LOCAL MATTERS. Corn and Feed at Huddart's. Remember Republican Club meeting next Saturday evening.

Challenge flour, Nemaha Valley Mills, at Huddart's. Chevrolet Shirting, 12 1/2 cts. per yard, at L. Lowman's.

New lot of Hannibal Flour received to-day by F. D. Muir. John McPherson has been receiving a choice lot of new goods.

Spring Wheat Flour, warranted at Huddart's, \$2.50. Capt. J. L. Carson and family returned from their eastern visit and trip last Monday.

Judge Church will address the Hayes & Wheeler Club next Wednesday evening, Oct. 4th. Another—the third—car load of Newton Wagons just received by HAWLEY & DOUGLAS.

Considerable wheat is coming into this city in spite of its many "anything-to-do—n-Brownville" friends. Louis Lowman received more new goods last Monday than he could shake a yard stick at in three months.

The Republican ticket possesses many and great elements of strength in this county. It success is secure. Hon. O. P. Mason has been in our city since Tuesday morning as attorney for the Nebraska Railroad company.

The weather for the past week has been just beautiful, with enough of the breath of autumn in it to tinge the edges of forest trees. The U. S. Court for the State of Nebraska is reported in our city by J. S. Males, examiner, who is taking testimony in our Railroad Bond case.

The Billiard Tournament at Lincoln, which closed last Saturday, left the cue and State-championship in the hands of John J. Roggen. The word is out that if the Independents obtain Democratic support every man on the ticket must be pledged to support the Confederate ticket.

Our butchers, we notice have removed the slaughter pens farther down the bottom lot. A good idea, and we hope the river will now let 'em alone. Alex. Robison's new store room, one door east of Lowman's, is being gradually and tastefully completed, and soon be ready for the display of his splendid stock of Boots and Shoes.

From speeches made in the Democratic caucus we find that the Bourbon Democrats do not countenance, and will not affiliate with, an Independent who is not a Tildenite. A scheme is now on foot to place one man on the Democratic ticket who shall be endorsed by the remnants of Liberals or Independents to defeat Henry Stelman.

The Republicans have on their flock the name of an honest, straightforward German for Representative. The Liberals (as they call themselves) will nominate a man only to defeat him. R. A. Hawley and L. G. Lockwood have been for the past two days at Mr. McCandless' in Aspinwall precinct reciting one of Howe's Stock Soles.

Unhappily men are found who charge Independents, who favor Hayes and Wheeler as being traitors but they see no impropriety in the course of such independents as go over to the Tilden and Hendricks party. Now, let Church Howe mount his stallion, which he bestrode, according to Tilden, during the "failure," and ride over to the Sheridan Democratic Convention, and "paw up" the dirt for the edification of the untrifled and their support.

The Republican delegation from this county to the State Convention, G. W. Fairbrother, T. J. Majors, Wm. Dally, Geo. Hogue and J. S. Stull (the latter carrying the proxies for Theo. Hill and C. F. Stewart), and R. W. Furnas, T. L. Schick and W. E. Majors went up to Lincoln last Monday. Married, on the 22d inst., in the parlor of the Union Hotel of this city, by Judge Church, Mr. Albert H. E. Eberhart and Mrs. Lucinda Wilson, both of Howard Nebraska.

On the 21st inst., by Thomas Burres, Esq., Mr. John H. McConnell, of Otoe County, and Miss Anna Carlisle, of Peru. The Brownville Democratic precinct caucus which met in McPherson Hall Monday night, elected the following "soft" delegates to the Sheridan Convention: E. W. Thomas, John Flora, E. H. Wilcox, J. J. Mercer, A. S. Holladay, W. W. Hackney, D. Piasters, W. F. Craddock, Aug. Moore, R. Teare and C. Hall.

