THE CITY.

Birl Hoover visited St. Joe for new goods on last Friday and returned home on Sunday.

B. M. Bailey is expected to arrive at home from his trip to Tennessee to-day—Thursday.

John Yelkin, on the Muddy, in Benton precinct, is to have a big auction sale of stock, &c., on next Saturday.

William Theodore, son of James H. and Amanda Jane Corbett, of this city, died on Saturday the 19th inst., aged 20 months.

The Prohibitionists have been having a convention at Sheridan, where they nominated a county ticket. Their proceedings appear in another column.

We were delighted with a 'shake' with W. S. Dawson, on Saturday last. Dawson makes the best kind of flour at Dawson's mill, on the Big Nemaha in Richardson county.

We have heard that the Granger is about to change hands and that Geo. B. Moore and Gov. J. S. Church will ere long run that machine, and that it will continue to advocate the interests of Democracy.

We understand that Church has begun to see his case is a forlorn hope, and proposes to draw off the track if others on his ticket will do so. Go ahead, Howe, we say—we want you to realize just how easily you can be scooped in this county.

J. P. Burdick, one of the Republican candidates for Representative, gave us a pleasant call and chat on Tuesday. He has been out and looking around a little, and thinks, without doubt, the straight republican ticket will be elected by a large majority.

We had the pleasure of meeting in the city, last Monday, Mr. Jno. F. Titus, of Guide Rock, Webster county, Neb. He says they have no corn out there, but notwithstanding this they have any quantity of the best wheat in the world, and plenty to eat. That is truly good news.

Mr. L. Lowman, merchant, returned from the east last week, and is now receiving and opening out a very large and splendid stock of fall and winter goods. Mr. Lowman being a merchant by education and profession enables him to select his goods with admirable taste and judgment for this market, and to sell them to his customers at living rates.

On last Thursday evening two young men of Humboldt, Neb., hired two horses and a buggy of Mr. Tinker, of that town, to go, as they said, up to Table Rock. Instead of going to that place they came to Brownville, put their team up at the Union House stable and went across the river to Phelps, where they took the cars for other parts. They told the landlady of the Union to keep the team until called for which would be in a day or two. Mr. Tinker found his team here on Sunday evening after hunting for it at Nebraska City and other places. That was a very mean method of getting a cheap ride. We did not learn the names of these two young men, but understand that one was a blacksmith and the other a painter, and had been about Humboldt for several months.

The "Choral Union," of this city, under the direction of Prof. J. B. Dye, gave a concert in McPherson Hall on last Tuesday evening, for the benefit of Rev. W. B. Slaughter, of the M. E. Church. The audience was not large, but was respectable in number, and appreciative. We have not space to notice in detail the vocal efforts of that occasion, and can only say that generally the singing was excellent. We think the quartettes and ballads were all very fine, indeed. "The Deadly Old Deceiver" was the best of all, for our ear, and when that was sung we had the worth of our money with all the rest thrown in. Amongst the ladies of the Choral Union are some very excellent voices, which are seldom excelled we think anywhere, among whom we cannot forbear to mention those of Mrs. Nickell and Mrs. Graham as the most cultivated and distinct; but amongst them all, if we were to be the judge, we would award the premium to Miss Jennie Rouser. We had one objection to the concert only, and that was, there was too much loud instrumental music.

What is it?—Their poster which gives notice of the times and places Hewett, Howe & Co., will harangue the people, calls it the "People's Independent Ticket." When they first commenced calling it, this spring, it was the "Farmers and Laborers'" party. Then shortly they called it the "Independent" party, but they have named the child again and now it is the "People's Independent Ticket." After the election its pertinence will be still more doubtful. But what's the difference? a skunk would smell as nasty by any other name.

L. Lowman's stock of flannels, water-proof cassimeres and jeans is larger than ever.

L. Lowman has returned from the east with a large stock of men's, youths' and boys' clothing.

THE FALL TRADE.

It is always with pleasure that we call the attention of the people to live business men, who so conduct their business as to merit compliments as well as the confidence and custom of all classes of citizens.

We conceive that the firm of Stevenson & Cross are young business men to whom these words are applicable.

In 1868 they came to Brownville and made the Star Hotel, and by their economy and close attention to business built up a custom for that house which gave it a reputation that it has never enjoyed since—they made it a success. In 1870 Stevenson & Cross entered into the hardware and grocery business, and by the same indomitable energy and industry which marks every step of their business life, they at once commanded the attention of the people and a large trade, and to-day their house is the largest as well as the principal emporium of trade—in its line—in the city of Brownville. It is the principal mart of trade and traffic. It is the place where the farmer goes with his produce, vegetables, anything, everything, that can be used at all, to exchange for cash or trade in the line of goods of the establishment. And it is a general trading place for the people of the city, for groceries and provisions, knowing that they can usually find what they want at Stevenson & Cross's store if in the market at all. This firm is now daily receiving large lots of goods and their large store room is literally jammed full of hardware and groceries of all conceivable kinds and qualities, for their trade is of such proportions as to demand full and complete stocks for the fall trade.

