LOCAL MATTERS.

— We had a good rain here on last Sunday night.

— Latest style Polonaise suiting, at L. Lowman's.

— We had another splendid rain Tuesday morning.

— Ex-Governor Furnas is at home. Returned last Saturday.

— Our county Fair begins on the 20th inst. Get ready for it.

— Johnny Longfecker of Phelps, Mo., visited our city last Sunday.

— The Republicans of Nemaha City have a nice large Hayes and Wheeler flag.

— Republicans of London precinct, do not forget the meeting at Minick's school house on Friday evening.

— Lost, a gold sleeve button with a heavy dark set. The finder will oblige by leaving same at this office.

— A. W. Nickell started east on Monday last. He will visit the centennial and other points in the east.

— Judge Hewett will address the the Brownville Hayes and Wheeler club next Saturday evening.

Miss Rhoda Clark, after a pleasant week spent with her young friends in this city returned to Tecumseh on Monday.

— A son of Israel Nace, of this city, got considerable bruised up last week in attempting to jump off the train while under motion near the big tank.

— The Brownville Hayes and Wheeler Glee Club have agreed to attend the meeting at Minick's school house on next Friday evening, to assist with patriotic songs.

— We publish a "parasite" story this week from Minnesota, which seems to be authentic, but we never had much faith in parasites. We give the account just as it appears in the Minnesota paper.

— Judge J. S. Church has received an invitation to address the Republican meeting at Minick's school house next Friday evening, and has consented to be there. Be on hand, Republicans of London.

—One of the Special Premiums of the approaching fair is a ball and bat to the victorious base ball club. Open for competition to clubs only of Nemaha county. Now boys get up your clubs and proceed to practice.

— Tuition for non resident scholars has been established by the Board of Directors of the city school as follows: For High School department, $2.50 per month; for the two Intermediate rooms, $2.00 per month; for the two Primary rooms, $1.50 per month.

— Remember the primaries on the 16th—let every Republican in the country attend his precinct primary meeting, to the end that good men and the men of the people's choice may be sent to the county convention. If every Republican will do his duty there need be no mistakes made.

— Mr. T. C. Hacker, of THE ADVERTISER with his family and brother-in-law, Mr. Enos Johnson, on last Monday morning started on a western rustication trip. They drove a pair of mules to a covered wagon, and took along tent, bedding, shot gun, pans kettles and all necessary equipments for "camping out." Their destination is Red Cloud in Webster county. They will be absent about four weeks. We hope and predict a very pleasant time for Dory and his family.

— Mrs. Cook & Crater this week received a large addition to their stock of millinary goods, for the fall trade. The ladies of Brownville and Nemaha county are respectfully invited to call and examine them. Prices to suit the times.

— We were shown this week an apple—Queen Pippin—which we called big. Its weight was nineteen ounces, and was fourteen inches in circumference. It was grown in Mr. C. W. Butler's orchard four miles west of this city. The parent tree produced two bushels, of which this apple was one.

— The Tilden Bourbons of Brownville have received their new flag and suspended it across the street between McPherson Hall and Stevenson & Cross' building, on Tuesday. It is a regular American flag—nothing rebel about it, except the lower end which bears the names of Tilden and Hendricks. We are exceedingly gratified to record the fact that they ignore the confederate flag entirely, with the exceptions noted.

— Every word said last week, by that dilapidated thing across the street, about a meeting of Republican gentlemen at Mr. Savell's, is a lie. That article was gotten up out of whole cloth. Mr. Gilmore and Wils. Majors went out to Mr. Savell's by invitation, to get some of his grapes and pay him a visit. Mr. Gilmore gives us this information and says politics, if mentioned at all, was merely incidental. And that is all there was of that terrible gathering of political tricksters.

— Mr. B. Savell, the solid old granger of London precinct, called last week and subscribed for THE ADVERTISER. He says the style of our paper suits him better than that unreliable thing across the street. Mr. S. left with us a sample of his grapes which were very large and lucious. He also, by Mr. Gilmore, presented us with a specimen of apples grown on his farm. They were the "Cooper's White" variety, large and very finely flavored. Mr. S. has our thanks.

— The Democratic State convention met at Omaha on Wednesday of this week, to perform the farce of nominating a State ticket. The following were the delegates elect from this county: H. C. Lett, W. T. Rogers, J. H. Broady and D. Plasters, of Brownville; J. H. Miller, of Peru, and Chas. Campbell, of London. The Brownville Democrats gobbled up that corner caucus pretty well, but did generously concede *one* to the country. However, the delegation is a very respectable one.

