EXTRA COPIES OF THE ADVERTISER FOR SALE BY G. S. HENK, Publisher, Stationer and News Dealer, at No. 37 Main street, next door to Postoffice.

Authorized Agents.

WESLEY DICKMAN, at Sheridan, is our authorized agent at that place to receive land receipts for all the lands in the county.

LOCAL MATTERS.

Now is the time for plow shoot.

Read all the advertisements in this paper.

Maj. Coffey, we understand, is selling a paper in Chicago.

Marshall McCabe is enforcing the new and long ordinance to the letter.

Iowa is the Egypt of Nebraska, and the people go over there after corn.

Bar merchants are still receiving new goods, and all have laid in large stocks.

The constitutional convention will commence its session next Tuesday, the 11th inst.

N. P. Meader and N. H. Gilliland of Glen Rock precinct, gave us a pleasant call since our last issue.

Devel Johnson, Reub. Berger and Wash. Culp went up to Omaha to court on Monday, to serve as U. S. jurors.

There is no better point on the Missouri river to buy dry goods, groceries, hardware, or agricultural implements, than Brownville.

Thos. Hill & Co. are offering great inducements to cash buyers, and their first-class room is crowded from morning till night.

Last Saturday we saw farmers planting corn with their overcoats on, but then the weather was not hot that day by any means.

The fellow who wanted to adjourn on the 30th of February, showed his smiling and benign countenance on our streets last Wednesday.

Joseph Curtis, agent for the Deery self-raking reaper and mower, is going to say at the north of this machine in another column.

We regret to learn that uncle George Culp, for several years a resident on the Dr. Keeling farm, is very sick, and that no hope is entertained of his recovery.

Died, in Aspinwall precinct, on the night of the 30th ult., of pneumonia, Mrs. Larkins, wife of our respected fellow-citizen J. R. Larkins, in the 68th year of her age.

John Hansfield now owns the fifty-four feet vacant ground lying between the store houses of E. S. Wiley and L. Lowman. We hope to see a good block of buildings group there this summer.

We sometimes feel utterly disgusted with the kind of weather we are having; but after reading the reports in our exchanges, we feel greatly relieved in knowing they have it much worse in other places.

We had the pleasure of meeting, last week, Mr. John Titus, of Guide Rock, Webster county, Neb. He says when he left home, a short time ago, there were no young grasshoppers as yet in his part of the country.

Aspinwall will vote on the M. P. bond proposition on the 19th, and Nemaha City and St. Deroin will vote on the 21st. Aspinwall will vote on Wednesday, and the other two precincts on the following Friday.

We understand that Hon. Church Howe of this county, and of whom our readers may have heard, has received and accepted an invitation to deliver the address at the Adams county agricultural fair next Sept.

While riding on the prairie last Sunday we witnessed a very unusual flock of the weather—a snow storm on the 21st day of May. It only continued about thirty minutes, and melted as fast as it reached the ground.

The farmers of McPherson county, Kansas, says the Leavenworth Times, will plant large fields of broom corn this year. It is a crop that never fails on the western prairies, pays well, and one that grasshoppers will not eat.

We understand that some country dealers in tobacco have laid themselves liable to trouble by violating the revenue law, and that a peremptory summons to appear at the bar of justice at Omaha will be made upon them during the present term of the U. S. district court.

The farmers of this county are busy with the season with their work. They are generally ready to plant corn. Some are planting, while others who are ready are deferring until warmer weather, not willing to run the risk of having the seed rot in the ground. Growing weather will certainly come ere many days.

We think that Aspinwall precinct will give quite a respectable majority for the bond proposition. They want a railroad, let it run where it may. A majority of them realize the fact that it cannot run by everybody's door, or through everybody's land, and that some who anticipate such an event must necessarily be disappointed.

The St. Joe, Herald says the water in the Missouri river during the recent rise was eight inches higher than last year.

Our old friend Sam Rich, now of the Falls City, spent last week in our city. We were all pleased to see him looking so well.

Ted Huddart has bought and moved into the Cohn residence in the west end. This makes a vacancy in our city council from first ward.

The colored slip pasted on your paper has your name printed upon it, also the time to which you have paid. Look at it and see if you are indebted to us.

A little daughter of Mr. L. J. Evans, of Cass county, last week was helping her father set out fire in the stubble, when her clothes caught fire and she was burned to death.

Goley Pavy advertises his farm for sale in another column. This farm is in the Hughes settlement, twelve miles south-west of Brownville. This is a good farm, and can be had cheap.

You will find your name printed on the slip of colored paper pasted on the margin of your copy of THE ADVERTISER each week, and that will tell you how you stand with us. If you owe us, call and settle.

J. B. Hoover, Nemaha City, is now selling goods for pay down, and no one need ask him for credit. He says that notwithstanding this newly established rule, he is doing a good business. The secret is that while he cannot trust his goods out he is selling at the lowest possible figures. He says that justice and safety to himself and creditors imperatively demand a strict adherence to the ready pay system.

