Why isex-Senator Tipton a deserter from the Republican party and a squeaking oracle of Democracy? Be eause President Grant had the good sense to refuse to appoint Tipton's son to an office. That's the sole and only reason and Tipton lies when he pretends there is any other reason.

The old renegade, Tipton now believes in Democratic principles. He its a Democrat clear through, and says a state has a right to secede at pleasure. For three years, he, as chaplain of the First Nebraska Regiment, prayed for the overthrow of Jeff Davis and for \$125 a month in greenbacks; yet notwithstanding these terrible hardships, he was suffering in a bad cause, for Jeff was right and the lost cause ought to have been the winning cause.