Democrats say that there can be no such thing as an Independent voter who opposes the election of Tilden and Hendricks, and that every Independent is a traitor who prefers and works for the election of Hayes and Wheeler. How do the Independent Republicans relish such epithets. Can they coalesce with a party who thus abuses them in advance. Theo. Hill, one of our grain shippers, has purchased the entire small grain crop of sixty farms in the last five days. From Saturday last to Wednesday evening he shipped east ten car loads of Barley and two car loads of a superior article of Winter Wheat. Wilcox is shipping a large amount of grain for the farmers. This amount of produce shipped from this point last week will compare favorably with that from any other point in the State.

The untrifled of Brownville met in their wigwam on Monday night of this week—one day ahead of time—and elected a fusion delegation to go to the Sheridan convention on next Saturday. Several speeches were made by the ring-masters, and all to the effect that if they fused with Church Howe for their leader, then Church Howe must fuse to Tilden's coat tail. In other words they would not come down with a pledge from Howe to support Tilden. Now we will see whether the mountain will go to the mouse, or which?

The Brownville Base Ball Club, we understand, are to play the Peru Nine a match game at the latter place next Saturday, for the championship we presume, which the Peru Nine so ably achieved at the County Fair, Brownville 9. While we shall "pull" for our Nine, they will gain more by practice than by our wishes. By-the-way, we will here correct the mistake made in the "special premium" offer, as published. The Bat is there valued at \$1, it should have read \$5. It is a beautiful piece of workmanship, does its maker, L. G. Lockwood credit, and is worth playing for.

The Sunday School Concert at the 1st Presbyterian Church last Sabbath evening, was a very pleasant and morally profitable affair. The singing, recitations and examinations of the scholars were good, though but a very short preparation had been made. The work is certainly in excellent hands, and the concerts, which we learn from Supt. Gilmore will hereafter be monthly, will be looked forward to as periods of moral enjoyment and recreation. By-the-way, friends Left and Poor did much to render the occasion instructive, and deserve a more extended notice than our space will admit of.

There will be a basket meeting held at Mt. Pleasant, Nemaha City Circuit, on Sept. 30th and Oct. 1st. Preaching Saturday at 7 o'clock, p. m., and on Sunday at 11 a. m. Love feast and sacrament at 2 p. m., and preaching at 7 p. m. Come all and enjoy this our last meeting for the conference year. D. P. LAKE, P. C. A. D. Marsh Dying! A. D. Marsh will Color or Dye your coat, vest or pants in the best style. Will Dye Ladies' Shawls. Will take all the spots out of Gent's garments and press them up in good shape. Will repair garments and warrant to give entire satisfaction. Will cut and make Gent's garments. Equally by good, excelled by none. 14-1f W. A. JUDKINS, Brownville, Neb.

Craddock & Son, Retail dealers in farm produce, family provisions, stock feed, flour, butter, eggs, &c. The best brands of flour constantly on hand, and sold at the lowest price. Cash paid for butter and eggs. Goods delivered free of charge, according to order, in any part of the city. 14-1f

A Hayes and Wheeler Club to be Organized at Peru. There will be a meeting of the Republicans of Peru precinct on Saturday evening Sept. 30th, at the school house in Peru to listen to addresses from the Hon. R. W. Furnas and T. L. Schick, and to organize a Hayes and Wheeler Club. The friends of the cause from Brownville and elsewhere will receive a hearty welcome.

Grand Rally Saturday Evening—Capt. J. C. Cowin Makes a Thrilling Speech. McPherson Hall, on Saturday evening, was filled to its utmost capacity, to listen to one of the best speeches of the campaign. Capt. J. C. Cowin, after being introduced to the audience by President Gilmore, proceeded to entertain the vast crowd which filled the auditorium of the hall, with one of the most convincing, soul-stirring and patriotic speeches ever delivered in this city. Capt. Cowin felt worthy of the spoke. His eulogy of Hayes was magnificent. Cowin was a member of Hayes' regiment, the 23d Ohio, and every word uttered for our nominee for President was from personal knowledge. Capt. Cowin belongs to the "young American" Republicans, and is thoroughly understood and appreciated by them. The meeting was a grand success.

