The Sons and Daughters of Temperance of this city will have a festival and dance in McPherson Hall on Washington's Birth Day, Monday, February 22nd.

The Beatrice Express says the A. & N. railroad paid a tax of \$9,300 in Johnson county last year. The interest on the bonds issued to said road is but \$10,000 a year.

Deputy Bridge organized Pleasant Lake Grange, Glen Rock precinct, on Thursday evening, February 4th, 1875, consisting of sixteen members, with F. M. Self as Master, and S. Graham, Sec'y.

Mrs. Tanner has removed her stock of millinery goods to No. 54 Main street, where she respectfully invites the ladies of Brownville to call, feeling confident she can give them as good, if not better, bargains than any other house in the city.

Outside of Omaha and Lincoln, the ADVERTISER contains weekly more reading matter than any paper in the State, that is printed at home, and as much as any one that is printed in Chicago, and can be bought for less money. Only \$1.50 a year, in advance, is now asked.

M. T. Green, of Chicago, business manager of the Chicago Lumber Company, and F. Colpeper, of Nebraska City, also of the same company, were in our city on Saturday last. Mr. Green expresses himself as well pleased with the prospects here, and has already ordered their yard in this city well stocked with all kinds of lumber.

We intend that the ADVERTISER shall continue to be as good a paper as it has been during the past year, and just as soon as the times and our business will sustain us in doing so we will enlarge it and make it a still better family paper than it now is or ever was before. Embrace the opportunity now of getting it for one year for only \$1.50, in advance.

Mrs. Wm. Bantz, of Nemaha City, in company with her husband, called one day last week and availed herself of the advantages of our office of the ADVERTISER for \$1.50. She says she couldn't wait to be happy without the ADVERTISER. All these things are business in a minute. In every family our paper is appreciated, for our chief aim is to make it a good family paper. It ought to be in every family, that can read, in this country. We know the tastes of our readers well and we labor in the preparation of matter to suit them.

While the first train of railroad cars to Brownville, Monday of last week, was returning to Nebraska City the excursionists organized a meeting to express some sentiment and opinion with regard to their trip to Brownville. Mayor Tuxbury, of Nebraska City, was made chairman. Messrs. Calhoun, Patterson, Woods, Majors and Sloan, were appointed a committee to draft resolutions, and reported the following, which were unanimously adopted:

Resolved, That we, as citizens of Nebraska City and Peru, extend to the citizens of Brownville our hearty thanks for the kind and cordial reception they have this day given us.

Resolved, That we are indebted to Dr. J. N. Converse for the present trip, and that we gratefully acknowledge these courtesies of both the citizens of Brownville and Dr. Converse.

Resolved, That we pledge our earnest efforts to the success in the future of the M. P. R. R.

Judge McKinney has returned from his visit to Illinois.

Poetry by "Lombardy-Maple" will appear in our next issue.

Hon. H. C. Lett and H. M. Atkinson went to Lincoln last week.

We notice that Mr. Sander has removed his harness shop up street to the room formerly occupied by Henderson's store—first door west of Huddart's.

There is no more difficulty in growing an evergreen than a cotton-wood, when properly handled. Get fresh, live trees of George G. Furnas, Brownville.

For a real noisy pipe call on Gus Bergmann. He has some of the nicest in town, and Mr. Brown will take great pleasure in showing them to you.

Down in Kansas some of their names of places or localities are rather odd and somewhat suggestive. The Chief publishes the notice of a marriage that occurred in "Studhorse Bottom."

It is whispered that one of the fairest of the fair of Nemaha City, will ere long be led to Hymen's altar by a prosperous young merchant and capital remover of Western Nebraska. The knowing ones say it is a dead sure thing.

The ADVERTISER boys thank Mr. Dan Collapp for his services on the paper. They agree that he is the right kind of a boy to have around. When you want a little recreation, Dan, from twisting tobacco leaves, the boys can always furnish you a case.

