BY THE PRESIDENT.

Thanksgiving Proclamation.

The recurrence of that season at which it is the habit of our people to make a devout and public confession of their constant dependence upon divine favor for all the good gifts of life and happiness, and of public peace and prosperity, exhibits in the record of the year, abundant reasons for our gratitude and thanksgiving. Exuberant harvests, productive mines, ample crops of staples of trade and manufactures, have enriched the country. The resources thus furnished to our reviving industry and expanding commerce are hastening the day when the discord and distresses through the length and breadth of the land, will, under the continued favor of Providence, have given way to confidence and energy and continued prosperity. Peace with all nations has remained unbroken, domestic tranquility has prevailed, and the institution of liberty and justice, which the wisdom and virtue of our fathers established, remain the glory and defense of their children. The general prevalence of the blessings of health throughout our wide land has made more conspicuous the sufferings and sorrows which the dark shadow of pestilence has cast upon a portion of our people. This heavy affliction even a divine ruler has tempered to the suffering communities by the universal sympathy and succor which have flowed to their relief, and the whole nation may rejoice in the unity of spirit in our people by which they cheerfully bear another's burdens.

Now, therefore, I, Rutherford B. Hayes, president of the United States, do appoint Thursday, the 28th day of November next, as a day of national thanksgiving and prayer; and I earnestly recommend that, withdrawing themselves from secular cares and labors, the people of the United States do meet together on that day in their respective places of worship, there to give thanks and praise to Almighty God for his mercies, and to devoutly beseech their continuance.

In witness thereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this 30th day of October, in the year of our Lord one thousand eight hundred and seventy-eight, and the Independence of the United States the neo hundred and third.

R. B. HAYES.

By the President.
WM M. EVERTS,
Secretary of State.

"The Jenks" goes for Senator Ben Hill in the style peculiar to that peculiar woman. A short time ago Hill, in a published letter, spoke of Mrs. Jenks as follows:

"In Mr. Hayes' case, Agnes Jenks, confessing her guilt in brazen gibberish never before equaled, receives an office of good pay and little work in the Treasury, and that, too, at a time when many ladies of unquestioned worth, with hungry children and husbands slain in battle, were rudely turned away with the gruff answer, 'No vacancies.' So crime is rewarded."

Mrs. Jenks sends an open letter to Hill, published in the Indianapolis *Journal*, in which she says:

"There exists not the slightest foundation for your assertion 'that I am employed in the Treasury.' I have not sought for and do not occupy any position whatever; nor am I under any obligations, directly or indirectly, to the present administration. It is quite possible to be an unflinching Republican and do one's duty to the party without desiring place or reward. I do not imagine a Democrat of your school will readily understand or appreciate the foregoing sentiment.

"Had ex-President Johnson, (whose zeal you seem to commend) been a true patriot, or cared for the future weal of his country, he would have punished quondam traitors such as you, who sought to annihilate the very life of the republic, a crime far more heinous than even the assassination of the martyred Lincoln. I fully concur with you 'that crime is now rewarded;' the position of United States Senator which you occupy to-day demonstrates the fact. Think you under any other government in Christendom such men as you and some of your compeers, with your traitorous records of the past, would be allowed a voice in the council halls of the nation you sought to destroy? Such noble clemency on the part of a government is unparalleled in the annals of history. Truly we live in an epoch of political materialism when 'crime is rewarded,' and you have received a rich guerdon."

The Springfield *Republican* wants General Hawley, Mr. Bristow and General Harrison to go to the Southern States "to brace up the national issues and impart the Northern spirit of conciliation." If these men go South to do that thing they will make very different speeches from those credited to them in the Northern States. Just at present, as in the past the Republican Begums are far too busy trying to stir up a spirit of hatred toward the Southern people.—*Courier Journal*.

Yes, they would have to make 'different speeches' or lose their scalps. The great Democratic party with a red shirt and a shotgun has an oversight of the political literature of the South. The *Courier Journal* hardly needed to assure the public that Northern speakers would have to substitute 'taffy' for an honest and manly expression of opinions if they canvassed the South, the history of the past year being too well know to make such assurances necessary. But that paper might as well be told that 'the Republican Begums' will speak ere long, and be heard, too, a long ways south of the Democratic kingdom of Kentucky. The *Journal* may as well prepare to get mad about it.—*Inter Ocean*.