— On Friday of last week, September 1st, a north wind brought the grasshoppers upon us. During the day countless millions flew over, and, comparatively speaking, but few stopped with us, but there were more than we want. They are here yet, and depositing their eggs. They are doing, as yet, no damage, or at least very light damage to crops. They pasture new rye fields very closely, but corn, all of which is about matured, seems to be untouched by them. The damage to our county is only, as yet, in anticipation—next spring when the young hopper and vegetation appear at the same time; but we think no serious damage, like that of the spring of 1875, need be apprehended, from the fact that they are not sufficiently numerous now, to fill the soil with eggs as they then did.

— The Republicans of Nemaha City and vicinity had a rousing meeting at the school house on last Friday evening, and got a big "send off" in the formation of a Hayes and Wheeler Campaign club. Good Templar Hall was filled with an enthusiastic audience of gentlemen and ladies. J. S. Stull and T. L. Schick of this city delivered addresses which were highly appreciated as the frequent applause attested. A large number of the Brownville Hayes and Wheeler club were in attendance, and the Brownville band was down, drawn by four gray horses of the Transfer company. The large number present, the speeches, the music, served to provoke enthusiasm and make the occasion a success. Hayes and Wheeler and the Republican ticket are all right at Nemaha.

On Thursday evening of this week the club will meet to perfect its organization.

— On last Saturday evening Hon. J. L. Webester, of Omaha, delivered a political address in McPherson hall, this city. It was the grandest gathering of Republican gentleman and ladies of the campaign in this county. The hall was litterally packed with attentive and appreciative auditors, and every one, unless it was a few old Democrats present, were delighted with the speech. We heard gentlemen from five and six miles in the country say they were paid for being present, beyond anything they had anticipated. There never was a political address delivered in Brownville that gave more general satisfaction. Mr. Webster compared the records of the Democratic and Republican parties in the light of facts, figures, and logical argument in a manner calculated to convince the undecided as to their duty in the campaign, and to make the strong still stronger.

We have not the time nor the space to undertake a synopsis of Mr. Webster's address, and suffice it to say, that it was able and did good for the cause here. Mr. Webster understands his subject well, is an easy pleasant speaker, does not shoot away at random, but is prepared with "the documents" to prove every assertion, and every position he takes. Mr. Webster should be kept in the field until the battle is over.

THE

REPUBLICAN CLUB

Of Brownville will be addressed in the Club Room, by

HON. O. B. HEWETT,

On next Saturday evening, 9th inst., Let there be a full attendance of the Club, and all others are invited.

The Hayes and Wheeler Glee Club will be in attendance with new songs and music.

— A number of Special Premiums to be awarded at our County Fair are being offered. We will publish the list next week in full.

— Our young friend, Charley Chatfield, went to Rock Port, Mo., last week to take a situation as clerk in a general merchandise store. Charley is a good boy, and we wish him success.

— The farmers of Nemaha County will be pleased to know that the Flouring Mills of Peru will be ready for custom grinding on Tuesday. The proprietors, Manville & Martin assure us they will give every man his own.

— There will be a Republican meeting at the H. O. Minick school house on Friday evening of this week for the purpose of organizing a Hayes and Wheeler campaign club, and every Republican, or other voter who intends to vote against Tweed's old co-worker, should be there without fail. Quite a number of the Brownville club will be there, and some from Nemaha City; ex-Governor Furnas and other speakers will be present to deliver short addresses, and a good and enthusiastic time will be the result.

The fall elections will take place as follows:

Arkansar, Sept. 4th.
Vermont, Sept. 5th.
California, Sept. 6th.
Maine, Sept. 11th.
Colorado, Oct. 4th.
Ohio, Indiana and West Virginia, Oct. 10th.
Georgia, Oct. 11th.

From A Granger.

LONDON, Sep. 4th, '76.

Editor Nebraska Advertiser.

I think that if every thinking man would consider before they vote, they would not vote for a Democrat, for we know that every rebel was a Democrat. I do not say that every Democrat was a rebel, for there were a few loyal Democrats in the war, and so there is now, but it is not Tilden and Co. It is the hope of the rebels to gain their President, and then it will be as one of the rebels said the other day in London, that in 1877 they would fight the war over again.

B. SAVELL.

Nemaha City Hayes and Wheeler Club.

A Meeting was held on Friday evening last, in the Good Templar hall, whereat forty-two voters enrolled their names as a Hayes and Wheeler club.

