FAIRBROTHER & HACKER, Publishers-Advertiser.

LOCAL MATTERS.

Born to E. W. Thomas, Esq., on Sunday, 19th inst., a son.

The Legislature adjourned sine die on the evening of the 15th inst.

District Court for this county will commence Monday, March 5th.

Our whitewashed Senator was visiting friends in this city last Sunday.

Call early and secure your seats for the Musical Concert. The hall will be crowded.

S. Seaman has lost his pocket-book containing notes and accounts. A reward will be given the finder.

Two children were buried in the cemetery on Tuesday, both victims of diphtheria. One was the child of Mat. Alderman, the other of E. M. Day.

The fine haired "guerrilla" who "got our money," spent last Sunday in this city, putting on various airs, as if he presumed his heavy coat of whitewash was not yet too thin.

Charley Halstead and John Earlywine, of Tecumseh, were in the city on Monday night. They report Tecumseh lively, and that the hoppers are hatching out in Johnson county.

W. T. Rogers is agent for the renting of the real estate owned in this county by the late Evan Worthington, deceased. Parties desiring to rent any of this land, some of which is very desirable, should apply at once.

By notice in another column it will be seen that the farmers of London precinct are to have a meeting next Saturday, to devise some plan to destroy the young grasshoppers. Every farmer in the precinct should attend this meeting, as upon a unanimity of action depends the success of their efforts.

A few weeks ago a report came from Johnson county that a three-foot vein of coal had been found near Elk Station, on the A. & N. road, eight miles below Tecumseh. The man who is doing the boring, writes an item in the Tecumseh paper last week, saying that it is all a mistake, and that that which he first thought was coal has proven to be only a strata of black shale, interlaid with an occasional thin vein of coal. He says this bed of shale is calculated to deceive inexperienced miners.

Thomas Richards is about starting a branch store at Sheridan, having already sent out a considerable number and variety of farming implements, and will send, as soon as a suitable room can be prepared, a full line of hardware, tinware, stoves, and all other articles kept in a first-class hardware house. Mr. Richards has secured the services of Mr. Wm. Harmon, who will take charge of the business at that point. His large number of customers in the vicinity of Sheridan will be pleased to learn of this enterprise on the part of Mr. Richards, and will continue to give him their patronage as heretofore.

One day this week we called at the shop of Abbott & Emery, located at the foot of College street, and we found in every department commendable industry and educated labor under full headway. The horse-power was going, sawing out wagon felloes; Grant Clover, who has no superior as a manipulator of iron and steel, was at the anvil turning a mold-board for a new plow he was making to order; and up stairs we noticed several new wagons, to which Joseph Brown was giving the finishing touch of the paint brush.

We call attention to these things, because they deserve the attention of the people who want any kind of work in the line of Abbott & Emery. They can make you a wagon—light or heavy—or a plow as you want it, and do good and honest work. And, by the way, we would say that those who desire a good, substantial plow, should call on this firm before purchasing.

They also promptly do repairing of plows, wagons and machinery. This firm deserves, and is receiving, we are pleased to say, a liberal patronage.

—Ex-Gov. Furnas arrived home from Omaha on Wednesday.

—Johnny Majors is spending a few days with his young friends in this place.

—J. L. Roy is building a new residence on his farm, and intends moving soon.

—Reserved seats may be secured for the concert of Thursday evening next by applying to Harry Dolen.

—We have seen reports that nimble hoppers are making their appearance on sunny hill sides. May they all appear soon, and perform their mission early.

—See the card of Pat. Cline, in another column. Pat makes a good, honest boot or shoe, and by strict attention to business, has secured for himself a liberal share of the patronage of this city and vicinity.

—The third lecture in the course under the auspices of the Literary and Musical Union, will be delivered next Friday evening at the Presbyterian Church, by Dr. S. H. Weller, of Lincoln. These lectures are free to the public. The papers of the State speak very highly of the lecturer.

—Miss Mamie Carson, daughter of John L. Carson, about twelve years of age, while returning from school at noon on Tuesday of this week, fell and broke her arm. The accident is the more serious from the fact that it is a refracture, she having had the same arm broken but a few months ago.

—Judge McKinney informs us that he is making a machine that he thinks will "get away" with the grasshoppers. He will doubtless have it on exhibition at the grasshopper meeting at London next Saturday. The machine is simple in construction, cost but little for material, and any farmer can make it.

—The Nemaha County Agricultural and Mechanical Association will meet in the Court Room in Brownville at one o'clock p. m., on Saturday, March 3d, for the purpose of electing officers for the ensuing year. A full attendance of all officers and members of the society is earnestly desired. L. G. LOCKWOOD, Sec.

—Wm. O. McReynolds, so long connected with the mercantile establishment of W. T. Den, this city, has accepted a position in the wholesale and retail furnishing goods house of R. A. Hope & Co., St. Joseph, Mo. Billy is a worthy young man, a good salesman, and we wish him quick promotion with his new employers.

—Mr. James Parmer requests us to say to the people of Brownville, that he will commence herding cattle just as soon as there is sufficient grass to justify it.