Mr. Stevens, who informs us that he is an old hotel keeper, is now running the Star Hotel. He intends to put \$400 of \$500 worth of new furniture in the house, repaint, paper and otherwise greatly improve it, and proposes to run it in first-class style. We wish him success.

We presume there will be a tremendous crowd of school children, and teachers, everybody, at the spelling school to come off on the 20th at McPherson Hall. The object for which the occasion was gotten up is a noble one and every school in the county should be represented.

The season for changeable weather—clouds and sunshine—wind now in the south, now in the north—rain whirling now in the air—sleet—slush—ice—mud—warm to feel, cold to-morrow. Keep your feet dry—take your overcoat with you and use every precaution against taking cold.

Mr. Howe, the other day, offered a resolution for the adjournment of the House on the thirtieth inst., but when the gentleman from Nemaha consulted an almanac, kindly furnished him by a brother member, he made the wonderful discovery that February has not 30 days in it. There was a general laugh by the honorable members at Howe's expense, but it ought not to have been, for they should not expect Mr. Howe to know anything.

Dr. Converse, Superintendent of the M. P. railroad, was in the city on Saturday last, for the purpose of receiving the Peru bonds voted to aid in extending the M. P. road to Peru. Col. Major, Marshal Daily and quite a number of the citizens of Peru also came down on that business, but a majority of the Board of County Commissioners, by whom the bonds would have to be delivered, failed to be present, and of course Dr. Converse was disappointed in getting his bonds. Mr. Shook was the only Commissioner present.

We ask the pardon of our readers this week for paying so much attention to the editor of the Granger and Mr. Howe, his employer. He attacks us severely in his last week's paper and directly contradicts statements made by us, and in self-defense we hurl the lie back into Mr. Geo. B. Moore's teeth. We not only brand him with deliberate falsehood but are able to prove it by testimony respectable and responsible. When we make an assertion unqualified and positive we want it understood that we always stand on tenable ground.

On the evening of the 22nd inst. the Sons of Temperance, and their wives and girls, of this city, and everybody else who will join them, expect to have a good time. They will have a splendid supper and music and songs and a short address and so forth. For all this 50 cents admission will be charged at the door, and nothing more after you enter—50 cents pays for all, unless, perhaps, if in the young folks conclude to dance awhile, something will be charged those who participate, in order to pay expenses. The receipts of the occasion will be applied towards buying an organ for the Division room. Everybody is invited, old and young.

We learn through Dr. T. W. Leeper, of Aspinwall, that Mr. Frank Rother, of that place, met with a very severe accident one day last week. Quite a number of persons were in the store of Mr. Welseuider who were under the influence of liquor, and were very carelessly handling a loaded revolver. Mr. Rother, fearing some accident, got possession of the revolver for the purpose of drawing the loads. While in the act of doing this, one chamber was accidentally discharged, the contents passing through the severe wound. Dr. Leeper says Mr. Rother is getting along finely, and that the use of his hand will not be materially impaired.

The Doctor says there is considerable sickness in that locality.

Three or four inches of beautiful snow fell on Tuesday night.

See advertisement of Grain, Seed and Feed store, by Huddart & McCoy.

The clerk calls a special meeting of the county commissioner for Saturday next.

The ladies of the division of S. of T. wish it to be understood that there will be no "penny catchers" at their festival on the 22d. 50 cents pays the bill.

Moore ought to be paid for doing Howe's dirty work, but Howe ought to pay him himself, and we object to him paying money out of the public treasury for that purpose.

Frank McIninch called on Tuesday and renewed his subscription. From remarks he made regarding the loyalty of newspapers, we infer that he wants such as are substantial and reliable, and that mongrel concerns find no favor with him.

The Chicago Lumber Company is preparing to do an extensive business this spring. Fifteen car loads of lumber are being received by the company this week. Brownville is the place to get your lumber. See the advertisement of this company in another column.

