LOCAL MATTERS. - Feed grinding and corn shelling at Lockwood's.

- The girls will find a good Thanksgiving story on the fourth page.

- A. H. Gilmore, county treasurer, returned from his eastern visit last Tuesday.

- Found, a lady's fur tipper. Call at this office, pay for this local, describe the article, and receive it.

- "Tracked" will end in about three weeks. At the beginning of the new year we will commence the best serial story you ever read.

- The Republican City News says: "We admire Church Howe for his cleverness in meeting the slipper reformers, and shall not be mad if he cleaves off their political heads."

- The residence of Mr. Abbott, this city, was entered last Sunday evening while the family were at church, by eight unknown thieves, and seven or eight dollars in money taken.

- Some rural roosters kicked up a fuss in town last Saturday evening, but Marshal Seaman laid his ponderous paw upon the culprit, and peace was restored and the school fund inflated.

- Last week Mr. Frank Rother and wife spent a day or two in the city. They were on their way to Ogden, Utah, where Frank will serve as local mail agent. Frank favored us with a pleasant call and subscribed for THE ADVERTISER.

- The Tilden and Hendrick's flag suspended over the street becoming damaged by the wind and weather were hoisted down the other day. Of course that was the only reason. O, yes, we nearly forgot to say it was a Reform flag, too.

- The Nebraska City News has reliable information that the "hoppers are surely hatching," in Otoe county. We hope it is true, and that we may have such weather as will cause them to hatch out everywhere; but as yet we have not seen or heard of any young hoppers in this county, and we have taken some pains to look for them about this city in places where many eggs are deposited.

- District Court for this county adjourned for the term last Saturday noon. We presume that the business of the term was well and thoroughly done, from the fact that lawyers, jurors, witnesses, litigants, and all, unite in praise of Judge Poud.

- Our observations are correct, we have never had a District Judge who gave so universal satisfaction as he, especially among the members of the bar, and we generally form an opinion of a Judge from what the lawyers say of him "after court is over."

- The Juniata Herald urges its readers to plant trees. This is its best kind of advice, and should be heeded by all settlers upon prairie lands. If those who are commencing to make for themselves homes would not delay plant five to ten acres of forest trees, within a few years they would have abundance of firewood; and, if they will plant peach and apple trees, the grand blessings of plenty of fruit will be added. We have seen cottonwood sprouts grow within eight or ten years to make a cord of wood. We have planted peach seeds and within four years thereafter gathered delicious, good sized peaches from the trees produced from those seeds. We this year gathered apples from trees we procured from a neighbor's nursery, and set out eight years ago. Whether you have a large piece of ground, or only a town lot, plant trees. It is the best paying investment ever made for any one laying the foundation for a pleasant, attractive, enjoyable home.

- Renew your subscription. - We are having remarkably fine weather.

- Peru will have a big Thanksgiving Ball Thursday evening.

- See Miss Crater's card. She has a splendid stock of Millinery.

- The river is still open, and the ferryboat makes its regular trips.

Hats and Winter Caps, very cheap, at McPherson's.

- The Nebraska City News says the grain dealers of this city have shipped 520 cars of grain during the fall.

Ladies, Gentlemen and Children, go to Lowman's for your Boots and Shoes.

- Snow fell here on Tuesday night about two inches in depth, - the first that has covered the ground during the season.

- The time of arrival of our southern mail has been changed to seven o'clock in the evening; two hours later than usual.

- Thanksgiving services will be held in the M. E. Church at 11 a. m. Sermon by the Presbyterian Minister, Rev. J. W. Ellis.

Shoes for winter wear, for \$1.25 up, at McPherson's.

- We have moved THE ADVERTISER office into the next room east of the one heretofore occupied - into the Republican Club room. Go up the same stairway as heretofore, and turn to the left instead of the right, and you will find us.

Ladies and Misses, go to Lowman's for your Trimmed Hats.

- We noticed in our city last Friday Hon. Malcolm McKillop, of Rockport, Mo., one of the fathers, if not the father, of the new constitution of Missouri.

Capt. Knock, an old comrade, and one of Penick's thieves, also of Rockport, gave us a call in company with Mr. McKillop.

For a bargain in every class of goods call at McPherson's, and you will get the most goods for the least amount of money.