—Jim herded last season, and was the best herder we ever had continuing clear through the season, and in all sorts of weather. Those who want their cows well taken care of will place them in his herd.

—The "Metropolitan Hotel," Lincoln, has recently changed hands. The new proprietors are Snider & Wright—our old friend A. J. Wright, recently a resident of this county. We understand the Metropolitan is now considered a first-class house, and is receiving a large share of the custom of travelers. Those who visit Lincoln from this part of the State will be well received and taken care of if they stop with "Jud." See card of the Metropolitan in another column.

—On last Saturday Benj. Chapman called and renewed his subscription to THE ADVERTISER for the twenty-first time, he being a subscriber from the first number—about the fifth man, he informs us, to put down his name to support a newspaper in Nemaha county. Although Mr. Chapman has moved about considerable since the first number of THE ADVERTISER was issued, living for a while in Texas, he has had the paper mailed to him regularly every week.

—Last Saturday the share holders in the Nemaha County Mining Association—we believe that is the name adopted—met at 2 p. m. in the school building at Nemaha City, to take steps for permanent organization. J. M. Trowbridge was chosen chairman of the meeting, and J. M. Hacker, secretary.

—When the question was raised as to what shape the organization should take to best promote the objects in view, the meeting was at a loss to know what to do, and most of the afternoon was spent in discussing the various phases and difficulties, imaginary or real, as they occurred to the minds of the speakers. The great trouble seemed to be whether the company should incorporate according to law or not. Finally a test vote was had, and a large majority appeared to be opposed to such incorporation at present, when the meeting proceeded to elect officers, as follows: Lewis Fisher, President. Leroy Mason, Secretary. Thos. Higgins, Treasurer. Directors—Lewis Fisher, John H. Shock, J. S. Minick, A. B. Kentner, J. H. Drain.

—The meeting then adjourned to meet at the Larkins School House on Saturday next, 24th inst., at 2 o'clock p. m., when a full attendance is desired.

NEIGHBORHOOD NEWS.

—Money is saved by buying your winter goods of Lowman.

—Money is saved by buying your winter goods of Lowman.

—Save your money and buy your winter goods of Lowman. All goods marked DOWN.

--- A full line of Notions closing out at cost at McPherson's.

Job Printing. Do you want Posters? Do you want Handbills? Do you want Business Cards? Do you want a neat Billhead? Do you want a nice Letterhead? Do you want a tasty Visiting Card? If so, leave your orders at THE ADVERTISER Job Office, where all work is done by experienced workmen, and guaranteed to give satisfaction.

Disease Grows Apace. Like an ill wind, and cannot be mastered too early. What is a trifling attack of sickness to-day may, if unattended to, become a serious one to-morrow. Small ailments should be stopped in the bud before they blossom into full grown maladies. If this advice were attended to, many a heavy bill for medical attendance might be avoided. When the liver is diseased, the stomach fails, the bowels obstructed, or the nerves disturbed, resort should at once be had to that supreme remedy, Hostetter's Stomach Bitters, a few doses of which will restore health and action, and put the system in perfect order. It is a wise precaution to keep this incomparable preventive in the house, since it checks, with unrivaled promptitude, disorders which breed others far more dangerous, and in their latest developments are themselves often fatal.

Nervous Prostration. Americans, like Original of Beera, desire that the golden stream should be sudden and violent, and in their anxiety to acquire wealth overwhelm themselves with the cares of business until their overtaxed systems are broken down under the pressure to which they are subjected. This is one of the most common diseases in our country. Another and probably a greater one is the very general propensity to run into excess in excitement and the use of liquors and tobacco, which soon ruin the strongest nervous organization. Such sufferers have more difficulty in obtaining relief than almost any other class. Dr. Radcliff's Seven Seals or Golden Wonder is a sovereign remedy for all nervous affections, no matter how they were incurred. The worst cases of nervous debility have been cured with singular rapidity by this. The Seven Seals is a purely vegetable compound containing no poisonous or unwholesome ingredients, and acts directly upon the nervous system.

Why Do You Shake? For the better convenience of the consumer Dr. Sherman's Malarifuge is now put up in bottles as well as in boxes. To those who are acquainted with the Malarifuge it is not necessary to say a word in its behalf. But to those who shake in ignorance of it, we will simply say, try it, and add your testimony to thousands of others that it cured you. No other medicine is required as it is a combined tonic, alterative, cathartic, febrifuge, cholagogue, and anti-periodic. It neutralizes malarial poison, purifies and invigorates the blood, restores the liver and other diseased organs to their natural healthy condition, thereby thoroughly eradicating the disease. For sale by Twenty

A CARD. To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you. FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. LOUIS T. LEXAN, Station D, Bible House, New York.

--- Come and see the new shades of Prints at McPherson's, Browns, Greens, Cardinals and Blues.

--- Save your money and buy your winter goods of Lowman. All goods marked DOWN.

--- Flour, all the favorite brands of spring and fall wheat, at Huddart's.