The State folks in the intermediate department of our high school decided some weeks since to have a May party. Accordingly on last Saturday forenoon quite a number of them gathered at the school house to have their day's fun gathering flowers and eating cakes and other good things with which their mothers had kindly provided them. Miss Stella Hetzel was chosen as their queen. Mrs. Hetzel, deeming the day too cold and raw for the young folks to be out, kindly offered them the use of her house, which offer was accepted, and we doubt not all enjoyed themselves better than if they had wandered off into the woods. Mr. More Hulburd, teacher of this department, the Rev. Richards, and Mrs. Hetzel, did all in their power to render the little ones happy; and we are sure they will all remember with pleasure the May party they had at the residence of Mrs. Hetzel.

Ex-Gov. Furnas has just finished planting sixty acres of orchard this spring. This makes just 100 acres of an orchard for him. This orchard, and his vast nurseries, are two miles west of Brownville. We were out to see the Governor last week, and got a few choice trees. We found him where he has been constantly for the past month—in the midst of his trees and shrubbery, hard at work, with his own hands, and superintending the work of his laborers, planting, transplanting, filling orders for customers, etc. The Governor, finding his nursery matters in not excellent shape this spring, and remembering the little story of the farmer and the lark, and the admirable lesson taught by it, took hold of his rural labors himself, "threw himself into the breach," and although the cold winds and disagreeable weather of this spring have made his face as brown as a Mexican, he has the satisfaction of knowing that his work is well done, and demonstrates that he can labor as well as theorize.

The Governor, the morning we saw him, was not feeling well. He attempted the day before to pull a tree out of the ground "by the roots," when, instead of proving himself a Sampson, he wrenched his back until he could scarcely walk. And then he was out of humor with the grasshoppers, for, as he says, they climb his fruit trees, and hunting out the swelling fruit buds, devour them. The hopper last fall took a strong fancy to his nursery grounds, and literally stuffed them full of grasshopper seed, and none of that kind of seed fails to come up and live, and move, and have a being. Just think how smart the little pests are—not bigger than a pin head, some of them—climbing into a fruit tree, ten feet, to investigate the fruit prospects. But that's the way they do—that is a case where the pure cussedness of their nature comes in. The Governor is not, as a general thing, a swearing man, but he made remarks that indicated that had he the executive ability he would send those grasshoppers to that hot country that the preachers tell about, and then recommend a repeal of the pardoning power.

The city council had a meeting on Monday evening. See minutes elsewhere.

By a late arrangement the passenger train on the M. P. now arrives in this city at 3:45 p. m.

Wat. Emson commenced herding the town cattle on the bottom above town, on Monday last.

Several articles which we have in type for this paper are crowded out by the demand for our advertising space.

Dr. McPherson started for St. Louis on Tuesday, his object being new goods and to enlarge his cigar factory.

Hary Dolen, whose wife has been considered dangerously ill for some time, informs us that she is slowly recovering.

The "Clipper" base ball club will go to Rockport on Saturday next to play the "Silver Stars" of that City. It will be an exciting game.

Abbott & Emery have bought the interest of A. W. Lemon in their wagon and blacksmith business. See dissolution notice in another column.

Three hundred acres of good farm land for rent. Two houses, two good barns, water, corral, and everything convenient. Apply to F. E. Johnson & Co.

The grasshopper clerk is shooting off his contemptible little popgun again, and misses his mark widely as usual. Wonder what "Colonel" the simperton is driving at?

A. J. Ritter, Noah Welty, and Z. P. Thornton, all of St. Deroin, paid Brownville a visit on Friday last. When seen by our reporter they were in search of something to sustain the inner man.

Dr. Converse of the M. P., and H. C. Lett of the Brownville & Ft. Kearney & P. railroads, started for Columbus, Ohio, on Wednesday morning on important business connected with our railroad interests.

For cheap land, and land that never fails—grasshoppers or no grasshoppers, drought or no drought—to yield abundance of any crop in which it may be planted—grain, fruit or vegetables—Nemaha county, Neb., is unsurpassed in the west. Our farmers, who properly cultivate, never fail to have a surplus of farm products for sale.

Judge Morgan, of Sheridan, gave us a call on Saturday. The Judge has been out to Franklin county where he has a timber culture claim, upon which he planted on "arbor day" 14,400 cottonwoods. We doubt not the Judge will take in the \$75.00 premium offered by the State Board of Agriculture for the greatest number of trees planted on that day.

On last Wednesday afternoon there was an alarm of fire at the residence of Mr. McCoy, this city. The people responded promptly, and within a few minutes after the "fire" cry was heard a number of citizens were on the ground ready to render any assistance in their power. The fire was extinguished, however, by the members of the family before it did much damage.

The Grand Island Times has the following very complimentary notice of stock received at that place from the Furnas nurseries:

"The finest lot of trees and shrubbery of all kinds that has ever been brought to this section, were received the other day by William Stolley, from the Furnas nursery at Brownville, in this state. These trees are all nice looking and healthy, and as fine as any we have ever seen from any nursery."