The meeting was addressed by Messrs. Stull and Schick.

A vote of thanks was given to Capt. Bailey for transferring the band, and to the Brownville band for discoursing sweet music.

A committee was appointed to draft a constitution and by-laws.

The meeting was harmonious and enthusiastic.

Adjourned to meet on Thursday evening Sept. 7, when all who are willing and desirous of pledging themselves to the election of Hayes & Wheeler are cordially invited to attend.

Hayes and Wheeler Campaign Song Books.

The Republican Congressional Committee have just issued from the presses of J. M. Armstrong, music typographer, Philadelphia, a sixteen-page SONG BOOK, with neat cover, title-page, and vignette of HAYES and WHEELER, constituting the *first series* of songs written by various competent authors expressly for this campaign.

Much of the music is new, and the remainder consists of selections from the best airs of all nations; and it is arranged mostly for men's voices with choruses, thus supplying a great desideratum with popular assemblies, singing clubs, and soloists.

State, County, District, or other Republican committees or clubs supplied. Retail dealers also supplied on most liberal terms.

Other series will issue as soon as the best material can be collected. *This is a rare opportunity.*

The second series of this book will be issued within twenty days; the third series within twenty days thereafter.

Apply to said Committee, 1006 F Street, Washington D. C.

The Brownville Hayes and Wheeler Glee Club has just received half dozen of those song books, and a lot of other songs from the same house, and are well pleased with them.

— The following are the market quotations from the Chicago *Inter-Ocean* of the 5th: "Gold, 109⅝. Wheat easy; 96½c seller September, 97¼@97⅜c seller October. Corn firm; 43½c seller September, 43⅝ seller October, 42c seller the year. Oats quiet; 31c seller September, 31½c seller October. Rye firm; 58½c seller September, 59@60c seller October. Barley weak; 76c seller September, 75c seller October. The cattle market was steady and firm. Hogs were firm for light weights, easy for heavy. Sheep quiet.

— Some people are not well posted in governmental affairs; but think there is something wrong somewhere, and when told all corruption is with the Republican party, and reform with Tilden, they believe it. Such would do well to see some facts and figures, as shown by Hon. J. L. Webster, of Omaha, whose lecture was excellent in subject, matter, style, and delivery.

FROM THE BLACK HILLS.

Home Reminisences—Descriptions of Scenery.

Black Hills, Central Park, Centennial Dis.,
August 29th, 1876.

Editor Nebraska Advertiser.

THE ADVERTISER has been in my family for many years. I came to Brownville when your paper was quite young; it was in the summer of 1856; only one store at Brownville at the time, this store is the one now occupied by Mr. Ponn, then owned by Capt. Whyte; Rufus Rainey was clerking for Mr. Whyte. But few families at Brownville at that time.—Gov. Furnas then was editor of THE ADVERTISER. I have been acquainted with your paper ever since, and today I am happy to say it is hailed with happy welcomes every week at our little camp, and is noticed by all, every one that sees or reads in have to acknowledge it to be the best county paper they ever saw. Many of the little incidents written by R. W. Furnas and Dr. Holladay, and published by THE ADVERTISER since the 4th of July, I was an eye witness to, and seeing it published it all came fresh to my memory, especially the sad fate of poor old Billy Myers. Mr. George Wheeler and myself dug his grave.—Mr. Wheelor now lives on the head of Patrick's branch, eight or ten miles south west of Brownville. Davidson Plasters, now your Sheriff, was one of the few that came with the remains of Mr. Myers to the grave yard. How few were the spots then marked by the little mounds of the dead; how few at that early day could say "I, too, have loved ones lying there;" but draw the curtain aside to-day of twenty years standing, step into that little cemetery, and how many little mounds have been made to mark the spot where loved ones rest; yes, many hearts have been made sad in twenty years on account of death entering the family circle in twenty years; many a tear has fallen on many a little mound in twenty years; many of those beautiful flowers, that kind and loving hands have planted there, have been watered by pearly tear drops, that have rejoiced at the sight, and have often, I have no doubt,

"Carried the news to their beautiful home,
And said, behold, they weep."

I, too, have a spot marked by a little mound, a little Willie sleeps beneath that spot. I want to visit that little mound once more if God is willing, if not I want to meet little Willie and many of my Nemaha County friends where congregations never break up and Sabbaths never end.