TO TREAT COLIC IN HORSES.—Apply at once a horse-cloth or a woolen rug, wrung out of boiling water, to the belly and up the sides, and cover with another couple of clothes to retain the heat. As they cool, renew the cloths as often as needful. A large bran poultice, as hot as can be borne, is equally effective and retains the heat longer. Should there at the same time be a difficulty in stalling, as there often is, apply a similar cloth over the kidneys, when the urine will be relieved. It is also well to give an injection of warm water, about blood heat, into the bowels, and if the case needs it, a horn of hot water with a tincture of the spirits of cayenne in it into the stomach. Lay the animal in a well-bedded box, darken the window and leave him for the greater part of an hour. In an ordinary case the hot cloth or bran poultice will not need above one renewal; in severe cases they may be renewed four times within the hour, and a hot fomentation applied to the spine has a wonderfully soothing effect. When relieved, wash the horse down with tepid water, cover up, give bran mash, and allow a day or two rest for recuperation.—*Kansas Farmer*.

Longevity of our Forefathers.

No less than thirteen of the fifty-six signers of American Independence reached the age of eighty years and upwards, namely:

Charles Carroll, of Maryland, 95.
William Ellery, of Rhode Island, 98.
John Adams, of Massachusetts, 91.
Samuel Adams, of Massachusetts, 91.
Robert Treat Paine, of Massachusetts, 93.
Benjamin Franklin, of Massachusetts, 84.
William Williams, of Connecticut, 91.
William Floyd, of Long Island, 87.
Thomas McKean, of Pennsylvania, 83.
Jhomas Jefferson, of Virginia, 86.
George Wythe, of Virginia, 89.
Francis Lewis, of South Wales, 90.
Mathew Thornton, of Ireland, 89.

Being an average of 86 years and two months each, and the aggregate excess of the "time-honored thirteen" over fourscore, is just eighty years. No deliberative assembly of equal magnitude was ever more remarkable for virtue, temperance, and longevity of its members than the one which declared the American colonies free and independent.

In the duels of the students of the German universities a cut or thrust that draws blood is usually considered a sufficient atonement for wounded honor. Two students in the University at Huntsville, Ala., who fought, did not follow the custom of the German students. W. W. Alston and K. J. Harrison, both Alabamians, met with pistols, and fired eightor twelve shots at close quarters. Alston was wounded in the neak and shot throu' the heart, and Harrison was shot through the shoulder and arm. Wounded as they were, one of them mortally, they threw down their pistols and grappled. Alston lived but a few moments after the affray. According to the account of the Alabama newspapers "they were both brave young men," but judicious parents will feel inclined to withhold their sons from the college society of such brave young men.

The Duke of Grammont entered one day the closet of the Cardinal Mazarin without being announced. His Eminence was amusing himself by jumping against the wall. To surprise a prime minister in so boyish an occupation was dangerous. A less skillful courtier might have stammered excuses and retired. But the duke entered briskly and cried: "I'll bet you a hundred crowns that I jump higher than your Eminence." And the duke and the cardinal began to jump for their lives. Grammont took care to jump a few inches lower than the cardinal, and six months afterward was Marshal of France.

SETTLING QUESTIONS BY AUTHORITY.—The *Christian Union* explains that twenty-four packs in the sleeves of Bert Harte's heathen would have been a useless encumberance, and that the poet meant to say twenty-four jacks. It is well to have this question settled by authority. By the way—what is the *Christian Union's* opinion as to how to make a straight flush beat four of a kind.—*New Haven Register*.

The lady who tapped her husband gently with her fan, at a party the other night, and said, "Love, it's getting late, I think we had better go home," is the same one who, after getting him home, shook the rolling-pin under his nose and said, "You infernal old scoundrel, you, if you ever look at that mean, nasty, calico-faded, mackerel-eyed thing you looked at to-night, I'll bust your head wide open."

The son of a well-known tetotaler once told an enquiring friend that he and his father had a deuce of a time in the Highlands drinking whiskey and water.

"What!" said his astonished friend, "your father drank whiskey and water?"

"No," said the son, "we drank it together. I drank the whiskey and he drank the water."

Every man, woman and child ought to have something to do. So closely is our welfare connected with a habit of effectivity that it would be vastly better to pay for the privilege of working than to be idle. Do not shirk, do not hunt for excuses; "where there's a will there's a way," and let parents consider that daily occupation is as necessary to children as food.

To relieve from the terrible effects of running a nail in the foot of a man or horse, take peach leaves, bruise them, apply to the wound, confine with bandage and the cure is as if by magic. Renew the application twice a day, if necessary; but one application usually does the work.

The neighbor thoughtfully replied: "He's a rich man, but I'm afraid he's a poor husband."

CATARRH
THE EYE, EAR and THROAT
Successfully Treated with
SANFORD'S RADICAL CURE.