While we are pleased to see Dr. McPherson taking hold of business again in Brownville with a firm hand, we regret to see those excellent business men and good citizens, F. E. Johnson & Co., and Gus Bergman, go out of business. Bergman, however, will continue to carry on the cigar manufacturing business for the Doctor, and we hope that Frank Johnson will ere long go into business again in our city. We cannot well afford to lose him.

On Tuesday evening last an important conference took place in the office of W. T. Rogers, Esq., between the officers of the M. P. railroad and a delegation of influential gentlemen from Richardson county, representing the Salem route for the extension of the road from this city southward. Dr. Converse, Superintendent, T. P. Kennard, Treasurer, and Mr. Smith, Auditor, of the R. R. Co., were present. The delegates from Richardson were J. W. Holt, P. W. Berkhouer, S. P. Gest, Dr. J. R. Brooke, D. C. Simmons, all of Salem; and Thomas Moore and M. H. Vandeventer, of Muddy. We were not advised as to the result of the interview, further than that the Salem delegates returned home filled with hopes of success, but that there was no definite arrangement or agreement made.

Dr. John McPherson came in from Republican City last week, and has been stirring business up with a sharp stick since his arrival. Some sets his foot to be done when the Doctor sets his foot down—business has to move on—and if he has no business he is never slow nor out of resources to make business. He advertises all his real estate for sale—he is bound to sell it anyhow. Since then he has disposed of some 640 acres of land, and has bought out the mercantile business of F. E. Johnson & Co., and also the cigar business of L. A. Bergmann, two as successful business establishments as there are in the city. He will continue the goods business at Johnson's old stand, and the cigar factory he will also remove to his brick block, occupying the north-east corner of a corner room, Tommy Shurts in charge, while the preparation of the deed will be carried on in the second story under the supervision of L. A. Bergmann. He intends to greatly enlarge the business. We wish the Doctor much success.

COUNCIL PROCEEDINGS.

COUNCIL CHAMBER, May 5. Council met; present, Mayor Johnson, and councilmen McLaughlin, Hill, Merer, and Parker. Minutes read and approved.

The petition of J. & E. Huddart to sell spirituous, malt and vinous liquors at No. 51 Main st., was read, and there being no objections, on motion of T. McLaughlin the license was granted. The accounts were then allowed:

TAKE NOTICE.

A NEW ADMINISTRATION.

Dr. John McPherson, having purchased the splendid stock of goods of F. E. Johnson & Co., will continue the business at the same place. He wishes to say to the people of Brownville, and the farmers of this and adjoining counties that his present stock is very large, and that he will soon be in receipt of more new goods, which he proposes to sell, for cash down or in exchange for produce, at rates so low as to astonish the natives. Call at the old stand under the new administration, and realize the truth of what is here asserted.

Mrs. E. Marion has just received another lot of new hats and flowers; also 1,000 yards of all silk grain cord edge ribbons, from 2 to 6 inches wide at 25 cents a yard.

Call and see my new stock of spring goods, consisting of dry goods, clothing, shoes, hats and groceries. I have one of the best stocks in town, and sell at very low prices, to suit the times.

GEO. MARION.

DISSOLUTION OF CO-PARTNERSHIP.

The co-partnership heretofore existing between the undersigned, has been this day dissolved by mutual consent. A. W. Lemon retiring from the business. The business will be carried on hereafter by S. W. Abbott and M. L. Emery, under the firm name of Abbott & Emery, who will settle all accounts of the old firm.

Thanking patrons for past favors, we respectfully solicit a continuance of the same.

GRAND EXCURSION.

BROWNVILLE TO NEBRASKA CITY.

The Great New York and New Orleans Zoological and Equestrian Exposition.

The immense institution exhibits in NEBRASKA CITY Friday, May 21st, 1876. It comes most favorably timed for the present year, as it is from point to point. Has an immense number of animals, including lions, tigers, bears, etc., to contain its animals, and to express its exhibition purposes, which will last so long that it will be up with us every thing is as desirable as in day. Among the animals exhibited in mammoth tanks holding 50,000 gallons of water, the grandest of the "blue eye" the African hartbeest, the giraffe and the very rare and interesting animals. Also crocodiles, sacred cattle, pythons, kangaroos, ever exhibited, kangaroos, manatees, (one baboon) in fact a world of animals, reptiles, etc.

The giraffe of the Max stationary will prove a very interesting as well as original part of the show. The giraffe has been read of King Kalakaua, King of the Sandwich Islands, and the giraffe and lion were presented to the Emperor of the East.

The new invention, one that will astonish everybody, is the steam man. Walls and run along unimpeded. It is the first ever established we have ever had, both in point of numbers and scale of merit. Many of the artists who have an excellent European reputation, and who make their first appearance in America. Miss Minnie Marks, the greatest female rider the world ever produced; the Boston Cook, who has won the silver and gold medals; the English Jockey's Park, the greatest achievement of the world, and who has ever known. Hiram S. Lester, the most versatile and accomplished living; George Adams, the jockey who manages to ride and drive nice horses; the Milton Jaspers, the three flying men of the air; W. B. Batcher, chairman of the board of the M. P. Railroad; many other celebrities are mentioned that we have space to describe here.