- Gen. Reub. Williams, of Warsaw, Indiana, accompanied by his wife and little boy, during a trip in the west for the health of Mrs. W. coming close to Brownville in his travels, took the trouble to stop and see us, his friends of old long ago. This was very gratifying indeed, for we had not seen him since we left Warsaw twenty years ago, and being previous to our separation intimately associated, and before that, school boys together, and knowing him all ways to be true and honorable, there was no man living would have given us greater pleasure to meet. Twenty-one years ago Williams & Fairbrother started the Northern Indianan at Warsaw, and Dory Hacker set his first stick of type with us, in the Indianian office. We sold out to Reub and came west. Reub still runs the Indianian and has made it one of the largest and best news and family papers of the State. He has a big establishment now and prints his paper by steam power. We were sorry he and his estimable wife should make their visit with us so short, and hope if they ever visit Nebraska again they will not fail to favor us with another and longer visit.

It is well known that this county is now, and always has been, strongly Republican. The vote for the national ticket at the last election proves that. And every man who has been elected to any office for years past has been elected by Republican votes. And Mr. Church Howe must have known this; and yet, instead of representing the party to which he owed his election when he was last in the legislature, he voted for, and done his best to elect a Democrat to the United States Senate. And now again the people, like an indulgent parent, have said by their votes that they forgive him the first offense, and give him an opportunity to mend his ways and see if he will not do better next time.

Now, we believe if this young rascal headed boy goes to Lincoln and misrepresents his parents again, he will catch a whipping next time. Neither cigars nor excuses will save him. It has been said "He that knoweth his master's will and doeth it not, shall be beaten with many stripes." Depend upon it, young man, the stripes will surely come. The people, your parents, will not be trifled with many times; they have only forgiven you this time, hoping that you will hereafter walk in wisdom's ways, and vote only for a true Republican for U. S. Senator. FAIR VIEW.

RICHARDSON COUNTY. Trial of Kountz for the Murder of his Wife.

FALLS CITY, Nov. 24, 1876. The all absorbing topic here at this time is, shall, or shall not, John Kountz be hanged, and indeed a large majority of the order-loving people of this county hope that his career may be cut short, for they think him guilty of one of the most blood-curdling crimes known to the law.

He is a man of medium height, weighing about 170 pounds, light hair and complexion, and grey eyes, but in demeanor a stoic of the most severe kind. He is said to have been at one time a Russian soldier, whose time was purchased from that government by his ill-fated frau. The beast in genteel human form is now on trial for murdering his wife in June last.

There are about fifty witnesses subpoenaed for the State, and about twenty-five for the defense. About twenty for the State have been examined. The evidence to the jury, coupled with the common reports, shows him to have pursued an inhuman course towards his wife for years past, frequently beating and threatening to kill her, and the evidence shows that she, in many cases, left the house and went to neighbors, or wandered about the prairie, and in one case she laid about twenty-four hours at the graves of her three dead children, to escape his terrible wrath. His own children will testify against him, and their evidence, though purely circumstantial, will tend to show that he murdered their mother, and then threw her into the river, where her body was found some ten days after, in an advanced stage of decomposition. The trial commenced on the 23d, and probably will not close before the 28th or 30th. The counsel for the State are J. W. Eller, District Attorney, assisted by Frank Martin and C. Gillespie; for the defense, A. Schoenfeld, Isiah Reavis, E. S. Towle, and R. S. Molony, Jr. The counsel for both sides seem to thoroughly understand their business, and, withal, this trial promises to be one of the most interesting ever had in this section of the State. W. S. MARRIAGES. SLAUGHTER - WALLER - At the Union Hotel in this city, on the 22nd inst., by Judge J. S. Church, Mr. Christian Slaughter and Mrs. Loretta J. Waller, both of Hillsdale, this county.

An Unanswerable Argument. The strongest argument which can be urged against the advisability of administering such a deadly and nerve-destroying poison as arsenic and antimony for intermittent and remittent fevers, is the vastly superior success in the prevention and cure of such diseases, which the very antidote of the above named drugs, both in respect of its composition and the results wrought by it. Such a medicine is Hostetter's Stomach Bitters, a purely vegetable preparation, which not only eradicates with wonderful promptitude every trace of fever and ague, and kindred types of malarial disease, from the system, but is a certain preventer of all malarial taints of miasma, undrained air and water. These results mineral anti-febrile remedies do not effect with certainty, and their continued use entails consequences highly pernicious to the system. In the contrary, they may almost speedily rid, but establish health on permanent basis.