It is unnecessary to remind any one that at this house is the place to get value received for their money. The people generally know and concede this, and that there they are accommodated in no stingy or ill-gardly manner, but are made welcome and treated pleasantly whether they trade or not.

Dr. John McPherson and wife, of Republican City, are in town. They arrived on Saturday last. The health of their daughter, Mrs. Dolan, when they came to see, is improving.

F. E. Johnson on Sunday evening last started for Chicago, to purchase his fall stock of goods. Look out for a big stock of goods when he returns, adapted to the wants of this community.

Hikes & Bro., nurserymen near London, Neb., have sold their farm, except the part on which the nursery is situated, and propose to engage in the mercantile business, soon, at Johnson, Neb.

H. F. McCoy and Edward Arnold started for Ann Arbor, Michigan, on Tuesday of this week to attend the medical institute in that city. The boys want to make doctors of themselves, and we hope they will succeed, and be good ones.

Dr. C. F. Stewart, Superintendent of the Insane Asylum, Lincoln, came down on a visit to Brownville, last Thursday and returned to his post of duty on Saturday. We were pleased to see the Doc. In the enjoyment of excellent health.

Tuesday, Sept. 23d, the District Fair commenced in Lincoln, and will end on the 25th. From the preparations made, as we learn them, the fair will be a grand success. We thank Mr. J. I. Kinney, president of the association, for a "complimentary" received.

Peaches! Peaches! Peaches to the right of you, peaches, to the left of you, peaches in front of you—peaches till you can't rest. Jam them, jelly them, butter them, pickle them, dry them. Jars, crocks, kegs, cans. Seal up carefully, handle them gently, lay away sweetly, good wife, for peaches are not bad to take any way you may fix them.

We notice by the minutes of the Prohibition convention, that Hayden and Ewing were nominated for Representatives. At the other convention of the temperance folks, held in Brownville on the 5th inst., Mr. B. M. Bailey was nominated for that ticket. Do our temperance friends propose to run three candidates for the Legislature, or have they got things somewhat bungled up? The latter, we presume.

W. D. Blackburn, of Republican City, has been in the city for a few days past. He reports very favorably for the Republican Valley country. He exhibited to us a specimen of wheat raised near Republican City. It is of the White Mediterranean variety, and we think judges of wheat would say it is as good as they have ever seen in Nebraska, and Nebraska is ahead on the wheat question.

What is it?—Their poster which gives notice of the times and places Hewett, Howe & Co., will harangue the people, calls it the "People's Independent Ticket." When they first commenced calling it, this spring, it was the "Farmers and Laborers'" party. Then shortly they called it the "Independent" party, but they have named the child again and now it is the "People's Independent Ticket." After the election its pertinence will be still more doubtful. But what's the difference? a skunk would smell as nasty by any other name.

ST. DEROIN PICKUPS.

—Peaches and pawpaws plenty.

—Our ticket—Republican straight, of course—is all right here.

—Herd law and anti herd law are exchanging a few "cuss" words again. Anties have it.

—The Church of God people are holding a camp meeting in Barada's grove. From the noise we judge they are having a glorious revival.

—Our mill is doing splendid work. Mr. Parkhurst, formerly of Sheridan, has established a good reputation as a gentleman and miller.

—Joseph Taylor has sold his orchard to James Taylor, of Columbus, Nebraska. Deroin too tough for Uncle Joe, and he has decided to migrate.

—Attention—any blacksmith of temperate and industrious habits, wanting a position during the coming winter, will please address L. Cooley at this office. None but a good mechanic, and one well recommended need apply.

—Dr. L. Rice is our delinquent tax collector, and it is really amusing to see the delinquents "git" when Doc. comes down town.

—A good gentleman has asserted that the inhabitants of Deroin are devoid of principle—little superior to heathens. We honor him for this assertion, and when the Methodist Conference meets the first of October, we trust it will send some worthy theologian to enlighten us.

—Our school is again in working order. The tolling of the bell reminds us of our own happy school days. Then we sang: "Our young blood is tingling with life and with joy, Nor griefs intermingling our pleasures alloy."

A change! But now: "Howdy falling all out on our ear, Life's trumpet is calling to labors more dear." Superintendent Pearson has promised this an institute during the winter, and we anticipate a "feast of fat things."

NEW CEMETERY.

Notice is hereby given that we, the undersigned, residents of Glen Rock Precinct, Nemaha County, Nebraska, will meet at the Glen Rock School House on the 17th day of October, A. D. 1874, at 7 o'clock in the evening, for the purpose of forming a cemetery association, and to elect members to serve as trustees and one member as clerk. All persons interested in said association are requested to be present.