SUCCESS is the test of merit, and success in the treatment of Catarrhal Affections, after so many miserable failures, means undoubted specific curative properties in the remedy used. Does SANFORD'S RADICAL CURE for Catarrh possess such properties? The evidence, in the shape of unsolicited testimonials from the most respectable people in all stations of life, must be conclusive on this point. Never, we believe, in the history of popular medicines has such valuable testimony been offered, freely offered, in favor of any remedy than that in the possession of the proprietors of SANFORD'S RADICAL CURE. And valuable as it is, it does not represent a thousandth part of the recommendations which are to-day offered by friends to friends in its favor. People of wealth and refinement in all parts of the country daily admit its superiority over any method of cure known to the regular medical profession, but shun the publicity incidental to a published statement. Hence the testimonials in our possession represent but a small part of those withheld for the reason mentioned. The following unsolicited testimonial from HENRY WELLS, Esq., of Wells, Fargo & Co.'s Express, is an on spoken indorsement of which we are justly proud.

INVALUABLE.

MESSRS. WEEKS & POTTER, Wholesale Druggists, Boston, Mass.: *Gentlemen*,—I have for some months felt it a duty that I owe to suffering humanity to write you, stating the great benefit that I have derived from the use of SANFORD'S RADICAL CURE and CATARRH. For more than 20 years I have been afflicted with this very troublesome complaint. I have tried all the remedies that I could find, but without material or permanent benefit. Last fall the disease had arrived, at that state that I must have relief or die. The entire membranous system had become inflamed, and the stomach disordered, that it was a doubtful matter whether I could go to the Pacific coast, or if I did go whether I should live to come back or not. I saw an advertisement of this medicine, and although being very incredulous about specifics or nostrums of any kind, yet in sheer desperation I tried this, and was at once benefited by it. The changes of climate, a chronic disease of the liver, and my age—over 70—may prevent my entire restoration, but the benefit I derive from the use of this remedy is *unutterable*, and I am hoping to be completely cured, and at last arrive at a respectable old age.

If this statement of my case can be of any service to those afflicted as I have been, and enable you to bring this remedy into more general use, especially on the Pacific coast (where it is much needed), my object in writing this note will be obtained.

Very truly yours, HENRY WELLS,
AURORA, N. Y., June, 1876. of Wells, Fargo & Co.

TUTT'S PILLS!
A NOTED DIVINE SAYS
THEY ARE WORTH THEIR
WEIGHT in GOLD
READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.
REV. R. L. SIMPSON, Louisville, Ky.

TUTT'S PILLS CURE SICK HEADACHE.
TUTT'S PILLS CURE DYSPEPSIA.
TUTT'S PILLS CURE CONSTIPATION.
TUTT'S PILLS CURE PILES.
TUTT'S PILLS CURE FEVER AND AGUEF
TUTT'S PILLS CURE BILIOUS COLIC.
TUTT'S PILLS CURE KIDNEY COMPLAINT.
TUTT'S PILLS CURE TORPID LIVER.

Dr. Tutt has been engaged in the practice of medicine 26 years, and for a long time was Demonstrator of Anatomy in the Medical College of Georgia, hence persons using his Pills have the guarantee that they are prepared on scientific principles, and are free from all quackery.

He has succeeded in combining in them the heretofore antagonistic qualities of a *strengthening, purgative and a purifying tonic*. Their first apparent effect is to increase the appetite by causing the food to properly assimilate. Thus the system is nourished, and by their tonic action on the digestive organs, regular and healthy evacuations are produced.

The rapidity with which *persons take on flesh*, while under the influence of these pills, of itself indicates their adaptability to nourish the body, and hence their efficacy in curing nervous debility, melancholy, dyspepsia, wasting of the muscles sluggishness of the liver, chronic constipation and imparting health and strength to the system.

A DOCTOR SAYS.
Dr. I. Gay Lewis, of Fulton Ark., writes: "One year ago I was taken sick, a friend argued so strongly in favor of Tutt's Pills that I was induced to use them. Never did medicine have a happier effect than in my case. After a practice of a quarter of a century I proclaim them the best anti-bilious medicine ever used. I have prescribed them in my practice ever since."

SUPERIORITY OF
TUTT'S PILLS.
They are compounded from medicinal substances that are positively free from any properties that can in the least degree injure the most delicate organization. They search, cleanse, purify, and invigorate the entire system. By relieving the engorged liver, they cleanse the blood from poisonous humors, and thus impart renewed health and vitality to the body, causing the bowels to act naturally, without which no one can feel well.

A TORPID LIVER
is the fruitful source of many diseases, prominent among which are Dyspepsia, Sick-Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a direct and powerful influence on the Liver, and will, with certainty, relieve that important organ from disease, and restore its normal functions.

Manhood: How Lost, How Restored.

Just published, a new edition of Dr Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.
This Lecture should be in the hands of every youth and every man in the land.