Why Do You Shake? For the better convenience of the consumer Dr. Sherman's Malaria Bitters is now put up in 5c bottles as well as \$1.25 bottles. To those who are acquainted with the Malaria Bitters it is not necessary to say a word in its behalf. But to those who shake in ignorance and distrust, we will say that the Malaria Bitters is a medicine which not only eradicates the disease, but restores the blood, restores the liver and other diseased organs to their natural healthy condition, thereby thoroughly eradicating the disease. By the Governor of the State of Nebraska. The President of the United States having designated Thursday, the 23rd day of November, 1876, as a day of thanksgiving and prayer to Almighty God, and believing we have abundant cause for thankfulness for the manifold mercies and blessings bestowed upon us as a State, and as individuals, during the past year; Therefore, I, Silas Garber, Governor of the State of Nebraska, do cordially commend to the people of this State the observance of the day so appointed, in such manner as will manifest their gratitude to the Giver of all good.

In testimony whereof, I have hereunto set my hand and the Great Seal of the State of Nebraska, this 16th day of November, A. D. 1876. By the Governor: BRUNO TSCHEUCK, Secretary of State.

Proclamation, by the President. National Thanksgiving. October 20th President Grant issued the following proclamation: From year to year we have been accustomed to pause in our daily pursuits, and set apart a time to offer our thanks to Almighty God for special blessings He has vouchsafed to us, with our prayers for a continuance thereof. We have at this time equal reason to be thankful for His continued protection, and for many material blessings which His bounty has bestowed. In addition to the favors accorded to us as individuals we have special occasion to express our hearty thanks to Almighty God that by His providence and guidance our government, established a century ago, has been enabled to fulfill the purpose of its founders in offering an asylum to the people of every race, securing civil and religious liberty to all within its borders, and meeting out to every individual alike justice and equality before the law. It is moreover especially our duty to offer our humble prayers to the Father of All Mercies for a continuance of His divine favor to us as a nation and as individuals. I, Ulysses S. Grant, President of the United States, do recommend to the people of the United States to devote the 30th day of November next to the expression of their thanks and prayers to Almighty God, and, laying aside their daily avocations and all secular occupations, to assemble in their respective places of worship and observe such day as a day of thanksgiving and rest.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington this twenty-sixth day of October, 1876. Ulysses S. Grant, President of the United States. HAMILTON FISK, Secretary of State.

THE NEBRASKA ADVERTISER

Is an independent Republican journal - free to do right - free to approve honesty or denounce corruption, because no political or religious ring or clique owns any part or parcel of it, and it owes indorsement to no man except to him who has acquired the right to be indorsed by discharging his duties well and honestly as a private citizen or a public official.

THE ADVERTISER believes in Free Thought, Free Schools, Free Politics, and the broadest individual liberty consistent with the rights of others; and that every individual South, North, East and West, should be protected in the enjoyment of those rights by the General Government in obedience to the guarantees of the National Constitution.

AS A LOCAL PAPER, the publishers of THE ADVERTISER labor assiduously, and with unremitting industry, to make it a success. Without prejudice or partiality for or against any particular localities, they desire the welfare of all; and anything a newspaper can do for the advancement of the general prosperity, THE ADVERTISER is not only willing, but anxious, to do. Believing in

TOWN AND COUNTRY, and that the prosperity of the one depends more or less upon the prosperity of the other, we can conscientiously work for the prosperity of all.

As an evidence that we labor to give our readers an honest paper, and the most and greatest variety of reading matter possible, we invite attention to the columns of our paper, and comparison as to quantity and quality, with any other weekly in the State not made up from the matter of daily papers. Our type are all set in our own office, and we never leave in old advertisements, or other "dead" matter to "blow up" and save labor. When our advertisements cease to "pay," we set them out and fill up with reading matter. We do this because it is due our patrons - those who support and read our paper, and because we are determined to make a paper that the people will seek for, and receive full value for the money invested in it.

THE ADVERTISER is about twenty-one years old, is a fixed institution, upon a sure foundation. While it has acquired age and stability, it has also accumulated, from year to year, all the conveniences and facilities of a number one News and

JOB OFFICE and to keep it so, we keep it supplied always with the latest and most fashionable styles of type, which enables us to do as neat job work, of any kind, including pamphlet work, as any office in the west.

THE ADVERTISER is only \$1.50 a year, invariably in advance; six months, \$1.00; or until after the November election, 50 cents. Address, FAIRBROTHER & HACKER, Brownville, Nebraska.
