SANFORD'S RADICAL CURE For CATARRH

Made of awl work-shoes.

Instantly relieves and permanently cures this loathsome disease in all its varying stages. It possesses the soothing and healing properties of plants, herbs and barks in their essential form, free from every fibrous contamination, and in this respect differs from every other known remedy. In one short year it has found its way from the Atlantic to the Pacific coast, and wherever known has become the standard remedy for the treatment of Catarrh. The proprietors have been waited upon by gentlemen of national reputation who have been cured by this remedy, and who have, at considerable expense and personal trouble, spread the good news throughout the circles in which they move. When you hear a wealthy gentleman of intelligence and refinement say, "I owe my life to Sanford's Radical Cure," you may feel assured that it is an article of great value, and worthy to be classed among the standard medical specifics of the day.
