a written confession to the court, in which he confessed he murdered Ferris by shooting him in Ferris's own store—Olds was his clerk—and burying him in the cellar; that Ferris and him had quarreled, during which F. called him a petty thief and ordered him from the store, and that he went and got his carbine and shot Ferris to avenge the insult, and then hid the body as he did to hide the crime.

RESOLUTIONS ADOPTED BY THE NORMAL SCHOOL BOARD.

At a meeting of the Board of Education of the State Normal School, held June 26th, the resignation of Rev. T. J. Morgan, Principal, was accepted, and a committee appointed to draft appropriate resolutions expressive of the sentiments of the Board.

At the late meeting of the Board, held July 16th, the following preamble and resolutions were adopted:

WHEREAS, The Rev. T. J. Morgan has been with the State Normal School for the past two years, and, whereas, He having been called to a position in Chicago University, a situation entirely in consonance with his views of duty, has felt compelled to resign his connection with this institution, therefore,

Resolved, That we deeply regret the necessity that requires us to accept his resignation.

Resolved, That we recognize him as a man of superior ability, of fine executive talent, of high and noble sentiments, a thorough and refined christian gentleman.

Resolved, That in his connection with the school he has shown peculiar tact in harmonizing discordant elements, in awakening and infusing an earnest, enthusiastic love of study among the students, in inspiring in them a lofty ambition to become true men and women.

Resolved, That while we fully realize that Nebraska has lost in him one of her ablest and most successful educators, we congratulate the University to which he goes upon so valuable an acquisition to its faculty. He leaves us with our warmest sympathies and best wishes, feeling well assured that bright future awaits him in his new field of labor.

EDUCATIONAL.

Meeting of the Board of Education of the State Normal School.

LINCOLN, NEB., July 15, 1874. Editor Nebraska Advertiser.

The Board of Education of the State Normal School met at the office of the State Superintendent of Public Instruction, for the purpose of employing a Principal and Janitor, and considering other matters pertaining to the interest and success of the school.

After the preliminary business of reading the minutes of previous meeting, &c., several communications were read, among others one from several citizens of Peru, asking that some arrangements be made by which a model school may be kept in connection with the Normal School.

During the past year a part of the Peru District School had been taught in the Normal School building, the district furnishing the room with desks, &c., and paying the teachers out of the district funds. But as the number of students in the Normal and Preparatory departments has so increased as to demand nearly all the rooms in the building for their proper accommodation, the Board at its meeting in June thought best to discontinue the arrangement of allowing the district the use of any rooms now finished off in the building. Thus the Peru district will now have all departments of its school taught in its own school building in the village.

There are, however, quite a number of families who have come to Peru with the express purpose of educating their children and they greatly desire to have them under the direct supervision of the faculty of the Normal School. These persons are exceedingly anxious to have the model department continued.

Under these circumstances it was finally agreed by the Board that if the citizens of Peru would finish off a couple of rooms in the basement of the new building and hire a teacher to act as principal of the department, the board will allow a free use of the rooms and do what it can to reimburse the citizens for the expense incurred in finishing them off; provided the Principal of the Normal School shall have full power to regulate the course of study to be pursued and have the general supervision and control of the department, the same as other departments of the school.

It is the intention of the members of the Board, to use their utmost endeavors to make the Normal School in all respects what it should be, and while they would not do anything to deprive any citizen of Peru of the full benefit and advantage of the school yet they cannot consistently put the State to extra expense to provide a school especially for the citizens of that town and vicinity. The great question to be constantly met and answered is, is the very best interest of the institution subserved, will the young teachers be educated better by such a course?

The Board deferred electing a Principal until the next meeting. Prof. W. E. Wilson fully understands the work to be accomplished, and the care of the school is left in his hands. Any person desiring to make arrangements for sending pupils will receive any information or aid required by addressing him at Peru.

Mr. Henry L. Wagner, of Beatrice, was elected janitor.

The Board then adjourned to meet at the Normal School building September 1st.

The fall term of the Normal School commences Thursday, September 3rd, 1874.

Correspondence of the Inter-Ocean GRANGERS SECTE.

BUSHNELL, Ill., June 24. Your correspondent has secured a copy of the following preamble and resolutions, which were adopted at a meeting of Good Hope Grange, No. 198, held at Good Hope, this county (McDonough), on Saturday, June 20, 1874.

Whereas, The organization of the Order of P. of H., if strictly, or even but partially practiced, would benefit and be a source of much good to the community in which they exist; yet, after a careful investigation, both of the interior and exterior workings of said order, regard it as our duty, both to the public and to those who are still connected with the order, to declare it as our candid opinion, predicated upon actual experience as members working in the order, to publish and declare to the world—

1. That the original principles for which the organization was instituted have been entirely overlooked and ignored, in that the officers have assumed powers that are tyrannical, arbitrary, and entirely subversive of good order in the lodge and in the community; that the officers composing our grand or State organization are not the true representatives of the members of the order selected for that purpose, being ex-officio members of the same; and also that the officers of the National Grange have arrogated to themselves—and that, too, under the workings of the order—warranted and systematic autocratic authority, ruling as with a rod of iron, from whose edicts there is no appeal.

2. That large sums of money have been (are now, and in time to come) collected by the several State granges and the National Grange, for which no adequate return has ever been made by the individual members of the order.

3. And further, there has been, from time to time, through the State and other officers of the order, a disposition to change the organization from its original plan of mutual benefits to the members thereof, to that of a political party, thereby injuring and destroying all that was calculated to unite and elevate the community it was designed to benefit.

4. It is burdensome and expensive to the members of the order, without adequate compensation for money expended; and it is now engaged in a spirit of class legislation, mutual distrust between the agricultural and commercial intercourse of the land, thereby demoralizing and debasing the standard of relations of the community to each other. And further, that the order, as ruled by design-
