From reliable sources we learn that the Nebraska Railway Company is now in a most flattering condition. Confidence in the road was never more assured, among bondholders, and the public in general. The earnings of the road during the past four months have been very good, with prospects of a continued increase. The amount of grain shipped from Seward over the road is simply immense. We are assured that there is no doubt but that the road will be extended south thirty miles, to Falls City, and west thirty miles, to York, early next year. This will give two connections with the south and east, and open up to railroad facilities the splendid York county district.

Men, Women, Boys and Girls, go to Lowman's for your Furnishing Goods.

MARRIAGES.

PINNEY—McDOWELL—November 12th, 1876, at the residence of the bride's father, in Aspinwall precinct, by Rev. Benj. F. Lawler, Mr. Benj. C. Pinney, of Richardson Co., to Miss Maggie A. McDowell.

Long and happy may you live,
In holy wedlock bound;
May smiles from Heaven encouragement give,
With *blessings* your life to crown.
Your day of life be fair and bright,
"Rough places" be far between;
And when you've passed the shadowy night,
May both in Heaven be seen. L.

DEATHS.

GAVITT—November 11, 1876, of membraneous croup, Nellie, daughter of James W. Gavitt, in the tenth year of her age.

An Unanswerable Argument.

The strongest argument which can be urged against the advisability of administering such corrassive and nerve-destroying poisons as arsenic and quinine for intermittent and remittent fevers, is the vastly superior success in the prevention and cure of such diseases of a medicine which is the very antipode of the above named drugs, both in respect of its composition and the results wrought by it. Such a medicine is Hostetter's Stomach Bitters, a purely vegetable preparation, which not only eradicates with wonderful promptitude every trace of fever and ague, and kindred types of malarious disease, from the system, but is a certain preventive of all maladies begotten of miasma-tainted air and water. These results mineral anti-febrile remedies do not effect with certainty, and their continued use entails consequences highly pernicious to the system. The Bitters, on the contrary, not only afford speedy relief, but establish health on a permanent basis.

A CARD.

Why Do You Shake?

For the better convenience of the consumer Dr. Sherman's Malarifuge is now put up in 75c bottles as well as $1.50 as heretofore. To those who are acquainted with the Malarifuge it is not necessary to say a word in its behalf. But to those who shake in ignorance of it, we will simply say, try it, and add your testimony to thousands of others that it cured you. No other medicine is required, as it is a combined tonic, alterative, cathartic, febrifuge, cholagogue, and anti-periodic. It neutralizes miasmatic poison, purifies and invigorates the blood, restores the liver and other diseased organs to their natural healthy condition, thereby thoroughly eradicating the disease. Important to the Traveling Public.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been relaid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections. For all points in Northern and North-Eastern Iowa, you should purchase tickets via Marshall, Cedar Rapids, or Clinton. For points in Northern Illinois or Wisconsin, via Fulton; and if you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old 'Pioneer Route—THE CHICAGO & NORTH-WESTERN.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. H. MOUNTAIN, Western Traveling Agent, Omaha, Neb., or to W. H. STENNETT, General Passenger Agt., Chicago.

Proclamation, by the President.

National Thanksgiving.

October 26th President Grant issued the following proclamation:

From year to year we have been accustomed to pause in our daily pursuits, and set apart a time to offer our thanks to Almighty God for special blessings He has vouchsafed to us, with our prayers for a continuance therefore. We have at this time equal reasons to be thankful for His continued protection, and for many material blessings which His bounty has bestowed. In addition to the favors accorded to us as individuals we have especial occasion to express our hearty thanks to Almighty God that by His providence and guidance our government, established a century ago, has been enabled to fulfill the purpose of its founders in offering an asylum to the people of every race, securing civil and religious liberty to all within its borders, and meting out to every individual alike justice and equality before the law. It is moreover especially our duty to offer our humble prayers to the Father of All Mercies for a continuance of His divine favor to us as a nation and as individuals. By reason of all these considerations, I, Ulysses S. Grant, President of the United States, do recommend to the people of the United States to devote the 30th day of November next to the expression of their thanks and prayers to Almighty God, and, laying aside their daily avocations and all secular occupations, to assemble in their respective places of worship and observe such day as a day of thanksgiving and rest.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-sixth day of October, in the year of our Lord one thousand eight hundred and seventy-six, and of the independence of the United States of America the one hundred and first.

U. S. GRANT.

By the President:
HAMILTON FISH, Secretary of State.

Thanksgiving Proclamation.

By the Governor of the State of Nebraska.

The President of the United States having designated Thursday, the 30th day of November, 1876, as a day of thanksgiving and prayer to Almighty God, and believing we have abundant cause for thankfulness for the manifold mercies and blessings bestowed upon us as a State, and as individuals, during the past year: Therefore, I, Silas Garber, Governor of the State of Nebraska, do cordially commend to the people of this State the observance of the day so appointed, in such manner as will manifest their gratitude to the Giver of all good.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State of Nebraska to be affixed, at Lincoln, this sixth day of November, A. D 1876.

[SEAL] SILAS GARBER.

By the Governor:
BRUNO TZSCHUCK,
Secretary of State.

To be Placed on a War Footing.

New York, November 17.—It was rumored yesterday that orders had been received from Washington to place the entire Brooklyn navy yard on a war footing. Commodore Nicholson declined to say anything in regard to the matter, but it is certain that very unusual movements are in progress at the yard, and that the frigate Minnesota was yesterday furnished ammunition and fully equipped for sea.

While all Europe are making preparations for war, why not Uncle Sam brighten up his accoutrements a little.

As an evidence that we labor to give our readers an honest paper, and the most and greatest variety of reading matter possible, we invite attention to the columns of our paper, and comparison as to quantity and quality, with any other weekly in the State not made up from the matter of daily papers. Our type are all set in our own office, and we never leave in old advertisements, or other "dead" matter to "fill up" and save labor. When our advertisements cease to "pay," we set them out and fill up with reading matter. We do this because it is due our patrons—those who support and read our paper, and because we are determined to make a paper that the people will seek for, and receive full value for the money invested in it.

Manhood: How Lost, How Restored

Just published, a new edition of **Dr. Culverwell's Celebrated Essay** on the radical cure (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

☞ Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *postpaid*, on receipt of six cents or two post stamps. Address the publishers,