Democratic Caucus. Howe is Rejected to the Untrifled—And Offered—Notice How He Came!!!!!! The Democracy met at McPherson Hall on Monday evening of this week to select delegates to the Sheridan Convention. Harmony prevailed. They had made many speeches. J. H. Broady said that Church Howe came to him and made a proposition; and that "he came as a dog with his tail between his legs." Broady further remarked in favor of Tilden, Hendricks and reform, and that the Independent or Republican that comes to us for compromise must agree to support Tilden and Hendricks. [Applause.] A. S. Holladay next vented his views, and the burden of his argument was that for the past twelve years we have fooled Republicans by getting them to vote for Democrats on the Independent movement, "Now," exclaimed the doctor, "shall we put in nomination a straight Democratic ticket and be beat by four or five hundred majority?" E. W. Thomas, a lawyer and scholar, followed, and the watch word of his Democratic lullaby was: take in all Independents so they pledge themselves to vote for Tilden and Hendricks. See, oh! Democrats, how generous we are, we will divide the county offices if all men elected there to are Tilden men. We have used you Independents in the past, and we must, in order to succeed, use you in the future. Then Henry C. Lett turned the screw on the Democracy, and said, "I will not vote for any man, for any office, unless he pledges himself to vote for Tilden and Hendricks. If Howe will do this then he can unite with us!" "Good pleading range. The hall was very with cheers."

Then Broady came back at Holladay, Thomas and others; came with the infernal logic of facts, facts so potent, so absolute, they do admit of contradiction. And then sweet, soft and low as the music of Democracy, (not the spheres), came the eloquent voices of the Cradocks, saying: "Independents, come to us with the banner of Democracy in your hands and receive a welcome." Logic asserts its sway: 1st. The Democracy have used the Independents in the past only for their votes for Democrats. 2d. We the Democracy are willing to use Church Howe, or any Independent, in the same way in the future, if you give full and perfect pledges of Democratic faith. These are the facts and statements as they occurred, the reader may draw his own inferences as to Mr. Howe's connection therewith. Ignored by the Republican Convention, discarded by a Democratic caucus, "none so poor as to do him reverence," he may retire to his burrow, scrape his sores with a chip and thank God if some manly cur shall notice him sufficient to lick his scabby skin.

Regular Meeting Nemaha County Agricultural and Mechanical Association. The Association met, according to law, in the Secretary's office on the Fair Grounds, on Saturday, Sept. 23d, 1876, that being the last day of the Fair, R. A. Hawley, President, in the chair, when the following business was transacted: On motion, the life membership of Stevenson & Cross was ordered to be taken up and renewed with the original date. On motion, the Secretary was ordered to publish a notice to all holding certificates of life membership in this society, to present the same to him for record; and if said certificates correspond with the list of names furnished by R. W. Furnas, then to record the same as life members of this society. On motion, the secretary was authorized to procure from R. W. Furnas any and all papers belonging to the society, and correct the record especially on page 14 of the records of the society. On motion, the secretary was authorized to procure such evidence of payment on life memberships as possible and present the same to a meeting of the Board of Managers; such evidence to have reference to cases where no certificate of life membership has been issued. On motion, the Secretary was instructed to draw no order on the Treasurer until the books are balanced. R. A. HAWLEY, Pres. L. G. LOCKWOOD, Sec.