The cadaverous countenance of the Granger editor will become as elongated as that of a Government mule when he reads this paper and sees the names of our "informants," and how nicely we sustain our "cred- it of being able to tell the truth," by being able also to show that his reputation for telling the truth, if he ever had any, is somewhat damaged.

Thanks to J. H. Noteware, State Superintendent of Immigration, for a copy of his last "Immigration Map." It is the most accurate map of this State ever published, and is sufficient- ly correct for all practical or business purposes. It shows land districts and land offices, counties, townships, towns, post-offices, railroads and railroad connections, late surveys, the pine lands, &c.

The American Newspaper Advertising Agency of Geo. P. Rowell & Co., New York, is the only establishment of the kind in the United States which keeps itself persistently before the people by advertising in newspapers. They evidently receive their reward, for we have it from a reliable source that advertising orders issued by them for their customers have exceeded three thousand dollars a day since the commencement of the year, and this is not a very good year for advertising either.

We are reliably informed that the two independent H's at the capital intend to vote against the removal of the capital. We are overpowered with joy to think that these gentlemen are going to vote on that question in accordance with the ADVERTISER'S advice, and we tell them that the indignation of their constituents would be extremely awful should they suffer themselves to be bamboozled or bought off to do otherwise and we hope therefore they will be faithful to the end, and not be overcome with temptation.

Mr. J. W. Brush has shown us a letter from John Creason, who used to live in this county, but now of Hall county, this State, near Grand Island. Mr. Creason says many of the people of his precinct are suffering for food and clothing, and must have aid or many will absolutely perish. He does not want help, now, himself, but appeals to the charities of the people in behalf of his destitute neighbors. This sufferers should apply to some relief organization for speedy help, or avail themselves of the appropriation which will certainly soon be made by the State.

The editor of the Granger last week devotes nearly all of that part of his paper that is not printed in CHICAGO, to Church Howe and the ADVERTISER, and not in a single instance does he truthfully refer to us. In other words he lies right straight along from one end of his editorial pages to the other. Facts bear us out in the remarks we made in regard to Mr. Howe and we are able to show them whenever we feel so disposed. The editor of the Granger ought to know by this time that we do not shoot at random, and that if we do sometimes shoot at a small mark, we generally hit the thing we shoot at.

FEED THE POOR.

Little Ira Bacon is very sick.

These severe storms make one sigh for warmer climes.

The daughter of Dr. McGrew, little Gracie, is sick with pneumonia.

Religious enthusiasm is at a low ebb. Social pleasures eagerly sought after.

Mr. Hayden, representative from London, Nemaha county, is a worthy gentleman and much respected.

Rev. Wheeler commenced a series of religious meetings recently. The weather is unfavorable, and he is not making much progress.

Wm. Harris and family, and Nathan Coleman and family, spent a few days in Nebraska City, attending the wedding of Rosie Morgan, a grand daughter of Mrs. Harris.

The widow Waite, whose family has been sick all winter with typhoid fever, is now sick herself. Surely the neighbors ought to remember the widow and fatherless in their affliction.

R. A. Hawley tarried over the night with us. Always glad to see brother H. He is going to leave his farm in Clifton, and go into business in Brownville. He has good business talent. May prosperity attend him.

The ADVERTISER should be careful how it opposes a "bill" or expresses a view of its own, for it may be converted into a "thing" at the "incorruptables," and flings hit sometimes, and hurt too. They are the only ones who have a right to cry "corruption," and present bills.

"Free thinkers" should not object, if they would be consistent, to prayers and religious essays at Normal Schools and Universities. If attendance is not compulsory they need not attend. Devout prayer will not hurt individuals or schools. There is a deep philosophy in prayer not well enough understood.

Judge Ritter is talking temperance, and seems to mean it.

No whiskey at either store, and the bitters have given out. Oh, my! The St. Deroin mills seem to be doing a big business. At any rate they ran all day last Sabbath.

