A. G. Gates has purchased the bakery of I. S. Naos.

Our young friend O. A. Cecl was admitted to the bar at the recent term of the District Court.

A young man named Filson, recently express messenger at this place, died at Humboldt Monday night, we learn.

Arthur V. Walsh who has been at Peru for some time plastering the new Baptist church, has returned to this city.

Tecumseh Chieftain: Miss Mollie Fairbrother of Joplin, Mo., and Miss Rosa Fairbrother, of Brownville, are visiting in the city.

Miss Sarah Harmon, daughter of Geo. Harmon started on Friday, last, for Des Moines, Iowa, where she will attend a musical school.

The friends of Adelbert, son of C. E. Bingham, this city will regret to learn that he is lying at the point of death. His disease is pneumonia.

Wm. H. Hoover a few evenings ago entering his office in the dark and lighting a lamp started to another part of the office with the lamp in his hand, when he fell over some house plant jars that had been set in the passage way. The lamp was broken and the glass cut his hand and wrist so severely that he has to carry it in a sling.

Wm. Workman, residing on the Bennett farm near this city was thrown from his wagon recently falling on his head and shoulders, injuring him so badly that his life is despaired of. Since he received the fall his body, from immediately under his arms down, and his legs have been paralyzed. He is rational, can talk intelligibly, and can use his arms.

Well, the railroad has finally been extended down to Nemaha City, five miles below Brownville. We congratulate Nemaha on this consummation of its crowning hope, and the sure fruition of its soul's chief desire. There is great credit due to all who look bold and worked for this result, but above all should it be accorded to Levi Johnson, who has, to our personal knowledge, been most persistent for the past two years in his efforts to persuade the railroad company to continue their line down to that place. He has made many visits to Lincoln and Omaha on this special business and written letters continually. When others had despaired and given up all hope, Levi was importuning the Superintendent, never tiring never despairing. He showed him how it would pay the company, until finally it was believed, a promise extracted, which has just been complied with to the glory of Nemaha and everybody's delight, and to the great pecuniary advantage of every one doing business on the property there. Prior to this, town real estate had no cash value, now it has, and the town is placed in a position to grow and become wealthy. Mr. Johnson could not have spent his time and means to build up the town through purely selfish motives, for he owns very little property there. He is a poor man and while his efforts will pay thousands of dollars into the pockets of some he himself will be little the better off after all. Being disabled by the loss of one of his arms he cannot work as a laborer, and if the people of Nemaha, and those greatly interested in the town, would give him something to place him in the way of making a good living for himself and family, they would but repay a generous debt. We would at least like to see him able to repair and fix up his hotel in good shape.

Friend Levi knows nothing of this appeal in his behalf:—we volunteer it knowing what he has done for Nemaha and what he deserves all the credit we give him, and that he deserves all we ask for him.

Flour and furniture. S. & C.

RUSSELL.—At home, No. 245 West Seventh street, at 11:40 p. m., Nov. 19, 1878, of consumption, Miss Gerty B. Russell, aged 19 years and 11 months. Due notice of funeral will be given. "Oh! she was good as she was fair; None, none on earth above her; As pure in thought as angels are; To know her was to love her."

THE LAST SCENE OF ALL.

The funeral of Miss Gerty B. Russell, notice of whose death at the age of nineteen from the ravages of that fell destroyer, consumption, appeared in our issue of Friday last, took place yesterday from the residence of her bereaved parents, No. 245 West Seventh street. A large number of friends were in attendance, and thronged the parlor, while the impressive burial services of the Episcopal Church were read by Revs. Richard Gray and J. Mills Kennedy, who had but recently received the bereavement into that faith. The open casket in which lay the remains of the youthful deceased stood in the center of the parlor, and was carefully guarded with smiles, immortelles and other choice flowers, and depending from the ceiling a beautiful white dove, emblematic of peace and purity, hovered over the loved form. Out of deference to an oft expressed wish of the deceased no flowers had been placed in the coffin, but loving hands had strewn them around the room and by the side of the casket, relieving the sternness of the bereavement by their freshness and brightness, the sad nature of the scene. At the foot of the casket on a pedestal was a beautiful floral design in the shape of a broken column, while at the head were a hazy and billows of flowers, with the name "Gerty," beside wreaths, crosses, baskets &c. After the funeral sermon by Dr. Gray, Mrs. A. K. Denny sang, in a feeling manner, "A Guide in Me" and "Use in the Arms of Jesus," after which the friends took their last look at the remains, and accompanied by a large number of citizens proceeded to the cemetery at their residence place in Spring Grove Cemetery.— *Cincinnati Enquirer.*

The deceased was a grand child of Uncle Moses Connor of this city, and was on a visit here last spring in a fruitless effort to improve her health.

Cod Fish and mackerel. S. & C.

Our young friend O. A. Cecl was admitted to the bar at the recent term of the District Court.

A young man named Filson, recently express messenger at this place, died at Humboldt Monday night, we learn.

Arthur V. Walsh who has been at Peru for some time plastering the new Baptist church, has returned to this city.

Tecumseh Chieftain: Miss Mollie Fairbrother of Joplin, Mo., and Miss Rosa Fairbrother, of Brownville, are visiting in the city.

Miss Sarah Harmon, daughter of Geo. Harmon started on Friday, last, for Des Moines, Iowa, where she will attend a musical school.

The friends of Adelbert, son of C. E. Bingham, this city will regret to learn that he is lying at the point of death. His disease is pneumonia.

Wm. H. Hoover a few evenings ago entering his office in the dark and lighting a lamp started to another part of the office with the lamp in his hand, when he fell over some house plant jars that had been set in the passage way. The lamp was broken and the glass cut his hand and wrist so severely that he has to carry it in a sling.

Wm. Workman, residing on the Bennett farm near this city was thrown from his wagon recently falling on his head and shoulders, injuring him so badly that his life is despaired of. Since he received the fall his body, from immediately under his arms down, and his legs have been paralyzed. He is rational, can talk intelligibly, and can use his arms.

Well, the railroad has finally been extended down to Nemaha City, five miles below Brownville. We congratulate Nemaha on this consummation of its crowning hope, and the sure fruition of its soul's chief desire. There is great credit due to all who look bold and worked for this result, but above all should it be accorded to Levi Johnson, who has, to our personal knowledge, been most persistent for the past two years in his efforts to persuade the railroad company to continue their line down to that place. He has made many visits to Lincoln and Omaha on this special business and written letters continually. When others had despaired and given up all hope, Levi was importuning the Superintendent, never tiring never despairing. He showed him how it would pay the company, until finally it was believed, a promise extracted, which has just been complied with to the glory of Nemaha and everybody's delight, and to the great pecuniary advantage of every one doing business on the property there. Prior to this, town real estate had no cash value, now it has, and the town is placed in a position to grow and become wealthy. Mr. Johnson could not have spent his time and means to build up the town through purely selfish motives, for he owns very little property there. He is a poor man and while his efforts will pay thousands of dollars into the pockets of some he himself will be little the better off after all. Being disabled by the loss of one of his arms he cannot work as a laborer, and if the people of Nemaha, and those greatly interested in the town, would give him something to place him in the way of making a good living for himself and family, they would but repay a generous debt. We would at least like to see him able to repair and fix up his hotel in good shape.

Friend Levi knows nothing of this appeal in his behalf:—we volunteer it knowing what he has done for Nemaha and