NEIGHBORHOOD NEWS. Nemaha. Hayes & Wheeler Club met on Thursday evening last. Five recruits added to the roll; making, in all, 55 members. Listened to an excellent speech by Judge Church; followed by a speech from Capt. Polock. —On Thursday evening, Sept. 28th, ex-Gov. Furnas will present and address the meeting. The Brownville glen club are expected also. Everybody is invited, especially the ladies. —"Where would we all have been, if we had all been old bachelors." —Ingersoll. —Good Temple lodge meets regularly every Monday evening; visiting members are cordially invited. The disturbance, spoken of by the editor, as having occurred on the night of the entertainment, did not happen (the worst part of it) until after all orderly people had gone home and the house was in darkness. —Services were held in St. John's Church on Sunday last by Rev. E. R. Richardson, of Nebraska City, who will again officiate on Sunday, October 22d. —The grasshoppers have about all flown away from this vicinity. —Are we to be taxed for the grading bonds and yet get no railroad? —Nebraska fruits seem to be prominent and to attract general attention at the great Fair at Philadelphia. Mr. W. S. Clark, one of the Centennial Guards/furnished by Nebraska, in a recent letter to us refers to the Nebraska display of fruits, as follows: "To-day I again visited the pomological department and saw the great display of fruit; and I must say that I was proud of our own State of Nebraska, for her fruit display is immense. The contest apparently lays between her and Kansas, over all others, and if the decision was left to the voice of the visitors, Nebraska would carry off the first prize, and I am inclined to think she will get it from the judges."

Important to the Traveling Public. It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads to the same point, to decide which is the safest and pleasiest to travel. We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several times the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been relaid with steel rails. The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections. For all points in Northern and North-Eastern Iowa, you should purchase tickets via Marshall, Cedar Rapids, or Clinton. For points in Northern Illinois or Wisconsin, via Fulton; and if you are going to Chicago, or East, you should, by all means, purchase your tickets by the old Pioneer route—THE CHICAGO & NORTH-WESTERN. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States. Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. H. McVey, Agent, Western Traveling Agent, Omaha, Neb., or to W. H. STENNETT, General Passenger Agt., Chicago.

How to Vanquish the Stomach Tormentor. If the enemy of mankind was permitted to exert his diabolical ingenuity in the invention of a new disease, he could scarcely devise one more worthy of his genius than dyspepsia. The dyspeptic sufferer is tormented by symptoms resembling those of almost every known malady, and is often worried into perplexing manifestations. A favorite though absurd hallucination of the victim of chronic indigestion is that he or she has heart disease. Dyspepsia has often been pronounced incurable, but experience has shown that Hostetter's Stomach Bitters will vanquish it, together with the constipation and bilious derangements which usually accompany it. Diseases of the kidneys and supposed rheumatic pains are also frequent concomitants of dyspepsia, but they, too, succumb to the above named invaluable corrective. SIZON day at home. Agents wanted. HAVING purchased the sole right to the "Fowler Patent Fly Fan," we offer the Machines for sale through Agents and Merchants, with full knowledge and confidence that they will do what we claim for them. The machine is self-acting, keeps fine out of the table, winds up like a clock, and runs about one hour and a half at each winding. For convenience, a key is attached to the case, so that it can be re-wound at any time, and run as long as desired. It is light and portable, a perfect substitute for the old fly brush in the hands of a servant. It is ornamental, and occupies less space on the table than a castor. It has a beautiful bronze base, with the stem and plates, to which fans are attached, which revolve noiselessly, above the head, with no inconvenience to persons seated at the table. It is a long-endured, and in the household, and is so simple that a child can operate it. The first cost is a permanent investment, as it will last many months, and is sold in some of the first hotels and private families of the country, and wherever introduced has given entire satisfaction. It is easily set on a bed or chair, to keep flies off children or the sick; and is so simple that a child, being much cooler. To the invalid in summer it will be a most welcome companion, and a faithful sentinel, never weary. It is frequent most where there is most to feed on. Use Fowler's Patent Fly Fan to keep them from the table, and they will leave the house. This is the best remedy yet given, better than all the baited traps that draw more than they catch. In incorporation of the value and usefulness of the machine, we annex copies of letters cheerfully given us by some of our patrons, and those who have had them in actual use, and who desire others to derive the same comfort from them.