G. W. C. T. McCasland was in town last week looking after the temperance interests in our vicinity.

School is progressing nicely. Mr. Noah, as the little folks call him, appears to be giving splendid satisfaction.

We are all taking it cool, if the Rev. Colyer has declined to come here. He thinks the folks of Hillsdale have more need of his services.

Dr. Fitzgerald told at the temperance meeting the other evening that a man who got drunk was not fit for ladies' society. True; neither are some who do not get drunk.

Married, on the 7th inst., Mr. Thomas Crosley to Miss Mary Foutch, both of this place. The ceremony was performed by Esquire Christian, at his residence in Missouri. We will send all the particulars soon.

A PROPOSITION. To our subscribers we offer the following inducement for them to renew their subscriptions, and the same inducement is offered to those who do not now take the paper:

Those who renew their subscriptions, or subscribe, for the ADVERTISER between this time and the 15th day of February, we will charge only \$1.50 for one year. Now avail yourself of this opportunity of getting the best weekly in the State for the smallest amount of money, and tell the good news to your neighbors who have not been taking the ADVERTISER. Remember, this offer has reference to cash payments only, and no kind of trade. And, remember again, that we do not mean a reduction of the amount due us from subscribers in arrears. We simply mean what we say, that subscribers can have the ADVERTISER one year at the price named above, by payment in advance if they present us their names within the time above named.

GOOD RESOLUTIONS. At a recent meeting of Rising Star Grange, Wm. Bridge, master, the following resolutions were unanimously adopted:

WHEREAS, Good and neat public highways are conveniences that every citizen should highly appreciate; and that well kept and convenient roads are marks of the industry, thrift and intelligence of the community in which such roads are located; and

WHEREAS, It is a very common practice of farmers, for the purpose of scouring their plows, to indiscriminately plow up the roads, and thus leave them in a very unsuitable condition for travel, and also of throwing hedge trimmings in the public way, which often result in injury to man and beast, and especially to children passing on the road. Now, therefore, be it

Resolved, By the members of Rising Star Grange, that said practices are untidy and unfarmer-like, and that we condemn the same, and call upon the supervisors of the county to enforce the law against obstructing the public highways.

BEDFORD BREVITIES.

We wish to say that the merits of the ADVERTISER are duly appreciated in this locality.

In traveling over the county in many places we find feed scarce and stock poor. In this community there seems to be plenty to 'go through' all right.

To all good moral men and women, who wish to get a home, we will try to make you happy. We bid you welcome.

That was quite a joke on Mr. Stokes' boys when they took the girls to a neck party, and their horses got their necks untied, ran away, and left the boys and girls to find other conveyance home.

The farms of Messrs. Cas. Barns, Jno Stevenson, Reuler Kite, E. J. Randall, W. H. Tucker and Hiram Swartz, all joining, have about two hundred acres of fall wheat. It looks well as yet, for all the severe cold, and promises to make a good crop.

We have survived the grasshoppers and dry weather and feel happy. Yet there is one class of our citizens that deserves sympathy, viz: the young ladies. Why? Because they can't "catch" H. Swartz. O! ye fair ones, "go for" him. He is a good fellow.

We have a good neighborhood organized into school district No. 33. We have from seven to nine months of school each year. Mr. J. B. Piper is teaching our winter term. He is an able teacher, and has the faculty of gaining the love of the pupils. I think Mr. Pierson will give us credit for a good house, good teacher and good school.

Let croakers cry "hard times," those who lack "push" whine about low prices, and the inactive complain of Providence, nevertheless, we hear the everlasting hammer of the carpenter at Mr. Kite's. Yes, Mr. Kite "just will" tear down the old house and barn and build new. Don't forget the foolish man, Mr. Kite. We know not the day nor the hour in which our soul shall be required of us.

OVERCOATS, BLANKETS, SHAWLS, DRESS GOODS, at cost. L. LOWMAN.

Important to the Traveling Public. It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more
