THE RIVER OF TEARS.

BY LOMBARDY MAPLE.

It by the name of The River of Tears.

Through the long, dim, sorrowful years;

And he who'd take up his abode on its bank

And many there are who dwell on its strand

With ceaseless moan through the weary

And, yet, not forever is each one delayed,

Through the long, dim cycle of years;

The other-side shore is so unlike to this,

"Land beyond 'The River of Tears,' "

That it's called the "Land of perfect bliss."

MAKING LOVE IN THE DARK.

And so happy Its bright waters run,

And watch its dark waters roll by.

Paying tribute of many a sigh.

Pass over this River of Tears.

"The fairest land under the sun;"

Peru, February 20th, 1875.

espondence Nebraska Advertiser. NEW YORK, Feb. 27, 1874. ST. JOHN'S GUILD. New York may be extravagant, but

it is neither penurious nor mean. St. John's Guild is a charity celebrated for the thoroughness and system with which it does its work. Supported entirely by voluntary contributions, it accomplishes thore for the relief of the poor than any other dozen charities in the city. It will be rememberup the river in barges, six or seven teract it? hundred at a time, and giving the little invalids the fresh air and nourishing food necessary to keep them alive. All this terrible winter the Guild has furnished food, fuel and clothing for four thousand families, twenty thousand persons, all deserving cases, sought out by its officers. But the long continued cold weather was too much for the Guild and its resources were insufficient. Last Thursday morning it was announced that the supplies were exhausted, and that unless aid was rendered at once the charity must close its operations. Many a poor widow, and many a poor man out of work, heard the announcement with a sinking heart, for during the long, tedious winter the Guild had

The cross-examination by Evarts brought out a more circumstantial account, but did not change the state-

ment of the witness. How to Make Sufes Safe.

The following hints for the use of safes, and of what should be put in them, are vouched for by good authority. Avoid fancy, colored inks, as they are more liable to be obliterated to repeal section 31 of an act entitled 'An by heat when the safe is under fire .act to establish a system of public instruc- The black inks are better. Lead pencil will stand the heat better than elther, even when the paper is burned black. Do not put the most valuable account books at the sides of the safe. as the heat coming from the outside will affect them first. Crowd the the safe, for the purpose of making them tight together, as in this condition they will stand the heat much longer. Wood drawers are preferable to iron for each bexes, and for small papers, as wood is a non conductor of heat, and iron a good conductor. Never use in a safe a leather wallet as a receptacle for valuable papers, as boilconvert it into a gluey substance, and