I am very sorry to tell your readers that the grasshoppers have been flying east for some three or four weeks.—Such armies of grasshoppers I never saw, some days they are just like snow storms as far as the eye can penetrate upward from four to six hours each day. Wherever they stop everything must be devoured by them. I earnestly hope Nebraska will escape their ravages this season, at least.

The little park we are camped in is about fifty to seventy-five acres in extent and slopes from the top of the mountain to the west; it is about half a mile long. On the south side of this park are beautiful springs of water, cool and clear. It runs by where we are camped in a little stream two feet wide by six to twelve inches deep. I wish THE ADVERTISER and my Nemaha county friends could see all the wild flowers this little park contains, they are growing all over the mountains. Many varieties are very handsome. Spruce trees under which we are camped are one hundred and twenty-five feet high and three or four feet through, these grow along this little stream of water, which runs west a mile then empties into the middle fork of the Little Laramie river, the middle fork then crooks around and strikes the U. P. R. R. at Wyoming City sixteen miles above Laramie city. We are eight or ten miles south of the U. P. R. R., and eighteen or twenty north of the Colorado line.

Our boys are all well except Paul, who has been slightly ill for a couple of days, but, I hope, will soon be better.

The Centennial Mine still looks and turns out well. Very fine free gold specimens can be seen daily. But few capitalists have taken hold at this place as yet. This is what is greatly needed. Poor men are not able to develop mines. We have favorable encouragement from some parties which we hope will become interested here.

Nothing more special at present.—Will close with kind regards to all my Nemaha county friends; should be happy to see them all; best wishes and good will to all.

Yours with respect,
JOSEPH LOVELESS.

P. S.—The snow capped peaks of the Snowy Range is twelve or fifteen milest west of our camp. We can see it west of Central City, Col. It looks to be eighty or one hundred miles southwest of here. On a clear day the white peaks look beautifully grand in the distance. I intend going to the snowy range this fall if I can.

Teachers' Normal Institute.

Editor Nebraska Advertiser:

Your readers generally are friends of education, and a few items regarding the Teachers' Institute, which has just finished its labors, may be of some value.

The object was the qualification of teachers to more ably discharge their duties as instructors of the youth of our land. Ninety teachers were in attendance with this purpose in view. The whole work was under the supervision of State Superintendent McKenzie, assisted by such sound educators as Profs. Thompson, Stone and Nicholson.

The first two weeks were taken up with the review of the common English branches. Especial stress was laid upon the methods of presenting subjects to scholars. Many theories were given which have stood the test of practice. Each teacher, benefiting much by the methods, can go forth into the school-room, and wield greater influence over his scholars. It is worthy of note that all labored with a zeal worthy the cause, for their own advancement and the advancement of others. All acting at once in the capacity of pupil and teacher, imparting and receiving instruction. Each one benefiting by the experience of the other and profiting much thereby.

The last week was spent in the examination of teachers for certificates.

The following received second grade State certificates: John A. Gorhring, Beatrice; Chas. Letton, Fairbury; L. N. Mills, Flowerdale; R. N. Piper, Sheridan; Ed. Healey, Camden; D. C. Cole, Peru; H. M. Dressler, Peru; Frank Cooper, Craig, Mo.; Lucius B. Church, Brownville; Lou A. Piper, Sheridan; Marie Sawyer and Maggie Lamb, Lincoln; Nellie Harmon and Lizzie Rector, Nebraska City; M. O. Seal, Plattsmouth.

At the close of the Institute the following resolutions were adopted:

WHEREAS, We, the members of the teachers' Normal Institute held at Peru, in view of the indefatigable labors of the past few weeks for our advancement, and feeling grateful for the disinterested efforts in our behalf, desiring to express our gratitude, do adopt the following resolutions:

Resolved, That we return our heart felt thanks to Profs. Thompson, Stone and Nicholson for so ably assisting us in our endeavor to advance and elevate our standard as teachers. In them we have found true instructors, who have the best educational interests of the State at heart, and who labor incessantly for its welfare.

Resolved, That we owe especial gratitude to State Supt. McKenzie, not only for the able manner in which he discharged his duty, but for his kind advice and arduous endeavor to advance each one personally.

NOT CAUGHT.

