Dear Sir.—I feel very grateful for what your valuable medicine. Vegetine, has done in my family.

I wish to express my thanks by informing you of

the wonderful cure of my son; also, to let you know that Vegetine is the best medicine I ever saw for Chills, Statics, Fever and Ague. My son was stell with measles in 1871, which left him with High-point disease. My son suffered a great deal of pain. Leaving a phantom taste of cheese, And an appetite and a nameless ache of disease. My son suffered a great deal of path, of the time: the path way so great he did nothebut cry. The doctors did not help him a partime could not hit his foot from the floor, he did not move without crutches.