A Democratic organ in Chicago has been looking up Governor Hayes' returns of personal property at Fremont, O., disliking to have all the expense of such investigation for nothing, publishes a roorback to the following effect; The uncle of Governor Hayes left him a large fortune, but the latter, in listing his personal estate, returned it as follows: Under the head of enumerated items $6,120 in one year, and $5,260 in another. Under the head of personal property, not included in the enumerated items, $5,000 in 1875, and $4,500 in 1876, making a total, as last given, of $9,700. This is pretty well. Even when the value of property was estimated at double its price to-day "Uncle Birchard" returned his estate at only $9,982. After giving away to other relatives $40,000 the balance of the property went to Governor Hayes, and though, as usual, much of the personal estate was doubtless disposed of, the Governor still makes an honest return like an honest man. Its no use. They can't catch him. The more they investigate his character the brighter it shines. There is no way but to turn round in despair, and demand the withdrawal of the New York perjurer, putting up an honest man, if they can find one in the party, in his place. Unless they do this the Democratic goose is cooked. —*Inter-Ocean.*

Everywhere one can hear Tilden pettifoggers declaring that Tilden broke the Tammany ring and punished Tweed as a co-worker, &c. Now when New York Democratic papers like the Albany *Times*, always accredited as reliable and good authority says he was a "co-worker with Tweed for years," we must believe that he was. The *Times* says:

"There is great stress put upon the services of Tilden in "breaking up the Tweed Ring." Tilden was a co-worker with Tweed for years, and did not open his mouth against him until Jimmy O'Brien and the New York *Times* had furnished many of the leading facts to the public. When it was discovered that an outraged community could no longer stand the frauds of the Rings, but were determined to break them up, then it occured to our great railroad financier that the opportune moment had arrived for him to make capital out of the facts of fraud with which for years he had been familiar. Had the public remained indifferent to the frauds of Tweed, there is no reason to doubt that Mr. Tilden would have been as mum as a mouse up to his very day."

Now is not this record written within Tildens own party, an exceedingly obnoxious one for honest men to contemplate. This record from a leading Democratic paper in Tilden's own state is a much better helper to a correct conclusion, than any of the bare assertions of the half silly half drunken and totally unscrupulous Tilden haranguers who whoop it up for Shammy before small crowds of old rebels and rebel sympathizers in country school houses.

We also vote to have all the candidates brought out, and then we can make a selection.—*Genesee Times.*

That is certainly a brilliant idea, for unless a candidate is "brought out" how is one to know he is a candidate?

How to Vanquish the Stomach's Tormentor.

If the enemy of mankind was permitted to exert his diabolical ingenuity in the invention of a new disease, he could scarcely devise one more worthy of his genius than dyspepsia. The dyspeptic sufferer is tormented by symptoms resembling those of almost every known malady, and is often worried into monomania by these conflicting and perplexing manifestations. A favorite though absurd hallucination of the victim of chronic indigestion is that he or she has heart disease. Dyspepsia has often been pronounced incurable, but experience has shown that Hostetter's Stomach Bitters will vanquish it, together with the constipation and bilious derangement which usually accompany it. Diseases of the kidneys and supposed rheumatic pains are also frequent concomitants of dyspepsia, but they, too, succumb to the above named invaluable corrective.

A Sample Bottle for Trial.

If you are troubled with headache, dullness, incapacity to keep mind on any subject, dizzy, sleepy, or nervous feelings, gloomy forebodings, irritability of temper, or a bad taste in the mouth, unsteady appetite, choking sensation in the throat, pain in the side or about shoulders or back, coldness of extremities, etc., or in fact any symptoms of liver complaint, billousness, constipation of the bowels, or dyspepsia, go to your druggist A. W. NICKELL, and get a bottle of Dr. Sherman's Prickley Ash Bitters. No spirit is used in their manufacture except a pure article of Holland Gin. Ladies in particular will find them peculiarly adapted to their wants in all ages and conditions of life. The label tells all they contain, consequently physicians do not hesitate to prescribe them. Sample bottle for trial free. Regular size, $1.00. 8eowly

Important to the Traveling Public.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been relaid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections. For all points in Northern and North-Eastern Iowa, you should purchase tickets via Marshall, Cedar Rapids, or Clinton. For points in Northern Illinois or Wisconsin, via Fulton; and if you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route—THE CHICAGO & NORTH-WESTERN.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. H. MOUNTAIN, Western Traveling Agent, Omaha, Neb., or to W. H. STENNETT, General Passenger Agt., Chicago.

The Great Cause of Human Misery.

A Lecture on the Nature, Treatment, and Radical Cure of Seminal Weakness, or Spermatorrhœa, induced by Self-Abuse, Involuntary Emissions, Impotency, Nervous Debility, and impediments to marriage generally. The celebrated author of this admirable Lecture clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of mineral medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
